INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7 (4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

2. **Your rent increase is** ⟶ + $ _____ .

Each year the Ministry of Housing sets a guideline for rent increases.

For 19 _____ , the guideline is _____ %.

☐ I am increasing your rent by the guideline amount or less.

or

☐ I am increasing your rent by _____ %. This is higher than the guideline amount because: ☐ The Ministry has approved this rent increase by order/phase-in.
☐ I am taking guideline and legal increases not taken in the past.

3. **Your new rent will be** ⟶ = $

Your new rent includes these separate charges:

$	for

3. If the tenant plans to move, the tenant must give the landlord written notice 28 days before the end of a weekly rental, or 60 days before the end of a monthly or yearly rental.

EXTRAORDINARY OPERATING COSTS UNDER CLAUSE
100e (2) (b) OF THE ACT

8.—(1) The adjustment to the justified rent increase for extraordinary

operating costs under clause 100e (2) (b) of the Act shall be determined under this section.

(2) The adjustment is the difference between,

(b) the amount resulting from the application of the component of the Building Operating Cost Index for that category to the amount found for the category in the reference year period.

(3) The Building Operating Cost Index to be used under clause (2) (b) is the index for the calendar year preceding the calendar year of the effective date of the first intended rent increase. O. Reg. 183/91, s. 8.

(a) there is a previous order for extraordinary operating costs in the category; and

(b) the reference year period in the application is the same as the base year period in the previous order.

(2) The amount of a determination under clause 100e (2) (b) of the Act shall not include an amount for any extraordinary operating costs added to or deducted from the justified rent increase under a previous order. O. Reg. 183/91, s. 10.

(a) twenty-five years; or

(b) the actual amortization period as of the date set out in subsection (2) or (3).

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7 (4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10 (1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

CANDIDAT À LA DIRECTION D'UN PARTI - UTILISATION DES PROPRES FONDS DU CANDIDAT

.01 Lorsqu'un candidat à la direction d'un parti utilise ses propres fonds dans le cadre de la campagne à la désignation du chef, ces fonds sont considérés comme une contribution à ce candidat à la direction du parti.

Renvoi à la loi 15 (1)

.02 Le candidat ne peut être inscrit auprès de la Commission avant la date à laquelle le parti politique inscrit dépose auprès de la Commission une déclaration précisant la date de convocation officielle de la campagne à la désignation du chef.

Renvois à la loi 15 (1), 15 (4) et 33

.03 Comme c'est le cas de toutes les autres contributions, les sommes versées par le candidat à la direction d'un parti à titre de contribution à sa propre campagne à la désignation du chef doivent être déposées à la banque, société de fiducie ou autre institution financière dont le nom figure aux dossiers de la Commission.

Si le candidat à la direction du parti fait une contribution sous forme de biens et services, il doit remettre un état de cette contribution au DF, et la valeur de ces biens et services doit être déclarée à la fois comme une contribution et comme une dépense.

Renvois à la loi 17 (3) et 22 (3)

LEADERSHIP CONTESTANT - RULES ON CONTRIBUTIONS

GENERAL

.01 The Act contains a number of important requirements regarding acceptance of contributions on behalf of a registered leadership contestant. The CFO of a registered leadership contestant should become completely familiar with these provisions. Particular note should be made of the recording requirements for contributions in Guidelines G15.16 to G15.22. It will be necessary to record both the amount and name and address of the contributor for each and every contribution received.

Contributions may not be accepted on behalf of a leadership contestant until a statement setting forth the date of the official call of the leadership contest is filed with the Commission and the leadership contestant is registered with the Commission except for the leadership contestant's own funds as provided for in Guideline G14. Any contributions accepted prior to registration and not returned to the contributor must be paid to the Commission. The earliest date the leadership contestant can become a registered leadership contestant is the day the registered political party files with the Commission a statement setting forth the day of the official call of the leadership contest.

Act references 1(1), 15(1) and 18

Contributions to a registered leadership contestant made by individuals are not eligible for the tax credit and contributions made by a corporation are not deductible from Ontario income in computing Ontario taxable income. There is no limit to the amount which may be contributed to a registered leadership contestant.

WHO MAY CONTRIBUTE

.02 Contributions may be accepted on behalf of a registered leadership contestant only from the following individuals or organizations:

- a person who is normally resident in the Province of Ontario
- a corporation carrying on business in the Province of Ontario. Many corporations carry on business through subsidiaries and affiliated companies. Provided each carries on business as defined in Guideline G21, each corporation qualifies as a corporation.
- a trade union as defined by the **Labour Relations Act** or the **Canada Labour Code**, that holds bargaining rights for employees in the Province of Ontario to whom those Acts apply, including central, regional or district labour councils located in the Province of Ontario.
- a person serving in the armed forces, diplomatic service or similar type of employment abroad if that person's normal home was in the Province of Ontario.

There are notable exceptions to who may contribute. Care should be taken not to accept contributions from:

- charitable organizations
- an affiliated political organization even if endorsed by a political party or constituency association registered with the Commission
- corporations which do not qualify under Guideline G21
- Members of the House of Commons domiciled in Ontario but representing an electoral district outside of the Province of Ontario.

Act references 17(1) and 30(1)(a)

.03 Contributions may be made to a registered leadership contestant through an unincorporated association or organization provided the unincorporated association or organization meets the requirements specified in Guideline G37. Many small businesses such as retail and repair shops are unincorporated. Partnerships and joint ventures are also examples of unincorporated associations or organizations. In order for the contribution to be acceptable, the unincorporated association or organization must provide a written list of the name and address of each particular person, corporation or trade union who was the ultimate source of the contribution and the amount contributed by each.

Act references 20(1) and 27

For example, the Monday Afternoon Bridge Club, an unincorporated club, wishes to contribute $1,500 to a registered leadership contestant. This contribution must be broken down into its particular sources and amounts. For instance, $500 may have come from Mr. A, $500 from Mrs. B, $300 from Mr. C and $200 from Ms. D who are some or all of the club's members. The CFO of the registered leadership contestant must have this information in writing before accepting the contribution from the named club members.

Another example would be a contribution from the partners of a professional partnership such as a firm of chartered accountants, lawyers, dentists etc. This contribution too must be broken down into its particular sources and amounts as in the first example. The CFO again must have the information in writing before accepting the contribution from the named partners.

A further example of an unincorporated organization is a business which is organized as a partnership and not as a limited company such as Bob and Joe's Garage which is a partnership of Bob X and Joe Z. The CFO must be very careful to determine that this is indeed an unincorporated business. As with the first example, the CFO must have the information regarding the partners and the amounts of their contributions in writing before accepting the contribution from the named partners.

.04 Contributions may be made only in the contributor's own funds.

Act reference 20(1)

.05 When the leadership contestant's own funds are used for that contestant's leadership contest, these funds are deemed to be a contribution to that contest. There are no limits on the amount of contributions accepted from any contributor. Therefore, a leadership contestant may use an unlimited amount of personal funds during the leadership contest period. For further information refer to Guideline G14.

Act reference 15(1)

.06 Anonymous contributions received by a leadership contestant's CFO may not be used or expended by the leadership contestant, but must be returned to the contributor if the contributor can be identified. If the contributor cannot be identified, the funds must be paid to the Commission.

Act reference 18

.07 A registered leadership contestant of a registered political party may receive funds, goods or services in any amount from the registered party. These funds, goods or services are not considered to be contributions to the registered leadership contestant. No constituency association shall directly or indirectly contribute or transfer funds to any registered leadership contestant.

Act references 30(1)(b) and 30(2)

WHO MAY ACCEPT CONTRIBUTIONS

.08 The CFO or other authorized persons on record with the Commission may accept contributions for any registered leadership contestant. Any contributions which are collected by others, for example, by means of a door-to-door canvass, must be turned over immediately to the leadership contestant's CFO or other persons on record with the Commission, along with a list of the names and addresses of the contributors and the amounts of their individual contributions.

While the Act permits other authorized persons on record to accept contributions, it is the CFO's responsibility to ensure that contributions in excess of $25 are by way of a cheque drawn on the contributor's own bank account, a money order signed by the contributor or by way of a charge on the contributor's credit card, and that contributions by unincorporated associations or organizations as specified in Guideline G37 are accompanied by a list of persons sharing in the contribution and the amount contributed by each.

Act references 17(2) and 33

.09 Where the CFO of a registered leadership contestant learns that any contribution has been made or accepted in contravention of any provisions of the Act, such as, but not limited to:

- contributions prior to the Commission receiving notice of the date of the official call of the leadership contest and registration of the leadership contestant with the Commission,
- contributions outside the leadership contest period,
- contributions from unidentifiable or anonymous sources,
- contributions from sources other than those permitted under Guideline G15.02,
- cash contributions in excess of $25,
- contributions of funds not belonging to the contributor except as mentioned in Guideline G15.03,
- contribution of funds from a federal political party or its organizations, or
- contribution of funds from a registered constituency association,

the CFO shall, within thirty days after so learning, return to the contributor the contribution or an amount equal to the sum contributed.

Act reference 18

TYPES OF CONTRIBUTIONS

.10 If a contribution to a registered leadership contestant consists of money and if the amount of the contribution exceeds $25, it must be made in one of the following ways:

(a) by cheque having the name of the contributor legibly printed thereon, signed by the contributor and drawn on an account in the contributor's name,

(b) by money order signed by the contributor, or

(c) in the case of monies contributed by an individual by credit card having the name of the individual imprinted or embossed thereon.

Act reference 17(2)

.11 There is considerable flexibility for a registered leadership contestant to allocate funds raised at a fund-raising activity between contributions and expenses. However, there is a point at which some portion of the charge **must** be treated as a contribution. The tests are as follows:

(a) Where the charge is $25 or less, it may be considered entirely a contribution or any combination of contribution and expense allocation.

(b) Where the charge is $25 or more, any amount up to $25 may be considered to cover expenses but the remainder **must** be considered a contribution.

For each activity the original allocation of the charge between contribution and expense should be consistent.

Should the contribution component of any charge exceed $25, the entire amount must be paid for by cheque, money order or credit card.
Other income earned in holding a fund-raising event, for example refreshment sales, must be recorded and reported to the Commission.

Act references 24(2) and 24(3)

.12 Goods or services, other than those referred to in Guidelines G15.13 and G15.14, provided by a supplier to a registered leadership contestant in the leadership contest period are to be considered a contribution. However, where the aggregate value of all goods and services provided by the supplier in the period is $100 or less, the supplier may indicate that such goods or services are not to be considered a contribution.

In every instance where goods or services have been provided, whether or not considered to be a contribution for the purposes of the Act, an expense in the equivalent value is considered to have been incurred.

The value of goods or services for purposes of the Act is deemed to be the lowest market price for similar goods or services at the time of their provision.

Act reference 22

For example, if a leadership contestant pays $150 for the printing of handbills, but the lowest market price available to other customers is $275, then the difference of $125 is deemed to be a contribution to the leadership contestant by the printer.

.13 Voluntary labour which is not paid for by the leadership contestant is **not** considered to be a contribution to the registered leadership contestant.

Act reference 1(1)

For example, an auxiliary group voluntarily makes sandwiches for the leadership contestant's workers and donates the sandwiches. While the raw materials themselves constitute a contribution, the added value of the voluntary unpaid labour in making the sandwiches is not a contribution. But if a catering firm makes a gift of sandwiches, this is a contribution to the registered leadership contestant. However, where the total value of all gifts of sandwiches by the catering firm in the reporting period does not exceed $100, the caterer may indicate that the value is not to be considered a contribution.

.14 Any services performed voluntarily by an individual are **not** considered to be a contribution to the registered leadership contestant provided the individual is not compensated by the party, constituency association or leadership contestant nor receives from any source, pursuant to an arrangement with the individual's employer, compensation in excess of that normally received during the period this service is performed. Note that these must be services actually performed by the individual.

Act reference 1(1)

For example, if a volunteer offers to type letters on the volunteer's own typewriter, this is not a contribution to the registered leadership contestant. Similarly, if employees are given time off from their jobs in order to work voluntarily for the leadership contestant, this is not a contribution. But, if a person loans goods such as a typewriter or car or makes space available for the use of the leadership contestant then the value of such use must be considered a contribution. However, where the total value does not exceed $100, the person may indicate that the value is not to be considered a contribution. The difference between the last two examples is that in the latter instance these are not services that have been actually performed by the individual.

LIMITS ON CONTRIBUTIONS

.15 In any leadership contest period a person, corporation or trade union may contribute any amount to any registered leadership contestant. **Cash contributions are limited to $25**.

DEPOSITING, RECORDING AND REPORTING OF CONTRIBUTIONS

.16 All monies accepted on behalf of a registered leadership contestant including the leadership contestant's own funds to be used for the purposes of the leadership contest must be deposited in the bank, trust company or other financial institution on record with the Commission. To facilitate audit examination of the records, duplicate deposit slips should be prepared for all bank deposits listing the names of the contributors from whom money orders, cheques and credit card vouchers were received.

Cheques received from credit card institutions for credit card contributions accepted will be supported by contributor details in accounts submitted to the institution for payment.

Act reference 17(3)

.17 For the purposes of recording and reporting contributions accepted by:

(a) cash, cheque or money order are considered to have been **accepted** at the time such contributions are deposited in the bank account on record with the Commission.

(b) credit card vouchers are considered to have been **accepted** on the date the credit card voucher is deposited or submitted by the CFO to the credit card issuer for payment.

.18 All contributions received **during a leadership contest period** on behalf of a registered leadership contestant must be recorded by the leadership contestant's CFO. In addition, where such contributions, including goods, services or advertising have a total aggregate value exceeding $100 from a single source, the CFO must also report the name and address of the contributor.

Act reference 35(1)

.19 All contributions which have been recorded **during a leadership contest period** must be reported in the financial statement to be filed with the Commission by the leadership contestant's CFO within six months after the leadership vote.

Act reference 43(4)

.20 Funds raised anonymously for a registered leadership contestant must be reported and paid to the Commission.

Act reference 18(2)

.21 Where funds are raised for a registered leadership contestant at a function such as a supper, dance, garden party or any other social event, the gross income from such a function must be recorded by the leadership contestant's CFO and must be reported to the Commission. See Guideline G31.

Act reference 24(2)

.22 Where funds, goods or services are received by a registered leadership contestant from the registered political party, the amount and source of these funds, goods or services must be recorded by the leadership contestant's CFO and these funds must be deposited in the bank, trust company or other financial institution on record with the Commission.

Act references 28 and 30(1)(b)

RECEIPTS FOR CONTRIBUTIONS

.23 Contributions to leadership contestants are **not** eligible for an income tax credit and official tax credit receipts must not be issued. CFOs may wish to use an informal receipt of their own design to acknowledge contributions and assist in recording.

Act references 26 and 34(4)(c)

ACCEPTANCE OF CONTRIBUTIONS

.24 If a cheque for a contribution is drawn on a joint personal bank account, the contribution should be recorded as received from the person who signed the cheque. Where two people have signed a cheque drawn on a joint personal bank account, the CFO should determine who made the contribution and record the contribution accordingly.

.25 The use of post-dated cheques is not prohibited because they are not negotiable before their effective date. Cheques, whether or not they are post-dated, are not considered as accepted contributions until deposited. A contribution by post-dated cheque must still comply with the contribution limits.

SOLICITING CONTRIBUTIONS

.26 All literature and other communication used in connection with any solicitation of contributions by or on behalf of a registered leadership contestant must clearly identify the leadership contestant as being the recipient or beneficiary of such contributions.

CANDIDAT À LA DIRECTION D'UN PARTI - RÈGLES CONCERNANT LES CONTRIBUTIONS

GÉNÉRALITÉS

.01 La loi stipule un certain nombre d'exigences visant l'acceptation de contributions pour le compte d'un candidat inscrit à la direction d'un parti. Le DF du candidat inscrit à la direction d'un parti devrait connaître parfaitement ces dispositions. Il y a lieu de signaler en particulier les formalités d'enregistrement des contributions exposées dans les Lignes directrices G15.16 à G15.22. Il est nécessaire de consigner à la fois le montant, le nom et l'adresse du donateur relativement à chaque contribution reçue.

On ne peut accepter de contributions pour le compte d'un candidat à la direction d'un parti avant le dépôt auprès de la Commission d'une déclaration précisant la date de convocation officielle de la campagne à la désignation du chef et avant l'inscription du candidat à la direction d'un parti auprès de la Commission, sauf en ce qui concerne les propres fonds du candidat comme prévu à la Ligne directrice G14. Toutes les contributions acceptées avant l'inscription et non remboursées au donateur doivent être versées à la Commission. Le candidat à la direction d'un parti peut s'inscrire au plus tôt le jour où le parti politique inscrit dépose auprès de la Commission une déclaration précisant la date de la convocation officielle de la campagne à la désignation du chef.

Renvois à la loi 1 (1), 15 (1) et 18

Les contributions à la campagne d'un candidat inscrit à la direction d'un parti versées par des personnes ne donnent pas droit au crédit d'impôt et les contributions versées par une personne morale ne sont pas déductibles du revenu aux fins de l'impôt de l'Ontario. Le montant des cotisations à un candidat inscrit à la direction d'un parti n'est pas assujetti à un plafond.

QUI PEUT VERSER DES CONTRIBUTIONS

.02 Seules les personnes ou organisations suivantes peuvent verser des contributions pour le compte d'un candidat inscrit à la direction d'un parti :

- Toute personne qui réside ordinairement en Ontario.

- Toute personne morale qui exerce des activités en Ontario. De nombreuses personnes morales exercent des activités par l'intermédiaire de filiales et sociétés affiliées. Pourvu que chacune «exploite activement une entreprise» selon la définition que la Ligne directrice G21 donne de cette expression, chacune remplit les conditions requises pour être donatrice.

- Un syndicat, selon la définition qu'en donne la **Loi sur les relations de travail** ou le **Code canadien du travail**, titulaire de droits de négociation pour le compte de travailleurs en Ontario auxquels ces lois s'appliquent, notamment les conseils du travail de district, régionaux ou centraux situés en Ontario.

- Toute personne qui sert dans les Forces armées, le service diplomatique ou un genre analogue d'emploi à l'étranger si le domicile normal de cette personne est situé en Ontario.

Il existe de notables exceptions. Il faut se garder d'accepter des contributions en provenance :

- d'oeuvres de charité
- d'une organisation politique affiliée, même si elle est parrainée par un parti politique ou une association de circonscription inscrite auprès de la Commission
- de personnes morales qui ne réunissent pas les conditions requises selon la Ligne directrice G21
- de députés à la Chambre des communes, domiciliés en Ontario mais représentant une circonscription électorale située à l'extérieur de l'Ontario.

Renvois à la loi 17 (1) et 30 (1) a)

.03 Il est possible de verser des contributions à un candidat inscrit à la direction d'un parti par l'intermédiaire d'une association ou organisation sans personnalité morale si celle-ci réunit les conditions requises dans la Ligne directrice G37. De nombreuses petites entreprises comme des magasins de détail et ateliers de réparation n'ont pas de personnalité morale. Les sociétés de personnes et les coentreprises sont aussi des exemples d'associations ou organisations sans personnalité morale. Pour que la contribution soit acceptable, l'association ou organisation sans personnalité morale **doit** fournir une liste écrite précisant le nom et l'adresse de chaque personne, personne morale ou syndicat qui a été, en fin de compte, la source de la contribution et consigner le montant versé par chacun.

Renvois à la loi 20 (1) et 27

Par exemple, le club de bridge du lundi après-midi, sans personnalité morale, désire verser une contribution de 1 500 $ à un candidat inscrit à la direction d'un parti. Cette contribution doit être ventilée selon les sources et montants particuliers. Par exemple, parmi les membres du club, M. A. peut avoir versé 500 $, M^me^ B. 500 $, M. C. 300 $ et M^me^ D. 200 $. Le DF du candidat inscrit à la direction d'un parti doit consigner ces données par écrit avant d'accepter la contribution de chacun des membres du club nommé.

Un autre exemple concerne une contribution des associés d'une société de personnes de profession libérale, comme un cabinet de comptables agréés, d'avocats, de dentistes, etc. Cette contribution doit, elle aussi, être ventilée selon les sources et montants comme dans le premier exemple. Le DF doit, cette fois encore, disposer de toutes les données par écrit avant d'accepter la contribution des associés nommés dans la liste.

Encore un autre exemple d'organisation sans personnalité morale est une entreprise organisée en société de personnes, **sans être** une société commerciale, comme le garage de Bernard et Jean qui est une société de personnes entre Bernard X et Jean Z. Le DF doit bien faire attention pour constater qu'il s'agit en fait d'une entreprise sans personnalité morale. Comme dans le premier exemple, le DF doit avoir par écrit les renseignements concernant les associés et le montant de chaque contribution avant d'accepter la contribution des associés nommés dans la liste.

.04 Les contributions ne peuvent provenir que des propres fonds du donateur.

Renvoi à la loi 20 (1)

.05 Lorsque les propres fonds du candidat inscrit à la direction d'un parti sont utilisés dans le cadre de la campagne de ce candidat, ces fonds sont réputés constituer une contribution à cette campagne. Il n'y a pas de plafond imposé aux contributions acceptées d'un donateur. Le candidat à la direction d'un parti peut donc utiliser un montant illimité de ses propres fonds durant la période de campagne à la désignation du chef. Pour plus de renseignements, se reporter à la Ligne directrice G14.

Renvoi à la loi 15 (1)

.06 Le candidat inscrit à la direction d'un parti ne peut ni utiliser ni dépenser les contributions anonymes reçues par son DF. Il doit les rembourser au donateur si celui-ci peut être identifié, sinon les verser à la Commission.

Renvoi à la loi 18

.07 Le candidat inscrit à la direction d'un parti politique inscrit peut recevoir une quantité quelconque de fonds, biens ou services du parti inscrit. Ces fonds, biens ou services ne sont pas considérés comme des contributions au candidat inscrit à la direction d'un parti. Nulle association de circonscription ne peut, directement ou indirectement, verser de contributions ni transférer de fonds à un candidat inscrit à la direction d'un parti.

Renvois à la loi 30 (1) b) et 30 (2)

QUI PEUT ACCEPTER DES CONTRIBUTIONS

.08 Le DF ou d'autres personnes autorisées dont le nom figure aux dossiers de la Commission peuvent accepter des contributions pour le compte d'un candidat inscrit à la direction d'un parti. Toutes les contributions recueillies par d'autres, par exemple dans le cadre d'une collecte de porte en porte, doivent être immédiatement remises au DF du candidat à la direction d'un parti ou à d'autres personnes dont le nom figure aux dossiers de la Commission, ainsi que la liste des noms et adresses des donateurs et du montant de chaque contribution.

Bien que la loi permette à d'autres personnes autorisées dont le nom figure aux dossiers de la Commission d'accepter des contributions, c'est au DF qu'il incombe de veiller à ce que les contributions supérieures à 25 $ soient versées au moyen d'un chèque tiré sur le propre compte de banque du donateur, d'un mandat signé par le donateur ou d'un bordereau de la carte de crédit du donateur et que les contributions d'associations ou organisations sans personnalité morale, comme le précise la Ligne directrice G37, soient accompagnées d'une liste des personnes ayant participé à la contribution et du montant de chaque contribution.

Renvois à la loi 17 (2) et 33

.09 Si le DF d'un candidat à la direction d'un parti apprend qu'une contribution a été versée ou acceptée en violation d'une des dispositions de la loi, notamment :

- des contributions versées avant que la Commission ne reçoive l'avis de la date de la convocation officielle de la campagne à la désignation du chef et avant l'inscription du candidat à la direction d'un parti auprès de la Commission,

- des contributions versées en dehors de la période de campagne à la désignation du chef,

- des contributions provenant de sources non identifiables ou anonymes,

- des contributions de sources non permises en vertu de la Ligne directrice G15.02,

- des contributions en espèces dépassant 25 $,

- des contributions de fonds n'appartenant pas au donateur, sauf celles mentionnées dans la Ligne directrice G15.03,

- des contributions de fonds d'un parti politique fédéral ou de ses organisations,

- une contribution de fonds d'une association de circonscription inscrite,

le DF doit retourner au donateur la contribution ou une somme équivalente dans les trente jours qui suivent le moment où il prend connaissance du fait.

Renvoi à la loi 18

GENRE DE CONTRIBUTIONS

.10 Si une contribution à un candidat inscrit à la direction d'un parti est versée en une somme d'argent dont le montant est supérieur à 25 $, elle doit se faire selon l'une des formes suivantes :

a) par chèque, portant lisiblement imprimé le nom du donateur, signé par celui-ci et tiré sur un compte au nom du donateur, ou

b) par un mandat signé par le donateur, ou

c) dans le cas de contributions faites par une personne en son nom, par une carte de crédit sur laquelle le nom du donateur est imprimé ou gravé en relief.

Renvoi à la loi 17 (2)

.11 Le candidat inscrit à la direction d'un parti jouit d'une latitude considérable en matière de ventilation des fonds recueillis au cours d'une activité de financement entre contributions et dépenses. Il existe toutefois un point à partir duquel une partie des frais imposés **doit** être traitée comme une contribution :

a) Lorsque les frais sont de 25 $ au maximum, il est possible de les considérer, dans leur totalité, comme une contribution ou une combinaison quelconque de contribution et de dépense.

b) Lorsque les frais sont d'au moins 25 $, toute somme jusqu'à concurrence de 25 $ peut être considérée comme des dépenses, mais le reste **doit** être considéré comme une contribution.

Pour chaque événement, la ventilation originale des frais entre contribution et dépense doit être la même.

Si l'élément de contribution des frais est supérieur à 25 $, le montant intégral des frais doit être payé par chèque, mandat ou carte de crédit.

Toute recette recueillie dans le cadre d'une activité de financement, par exemple les ventes de rafraîchissements, doit être consignée et communiquée à la Commission.

Renvois à la loi 24 (2) et 24 (3)

.12 Les biens et les services, autres que ceux mentionnés dans les Lignes directrices G15.13 et G15.14, fournis à un candidat inscrit à la direction d'un parti par un fournisseur au cours d'une période de campagne à la désignation du chef, doivent être considérés comme une contribution. Si toutefois la valeur globale des biens et services fournis par le fournisseur pendant la période ne dépasse pas 100 $, le fournisseur peut indiquer qu'il ne considère pas ces biens et services comme une contribution.

Chaque fois que sont fournis des biens ou des services, si ceux-ci sont considérés comme une contribution pour l'application de la loi, on considère qu'une dépense d'une valeur équivalente a été engagée.

La valeur des biens et services aux fins de la loi est réputée être la valeur marchande la plus basse pour des biens ou services semblables au moment où ils sont fournis.

Renvoi à la loi 22

Par exemple, si le candidat à la direction d'un parti paie 150 $ pour l'impression de prospectus, alors que le prix au détail le plus bas exigé d'autres clients est de 275 $, la différence de 125 $ est réputée constituer une contribution de l'imprimeur au candidat à la direction d'un parti.

.13 Les biens produits par un travail bénévole qui ne sont pas payés par le candidat à la direction d'un parti **ne** sont **pas** considérés comme une contribution au candidat inscrit à la direction d'un parti.

Renvoi à la loi 1 (1)

Prenons le cas d'un groupe auxiliaire qui fait bénévolement des sandwichs pour les travailleurs du candidat à la direction d'un parti et leur en fait don. D'un côté la matière première elle-même constitue une contribution, mais la valeur ajoutée de la préparation des sandwichs n'en est pas une. Mais si un traiteur fait un don de sandwichs produits par des employés rémunérés, cela constitue une contribution au candidat inscrit à la direction d'un parti. Cependant, si la valeur des sandwichs donnés par le service de traiteur ne dépasse pas 100 $, le traiteur peut préciser que cette valeur ne doit pas être considérée comme une contribution.

.14 Les services fournis bénévolement par un particulier **ne** sont **pas** considérés comme une contribution au candidat inscrit à la direction d'un parti pourvu qu'il ne soit pas rémunéré par le parti, l'association de circonscription ou le candidat à la direction et qu'il ne reçoive pas d'une source quelconque, conformément à une entente avec son employeur, une rémunération supérieure à celle qu'il recevrait normalement durant la période pendant laquelle il a fourni ces services. Il est à noter qu'il doit s'agir de services effectivement fournis par le particulier.

Renvoi à la loi 1 (1)

Par exemple, si un bénévole s'offre à dactylographier des lettres sur sa propre machine à écrire, ce n'est pas une contribution au candidat inscrit à la direction d'un parti. De même, si des employés bénéficient de temps libre à leur lieu de travail pour travailler bénévolement pour le candidat inscrit à la direction d'un parti, ce n'est pas une contribution. Mais si une personne prête des biens comme une machine à écrire ou une voiture et met un local à la disposition du candidat inscrit à la direction d'un parti, la valeur de cet usage peut être considérée comme une contribution. Toutefois, si la valeur totale ne dépasse pas 100 $, la personne peut indiquer que la valeur ne doit pas être considérée comme une contribution. La différence entre les deux derniers exemples réside dans le fait que, dans le dernier cas, il n'y a pas de services effectivement fournis par le donateur.

PLAFOND DES CONTRIBUTIONS

.15 Au cours d'une période de campagne à la désignation du chef, une personne, une personne morale ou un syndicat peut verser sans égard au montant, une contribution à n'importe quel candidat inscrit à la direction d'un parti. **Les contributions en espèces sont limitées à 25 $.**

DÉPÔT, ENREGISTREMENT ET DÉCLARATION DES CONTRIBUTIONS

.16 Les sommes d'argent acceptées pour le compte d'un candidat inscrit à la direction d'un parti, y compris les propres fonds du candidat à la direction d'un parti, à utiliser aux fins de la campagne à la désignation du chef doivent être déposées à la banque, société de fiducie ou autre institution financière dont le nom figure aux dossiers de la Commission. Pour faciliter l'examen des documents, il y a lieu de remplir des doubles de bordereaux de dépôt pour tous les dépôts en banque dans lesquels sont consignés les noms des donateurs dont on a reçu des chèques ou des bordereaux de carte de crédit.

Les chèques reçus d'institutions qui émettent des cartes de crédit pour des contributions versées par carte de crédit et acceptées seront accompagnés de détails sur le donateur dans les comptes rendus à l'institution aux fins de paiement.

Renvoi à la loi 17 (3)

.17 Aux fins d'enregistrement et de déclaration, les contributions versées :

a) en espèces, par chèque ou par mandat sont considérées comme **acceptées** au moment où les contributions sont déposées dans le compte de banque inscrit auprès de la Commission;

b) moyennant un bordereau de crédit sont considérées comme **acceptées** à la date à laquelle le bordereau de carte de crédit est déposé ou remis par le DF à l'émetteur de la carte aux fins de paiement.

.18 Le DF du candidat inscrit à la direction d'un parti doit enregistrer toutes les contributions reçues **pendant une période de campagne à la désignation du chef** pour le compte d'un candidat inscrit à la direction d'un parti. En outre, si lesdites contributions, y compris les biens, les services et la publicité, en provenance d'une source unique ont une valeur globale supérieure à 100 $, le DF doit aussi consigner le nom et l'adresse du donateur.

Renvoi à la loi 35 (1)

.19 Toutes les contributions qui ont été consignées **durant une période de campagne à la désignation du chef** doivent être déclarées dans l'état financier que le DF du candidat à la direction d'un parti doit déposer auprès de la Commission au plus tard six mois après le scrutin tenu en vue de désigner le chef du parti.

Renvoi à la loi 43 (4)

.20 Les contributions anonymes reçues pour le compte d'un candidat inscrit à la direction d'un parti doivent être déclarées et versées à la Commission.

Renvoi à la loi 18 (2)

.21 Si l'on recueille des fonds pour le compte d'un candidat inscrit à la direction d'un parti lors d'une activité comme un souper, une danse, une réception en plein air, ou tout autre événement récréatif, le DF du candidat inscrit à la direction d'un parti doit consigner le revenu brut provenant de cette activité et le communiquer à la Commission. Voir Ligne directrice G31.

Renvoi à la loi 24 (2)

.22 Si un candidat inscrit à la direction d'un parti reçoit des fonds, des biens ou des services en provenance du parti politique inscrit, le DF du candidat à la direction d'un parti doit consigner le montant et la source de ces fonds, biens ou services et les fonds doivent être déposés à la banque, société de fiducie ou autre institution financière dont le nom figure aux dossiers de la Commission.

Renvois à la loi 28 et 30 (1) b)

RÉCÉPISSÉS DE CONTRIBUTIONS

.23 Les contributions aux candidats à la direction d'un parti ne donnent pas droit à un crédit d'impôt sur le revenu et l'on ne doit pas délivrer de récépissé officiel. Le DF peut toutefois utiliser un récépissé informel de sa propre conception pour accuser réception des contributions et faciliter leur enregistrement.

Renvois à la loi 26 et 34 (4) c)

ACCEPTATION DE CONTRIBUTIONS

.24 Si un chèque représentant une contribution est tiré sur un compte de banque personnel en commun, la contribution doit être enregistrée comme étant reçue de la personne qui a signé le chèque. Si deux personnes ont signé un chèque tiré sur un compte de banque personnel en commun, le DF doit déterminer qui a fait la contribution et enregistrer celle-ci en conséquence.

.25 L'usage de chèques postdatés n'est pas interdit parce qu'ils ne sont pas négociables avant la date d'effet. Les chèques, postdatés ou non, ne sont pas considérés comme des contributions acceptées tant qu'ils n'ont pas été déposés. Une contribution effectuée par un chèque postdaté n'échappe pas aux plafonds imposés aux contributions.

SOLLICITATION DE CONTRIBUTIONS

.26 Toute la documentation et les autres moyens de communication utilisés dans le cadre d'une sollicitation de contributions par un candidat inscrit à la direction d'un parti ou pour son compte doivent clairement préciser que le candidat à la direction d'un parti est le bénéficiaire de ces contributions.

LEADERSHIP CONTESTANT - CONTEST PERIOD FINANCIAL STATEMENT

GENERAL

.01 The CFO of every registered leadership contestant must file a contest period financial statement no later than six months after the date of the leadership vote.

Act reference 43(4)

THE CONTEST PERIOD FINANCIAL STATEMENT FORM

.02 The Commission requires that the financial statement be filed on the forms provided or approved by the Commission.

Many CFOs maintain computerized records of the information required by the statutory disclosure provisions and generate the statements from computers.

CFOs who wish to use computer-generated information for the financial statement must have the format approved by the Commission **prior to filing** the computer-generated statement.

The computer-generated financial statement must contain all the required information in a format substantially similar to the Commission's forms.

Act reference 47

FILING DATE

.03 Contest period financial statements of leadership contestants are due six months after the date of the leadership vote.

Act reference 43(4)

.04 Responsibility for filing a complete and on time contest period financial statement rests with the CFO. Since the contest period financial statement must be reported on by the auditor, it is necessary that the CFO and the auditor meet to discuss the audit and filing process. It is recommended that the two should meet well before filing date to determine cutoff and closing procedures and agree on a date when all books and records should be delivered to the auditor.

Act reference 43(4)

.05 The Commission will accept as on time contest period financial statements postmarked or courier receipted on or before the date that is six months after the date of the leadership vote.

.06 The Commission will not accept as filed a financial statement which has any of the following deficiencies:

- financial statement without the signed attestation of the CFO,
- financial statement without the signed auditor's report,
- financial statement without the required completed schedules, or
- financial statement submitted by facsimile or telecopier.

COMPLETING THE CONTEST PERIOD FINANCIAL STATEMENT - GENERAL

- statement of contest period income and expenses which is reported on by the auditor,

AUDITOR'S REPORT

LEADERSHIP CONTESTANT
CONTEST PERIOD FINANCIAL STATEMENTS

Pursuant to section 41 (4) of
the Election Finances Act, 1986

To: _____, Chief Financial Officer

for _____ leadership contestant.

I/we have examined the statement of income and expenses of _____, leadership contestant for the leadership of the _____ held on _____. My/our examination was made in accordance with generally accepted auditing standards and accordingly included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I/we considered necessary in the circumstances except as explained in the following paragraph.

Due to the nature of the types of transactions inherent in a leadership contest, it is impracticable through auditing procedures to determine that the accounting records include all donations of goods and services, receipts and disbursements. Accordingly, my/our verification of these transactions was limited to ensuring that the financial statement reflects the amounts recorded in the accounting records of _____, leadership contestant, in accordance with the accounting procedures established by the Commission on Election Finances and I was/we were not able to determine whether any adjustments might be necessary to receipts and disbursements.

In my/our opinion, except for the effect of adjustments, if any, which I/we might have determined to be necessary had I/we been able to satisfy myself/ourselves as to the completeness of the records as described in the preceding paragraph, this statement presents fairly the information contained in the accounting records on which the statement is based in accordance with the accounting treatment prescribed by the Act and required by the Commission on Election Finances in its Guidelines for Chief Financial Officers.

The Act does not require me/us to report, nor was it practicable for me/us to determine that contributions reported include only those which may be properly retained in accordance with the provisions of the Act.

CANDIDAT À LA DIRECTION D'UN PARTI - ÉTAT FINANCIER DE LA PÉRIODE DE CAMPAGNE À LA DÉSIGNATION DU CHEF

GÉNÉRALITÉS

.01 Le DF de tout candidat inscrit à la direction d'un parti doit déposer un état financier de la période de campagne à la désignation du chef au plus tard six mois après la date du scrutin tenu en vue de désigner le chef du parti.

Renvoi à la loi 43 (4)

FORMULE D'ÉTAT FINANCIER RELATIF À LA PÉRIODE DE CAMPAGNE À LA DÉSIGNATION DU CHEF

.02 La Commission exige que l'état financier soit déposé sur les formules fournies ou approuvées par la Commission.

De nombreux DF tiennent les dossiers exigés par les dispositions de divulgation d'origine législative dans des ordinateurs, et produisent leur état financier à partir d'ordinateurs.

Les DF qui désirent utiliser des données produites par ordinateur pour composer leur état financier doivent faire approuver leur format par la Commission **avant de déposer** l'état financier produit par ordinateur.

L'état financier produit par ordinateur doit renfermer tous les renseignements requis selon une présentation analogue en substance à celle des formules de la Commission.

Renvoi à la loi 47

DATE DE DÉPÔT

.03 Les états financiers relatifs à la période de campagne à la désignation du chef des candidats à la direction d'un parti doivent être déposés dans les six mois qui suivent la date du scrutin tenu en vue de désigner le chef du parti.

Renvoi à la loi 43 (4)

.04 C'est au DF qu'il incombe de présenter un état financier complet et en temps voulu relatif à la période de campagne à la désignation du chef. Étant donné que cet état financier doit faire l'objet d'un rapport du vérificateur, il est nécessaire que le DF et le vérificateur se rencontrent pour discuter du processus de vérification et de dépôt. Il est recommandé qu'ils se rencontrent bien avant la date de dépôt pour déterminer les méthodes d'arrêt des comptes et de clôture et qu'ils s'entendent sur la date à laquelle tous les livres et documents devront être remis au vérificateur.

Renvoi à la loi 43 (4)

.05 La Commission acceptera comme tombant dans le délai prescrit les états financiers relatifs à une période de campagne à la désignation du chef portant le cachet de la poste ou reçus par messagerie au plus tard six mois après la date du scrutin tenu en vue de désigner le chef du parti.

.06 La Commission n'acceptera pas le dépôt d'un état financier s'il comporte l'une des lacunes suivantes :

- état financier sans l'attestation signée par le DF;
- état financier sans le rapport signé du vérificateur;
- état financier sans les tableaux requis dûment remplis; ou
- état financier remis par télécopieur.

FAÇON DE REMPLIR L'ÉTAT FINANCIER RELATIF À LA PÉRIODE DE CAMPAGNE À LA DÉSIGNATION DU CHEF - GÉNÉRALITÉS

.07 L'état financier relatif à la période de campagne à la désignation du chef est conçu de façon à recueillir tous les renseignements exigés par la loi sur une formule qui peut faire l'objet d'un rapport du vérificateur. La formule est composée comme suit :

- indication de l'adresse du candidat à la direction d'un parti et du DF;
- attestations signées par le candidat à la direction d'un parti et le DF responsable du dépôt de l'état financier;
- état des recettes et des dépenses de la période de campagne à la désignation du chef accompagné du rapport du vérificateur;
- divers tableaux à l'appui de l'état financier.

.08 Les tableaux à l'appui de l'état financier font partie intégrante de l'état financier. Il est important que chaque tableau concorde avec l'état financier principal.

.09 La formule doit être dactylographiée ou remplie clairement en caractères d'imprimerie. Les états financiers, une fois déposés, seront photocopiés pour être affichés.

INDICATION DE L'ADRESSE

.10 Il faut indiquer au complet le nom et l'adresse postale du candidat à la direction d'un parti.

ATTESTATION DU DIRECTEUR DES FINANCES

.11 Le DF à qui il incombe de déposer l'état financier de la période de campagne à la désignation du chef doit remplir cette section. Le personnel de la Commission peut contacter les DF par téléphone pour assurer le traitement le plus rapide possible des états financiers. Veillez donc à inscrire l'adresse postale complète et, si possible, les numéros de téléphone du bureau et du domicile.

ATTESTATION DU CANDIDAT À LA DIRECTION D'UN PARTI

.12 Le candidat à la direction d'un parti doit remplir et signer cette section.

ÉTATS FINANCIERS

.13 L'état financier comprend un état des recettes et des dépenses relatif à la période de campagne à la désignation du chef accompagné de tableaux à l'appui. Les données renfermées dans l'état financier doivent concorder avec celles des tableaux ou en dériver.

ÉTAT DES RECETTES ET DES DÉPENSES RELATIF À LA PÉRIODE DE CAMPAGNE À LA DÉSIGNATION DU CHEF

.14 Cette Ligne directrice précise et définit les postes qu'il y a lieu d'inscrire dans chaque compte de l'état des recettes et des dépenses de la période de campagne à la désignation du chef.

Le total des recettes non considérées comme étant une contribution doit être reporté dans l'état des recettes et des dépenses relatif à la période de campagne à la désignation du chef.

Ne pas déduire les dépenses des recettes, mais les additionner et les déclarer dans le compte pertinent de la section «dépenses» de l'état des recettes et des dépenses relatif à la période de campagne à la désignation du chef.

Tout paiement effectué à une fin précise comme l'assistance à une activité ou à titre de participation aux dépenses doit être déclaré dans le compte pertinent de la section «dépenses» de l'état des recettes et des dépenses relatif à la période de campagne à la désignation du chef.

TABLEAU 7 - DÉPENSES LIÉES À LA CAMPAGNE À LA DIRECTION DU PARTI

Les frais de comptabilité et de vérification comprennent les honoraires versés aux vérificateurs, les honoraires versés pour des services de comptabilité dispensés par des sources externes ou par le DF, s'il s'agit d'un poste rémunéré.

TABLEAU 9 - ÉTAT DE LA DISPOSITION DU SURPLUS OU DU DÉFICIT

.29 Les renseignements demandés dans l'état des recettes et des dépenses relatif à la période de campagne à la désignation du chef doivent être indiqués à l'endroit prévu à cet effet. À noter les exigences précises de la Commission. Si la campagne du candidat à la direction d'un parti se solde par :

a) Un surplus :

(i) Le parti doit confirmer à la Commission le montant et la date de la réception des fonds de surplus; et

(ii) En cas de divergence entre le montant du surplus payé au parti et le montant déclaré, ON DOIT informer la Commission de tous les détails.

b) Un déficit :

(i) Annexer un tableau distinct énumérant les dettes impayées, notamment les emprunts bancaires non remboursés pour éponger le déficit.

(ii) Indiquer dans le tableau comment ces dettes seront acquittées ET, si le parti inscrit ou le candidat à la direction du parti doit couvrir le déficit, une lettre signée par un porte-parole du parti ou par le candidat à la direction du parti confirmant clairement cette décision DOIT accompagner la déclaration.

(iii) En cas de divergence entre le montant du déficit déclaré et le paiement effectué soit par le parti, soit par le candidat à la direction du parti, ON DOIT informer la Commission de tous les détails.

LISTE DE CONTRÔLE

.30 Pour vérifier si le rapport est entièrement rempli, suivre la liste de contrôle suivante et confirmer chaque point :

- L'état financier est vérifié bien avant la date limite de dépôt.
- La case réservée aux renseignements sur le nom et l'adresse est remplie.
- Le DF et le candidat à la direction d'un parti ont signé l'état financier.
- Tous les tableaux exigés ont été remplis et sont conformes à l'état financier.
- Le rapport du vérificateur est signé et accompagné de la note des honoraires du vérificateur.
- Le total des récépissés émis est conforme au total des contributions déclaré au tableau 2.
- Toutes les contributions supérieures à 25 $ ont été acceptées par chèque, mandat ou carte de crédit.
- Lorsque les frais exigés pour une activité de financement dépassent 25 $, la fraction supérieure à 25 $ a été, dans tous les cas, considérée comme étant une contribution.
- Les contributions en biens et services dont la valeur est supérieure à 100 $ en provenance d'une source unique ont été déclarées à la fois comme recette et comme dépense.

- Les contributions en biens et services dont la valeur totale **est inférieure à 100 $** en provenance d'une source unique ont été comptabilisées à la fin comme une contribution et comme une dépense.

- On n'a accepté de contributions que de personnes résidant en Ontario, de personnes morales exerçant des activités en Ontario et de syndicats titulaires de droits de négociation en Ontario.

- Toutes les contributions ont été versées grâce aux propres fonds du donateur.

- Tous les emprunts, découverts ou autres formes de dette sont reçus uniquement d'une banque, d'une institution financière reconnue ou d'un parti politique inscrit.

- Il a été confirmé que les paiements de transfert reçus ou versés sont conformes aux dossiers du cédant ou du cessionnaire respectivement, et toute divergence a été expliquée.

- Les contributions versées par l'intermédiaire d'une association sans personnalité morale, notamment une société de personnes, mais à l'exclusion d'un syndicat, ont été enregistrées au nom de chaque membre de l'association pour le montant versé par lui. **En aucun cas, une organisation politique affiliée ne peut verser une contribution à un candidat**.

- On a conservé les pièces justificatives des dépenses tant que la Commission n'a pas donné la permission de les détruire. La Commission peut demander que ces pièces lui soient remises aux fins d'examen.

ÉTATS FINANCIERS POUR LA PÉRIODE DE LA CAMPAGNE À LA DIRECTION DU PARTI

Conformément au paragraphe 41 (4) de la
Loi de 1986 sur le financement des élections

À : _____, directeur des finances,

pour _____, candidat à la direction du parti.

J'ai/nous avons examiné l'état des recettes et des dépenses de _____, candidat à la direction du parti_____ relativement à la campagne qui s'est tenue_____ _____. Mon/notre examen a été effectué conformément aux normes de vérification généralement reconnues et à l'exception des explications fournies dans le paragraphe suivant, a comporté par conséquent un examen général des méthodes de comptabilité et les tests des registres comptables et autres pièces justificatives jugées nécessaires dans les circonstances.

Étant donné la nature des transactions propres aux organisations de ce genre, il est impossible au moyen des normes de vérification de déterminer si les registres comptables englobent tous les dons de biens et services ainsi que les recettes et les débours. Par conséquent, ma/notre vérification de ces transactions se borne à assurer que l'état financier indique fidèlement les sommes inscrites dans les registres comptables de _____, candidat à la direction du parti, conformément aux méthodes comptables établies par la Commission sur le financement des élections, et j'étais/nous étions incapable(s) de déterminer si des ajustements quelconques étaient nécessaires.

À mon/notre avis, sauf en ce qui concerne l'effet des ajustements, le cas échéant, que j'aurais/nous aurions pu déterminer comme étant nécessaires si j'avais/nous avions pu me/nous satisfaire que les registres comptables étaient complets, conformément à la description du paragraphe précédent, cet état présente fidèlement les renseignements contenus dans les registres comptables sur lesquels il est basé conformément au traitement comptable exigé par la loi et requis par la Commission sur le financement des élections dans ses Lignes directrices aux directeurs des finances.

La loi ne m'/nous oblige pas à signaler, et cela n'était pas pratique à déterminer non plus, si les contributions déclarées ne comprennent que celles qui sont acceptées conformément à la loi.

FUND-RAISING ACTIVITIES

.01 Fund-raising activities are all organized activities held for the purpose of raising monies for a political party, constituency association, candidate or leadership contestant registered under the Act by whom or on whose behalf the activity is held. Such organized activities include dinners, dances, garden parties, etc., for which an admission charge is made as well as auctions, button sales, car washes, mail solicitations, etc. for which no admission charge is made. Seminars, workshops, annual meetings, conventions, policy conferences, candidate rallies and similar events are not considered to be fund-raising activities for the purposes of the Act.

Act reference 24(1)

.02 The gross income from each fund-raising activity must be recorded in the period held and reported in the appropriate financial statement(s) to be filed by the CFO with the Commission. It is also required that in reporting the gross income for each activity the income from ticket sales be shown separately from other income, for example refreshments sold.

Act reference 24(2)

.03 Where a charge is made for a fund-raising activity, a portion of the charge will, in certain instances, be deemed to be a contribution to the registered political party, constituency association, candidate or leadership contestant by whom or on whose behalf the activity is held. The tests are as follows:

(a) Where the charge is $25 or less, it may be considered entirely to cover expenses, entirely a contribution or any combination of contribution and expense allocation.

(b) Where the charge is $25 or more, any amount up to $25 may be considered to cover expenses but the remainder **must** be considered a contribution.

If the charge is considered entirely a contribution, an official receipt must be issued for the full amount.

For each activity the original allocation of the charge between contribution and expense should be consistent.

Should the contribution component of any charge exceed $25, the entire amount must be paid for by cheque, money order or credit card.

Act reference 24(3)

For example, books are sold to raise funds. They are purchased from the publisher for $10 each and are sold by the fund-raising body for $50 each. In this case either $50 or $40 may be considered to be a contribution.

.04 Any amount paid for goods or services offered for sale during any fund-raising activity in excess of their fair market values shall be considered to be a contribution for the purposes of the Act. To determine fair market value see Guideline G25.04.

Act reference 24(4)

For example, an auction is held to raise funds. Ms. A donates a painting valued at $130 which is bought by Mr. X at the auction for $350. Official tax credit receipts must be issued to Ms. A for $130 and to Mr. X for $220, the latter amount being the difference between the value of the painting and the price for which it was purchased by Mr. X.

.05 Whatever the fund-raising activity, gross income and gross expenses must be recorded and reported in the appropriate schedules and financial statements.

.06 In some cases, a constituency association or a candidate will act as the agent for a political party or another constituency association or candidate for the purpose of selling tickets to a fund-raising activity. In such situations, the agent should turn over all proceeds of the ticket sales to the CFO of the sponsoring party, constituency association or candidate together with a certified list of the ticket purchasers, their addresses and the amounts paid for the tickets. The CFO of the sponsoring party, constituency association or candidate, upon receipt of this certified list, should record the gross income received and, where applicable, issue receipts to each ticket purchaser for the contribution portion of the ticket price.

.07 In the event that a joint fund-raising activity should be contemplated the net proceeds of which are to be shared by a registered candidate or constituency association and a federal candidate or constituency association, the following procedures apply:

(a) There should be an initial agreement between the sharing bodies providing for the sharing of revenues and expenses on an equitable basis. Any question as to whether a proposed arrangement is equitable in the circumstances shall be reviewed with Commission staff.

(b) A special bank account should be established solely for the purpose of financial transactions related to this event and the Commission must be notified of the establishment of the account.

Act references 11(2) and 14(3)

(c) The CFO of the registered candidate or constituency association must:

(i) ensure that proper accounting records are established for the recording of all receipts and disbursements of the activity to ensure fulfilment of the CFO's responsibilities.

Act reference 34(4)

(ii) not issue any official receipts supplied by the Commission for the contribution portion of any tickets sold until the total ticket sales are known. Only then should official receipts be issued in respect to the quantity of tickets accruing to the benefit of the provincial candidate or constituency association. The CFO must further ensure that the receipt issued for the deemed contribution portion of each ticket sold is consistent with the original determination for the splitting of the per person admission charge as outlined in Guideline G31.03.

(d) The federal constituency association's share of total tickets sold for which a contribution is deemed to have been made is a matter which must be arranged directly between the federal association and the federal party.

(e) The audited financial statement(s) of the registered candidate or constituency association for the reporting period in which the event was held should be accompanied by a separate financial statement which clearly indicates the following:

(i) the ticket quantity and related revenue accruing to the benefit of each organization that is to share in the proceeds,

(ii) other revenues that are to be shared, for example refreshment sales,

(iii) a listing of all expenditures which indicates the name, address and amount paid to each supplier receiving an amount which in aggregate exceeds $100, with the payments made to suppliers of $100 or less shown as a single figure, and

(iv) the net profit from the event and the amount accruing to the benefit of each organization. In addition, the auditor of the registered candidate or constituency association involved in the event must be given access to the accounting records and supporting documents of the event for audit verification purposes.

The pertinent financial details of the event related to the participation in the activity of the registered candidate or constituency association should be brought forward from this statement and recorded in the appropriate sections of the Commission's reporting form.

.08 All literature and other communication used in connection with the sale of tickets to a fund-raising activity and any other solicitation of contributions in connection therewith must clearly identify the registered political party, constituency association or candidate, on whose behalf the fund-raising activity is being held.

.09 The limitation on campaign expenses in the period commencing with the writ for an election and terminating on polling day does not apply to expenses incurred in holding a fund-raising activity.

However mail solicitation to potential contributors must be a genuine solicitation of funds and must not be a disguised form of campaigning. The inclusion of campaign literature or material will cause the mailing to be a campaign expense subject to limitation.

.10 The Commission has determined that the exempt status of advertising done in relation to a fund-raising activity, both from the campaign expense limitation and the campaign non-partisan advertising period between writ and polling day, i.e. the period outside the twenty-one day allowable period, must conform with the Commission's Guideline G23.05.

Act references 1(1) and 38(1)

ACTIVITÉS DE FINANCEMENT

.01 Les activités de financement sont toutes organisées principalement en vue de recueillir des fonds pour le parti politique, l'association de circonscription, le candidat ou le candidat à la direction d'un parti inscrits aux termes de la loi, par qui ou pour le compte desquels l'activité a lieu. Ces activités organisées comprennent des dîners, des danses, des réceptions en plein air pour lesquels on perçoit des frais d'entrée. Il peut s'agir aussi de ventes aux enchères, ventes de macarons, lavages de voitures, sollicitations postales, etc., pour lequels on ne perçoit pas de frais d'entrée. Les séminaires, ateliers, assemblées annuelles, congrès, conférences de politiques, rassemblements sous l'égide d'un candidat et autres activités ne sont pas considérés comme des activités de financement pour l'application de la loi.

Renvoi à la loi 24 (1)

.02 Le DF doit consigner le montant des revenus bruts provenant de chaque activité de financement et le communiquer à la Commission dans les états financiers couvrant la période pendant laquelle l'activité a eu lieu. Il est en outre exigé que, dans la déclaration de recettes brutes de chaque activité, la recette des ventes de billets soit consignée séparément des autres recettes, par exemple, les ventes de rafraîchissements.

Renvoi à la loi 24 (2)

.03 Lorsqu'une activité de financement comporte la perception de frais, une partie des frais est, dans certains cas, considérée comme une contribution au parti politique, à l'association de circonscription, au candidat ou au candidat à la direction d'un parti qui sont inscrits et qui ont organisé l'activité de financement ou pour le compte desquels celle-ci a lieu. Les critères sont les suivants :

a) Lorsque les frais ne sont pas supérieurs à 25 $, il est possible de les considérer, dans leur totalité, comme des dépenses, comme une contribution ou comme une combinaison quelconque de contributions et de dépenses.

b) Lorsque les frais sont supérieurs à 25 $, tout montant jusqu'à concurrence de 25 $ peut être considéré comme des dépenses. Le reste **doit** être considéré comme une contribution.

Si les frais sont considérés, dans leur totalité, comme une contribution, il faut produire un récépissé officiel libellé au montant intégral des frais.

Dans le cadre d'un seul et même événement, la ventilation originale des frais entre contribution et dépenses doit être la même pour chacun.

Si l'élément de contribution des frais est supérieur à 25 $, le montant intégral doit être payé par chèque, mandat ou carte de crédit.

Renvoi à la loi 24 (3)

Par exemple, on vend des livres pour recueillir des fonds. Ils sont achetés à l'éditeur 10 $ chacun et vendus par l'organisme de collecte de fonds 50 $ chacun. Dans ce cas, on peut considérer 50 $ ou 40 $ comme une contribution.

.04 Toute somme payée pour des biens ou services offerts en vente au cours d'une activité de financement au-delà de leur juste valeur marchande doit être considérée comme une contribution pour l'application de la loi. Pour déterminer la juste valeur marchande, se reporter à la Ligne directrice G25.04.

Renvoi à la loi 24 (4)

Par exemple, une vente aux enchères a lieu en vue de recueillir des fonds. M^me^ A fait don d'un tableau évalué à 130 $, qui est acheté par M. X aux enchères pour 350 $. Il faut délivrer deux récépissés officiels aux fins de l'impôt, un à M^me^ A. pour 130 $ et un à M. X pour 220 $, cette dernière somme étant la différence entre la valeur du tableau et le prix auquel M. X l'a acheté.

.05 Quelle que soit l'activité de financement, les recettes et les dépenses brutes doivent être enregistrées et déclarées dans les tableaux et états financiers pertinents.

.06 Dans certains cas, une association de circonscription ou un candidat agit en qualité de mandataire d'un parti politique ou d'une autre association de circonscription ou d'un candidat, en vue de vendre des billets d'entrée à une activité de financement. Dans ce genre de situation, le mandataire doit remettre au directeur des finances du parti, de l'association de circonscription ou du candidat qui l'a parrainé la totalité du produit de la vente de billets ainsi qu'une liste certifiée conforme des acheteurs de billets, précisant leur adresse et le montant versé pour les billets. Dès réception de cette liste certifiée conforme, le DF du parti, de l'association de circonscription ou du candidat qui a parrainé le mandataire doit consigner le montant des recettes brutes reçues et, s'il y a lieu, délivrer un récépissé au nom de chaque acheteur de billet pour la partie du prix du billet représentant une contribution.

.07 Si l'on doit envisager une activité de financement mixte dont le produit net doit être partagé entre un candidat ou une association de circonscription inscrits et un candidat fédéral ou une association de circonscription fédérale, les dispositions suivantes s'appliquent :

a) Il doit y avoir une entente initiale entre les parties prévoyant le partage équitable des recettes et des dépenses. L'examen de toute question relative au caractère équitable, dans les circonstances, de l'entente proposée relève du personnel de la Commission.

b) Il y a lieu d'ouvrir un compte de banque particulier aux fins exclusives des opérations financières en rapport avec cet événement, et la Commission doit être informée de l'ouverture du compte.

Renvois à la loi 11 (2) et 14 (3)

c) Le DF du candidat ou de l'association de circonscription doit :

(i) s'assurer que les registres appropriés sont constitués pour y consigner toutes les recettes et sorties de fonds de l'activité afin de s'acquitter des obligations du DF; et

Renvoi à la loi 34 (4)

(ii) **ne pas délivrer de récépissé officiel** fourni par la Commission pour accuser réception de la partie des billets vendus représentant une contribution tant qu'il ne connaît pas le produit total des ventes. Alors, seulement, il doit délivrer un récépissé officiel relativement à la quantité de billets qui revient au candidat provincial ou à l'association de circonscription provinciale. Le DF doit en outre s'assurer que le récépissé délivré pour la partie de chaque billet vendu réputée être une contribution concorde avec la décision convenue au départ en matière de partage des billets d'entrée par personne, dont il est question à la Ligne directrice G31.03.

d) En ce qui concerne la part qui revient à l'association de circonscription fédérale du total des billets vendus qui est censé constituer une contribution, c'est une question qui doit être tranchée directement entre l'association fédérale et le parti fédéral.

e) L'état financier vérifié du candidat ou de l'association de circonscription inscrits pour la période de déclaration pendant laquelle l'événement a eu lieu doit être accompagné d'un état financier distinct donnant clairement les précisions suivantes :

(i) la quantité de billets et les recettes dont bénéficie chaque organisation qui doit partager le produit;

(ii) d'autres recettes à partager, par exemple, les ventes de rafraîchissements;

(iii) une liste de toutes les dépenses, indiquant le nom et l'adresse de chaque fournisseur ayant reçu en tout plus de 100 $, ainsi que le montant qui lui a été versé, et les paiements effectués aux fournisseurs n'ayant pas reçu plus de 100 $, indiqués par un seul montant;

(iv) le bénéfice net de l'événement et la somme qui revient à chaque organisation. En outre, le vérificateur du candidat ou de l'association de circonscription inscrits et qui ont participé à l'événement doit avoir accès aux registres comptables et aux documents à l'appui de l'événement aux fins de sa vérification.

Reporter les données financières pertinentes en rapport avec la participation à l'activité du candidat ou de l'association de circonscription inscrits de cet état et les consigner aux sections appropriées de la formule de déclaration de la Commission.

.08 Toute la documentation et tout autre organe de communication utilisés dans le cadre de la vente de billets à une activité de financement, et toute autre sollicitation de contribution en rapport avec l'activité doivent indiquer clairement le parti politique, l'association de circonscription ou le candidat inscrits, pour le compte duquel l'activité a lieu.

.09 La restriction imposée aux dépenses liées à la campagne électorale pendant la période comprise entre l'émission du décret de convocation des électeurs et le jour du scrutin ne s'applique pas aux dépenses engagées pour la réalisation d'une activité de financement.

Toutefois, une sollicitation postale à d'éventuels donateurs doit être une authentique sollicitation de fonds et non pas une forme déguisée de campagne électorale. L'inclusion de documentation de campagne électorale fait de l'envoi postal une dépense liée à la campagne électorale, assujettie à une restriction.

.10 La Commission a déterminé que le statut d'exception dont bénéficie la publicité relative à une activité de financement, quant aux restrictions aux dépenses liées à la campagne électorale et quant à la période de publicité non partisane reliée à la campagne électorale entre l'émission du décret de convocation des électeurs et le jour du scrutin, à savoir la période en dehors de la période admissible de vingt et un jours, doit être conforme aux dispositions de la Ligne directrice G23.05 de la Commission.

Renvois à la loi 1 (1) et 38 (1)

ACTIVITIES OUTSIDE THE PURPOSES OF THE ACT

.01 The Act does not apply to campaigns and conventions relating to contested constituency nominations for endorsement of official party candidates. Accordingly, neither monies given by supporters to a person contesting the constituency nomination nor any fees paid by persons attending such conventions are contributions for purposes of the Act.

Similarly expenses incurred by a person seeking the nomination are not expenses which the contestant must report to the Commission.

To avoid being considered a campaign expense and not restricted by the twenty-one day allowable advertising period, the content of any advertisements placed by a person seeking the nomination in the period between the issue of a writ for an election and polling day must be non-partisan in conformity with the Commission's Guideline G23.05.

Act reference 1(3)

.02 The solicitation of funds must be for the general use of the registered political party, constituency association or candidate in order to qualify for the tax credit under the Income Tax Act (Ontario) or the deduction under the Corporations Tax Act (Ontario).

.02a Contributions to a registered political party, constituency association or candidate which are expressly solicited for purposes other than the purposes of the Act, while not prohibited under the Act, do not qualify for the tax credit under the Income Tax Act (Ontario) or the deduction under the Corporations Tax Act (Ontario).

For example, funds raised from solicitations for groups or causes which would not themselves be entitled to issue either charitable or political tax credit receipts will not be eligible for official tax credit receipts in Ontario.

.03 No official tax receipts are to be issued for such contributions.

However, all such contributions must be recorded separately in the financial records of the political party, constituency association or candidate and reported to the Commission. No such funds may be used for purposes under the Act.

Act reference 1(1)

.04 No political party, constituency association, candidate or leadership contestant registered under the Act shall directly or indirectly contribute or transfer funds to any candidate at a municipal election under the Municipal Elections Act.

Act reference 30(1)(b)

LIGNES DIRECTRICES À L'INTENTION DES DIRECTEURS DES FINANCES

LIGNE DIRECTRICE G32
FÉVRIER 1991

Commission sur le financement des élections

ACTIVITÉS ÉTRANGÈRES AUX FINS DE LA LOI

.01 La loi ne s'applique pas aux campagnes électorales et congrès relativement aux déclarations de candidature contestées en ce qui concerne le parrainage des candidats officiels d'un parti. En conséquence, ni les sommes d'argent données par des adhérents à une personne briguant la désignation, ni les frais acquittés par des personnes assistant à ce genre de congrès ne constituent des contributions aux fins de la loi.

De même, les dépenses engagées par une personne qui brigue la candidature ne sont pas des dépenses que le candidat à la désignation doit déclarer à la Commission.

Pour éviter que la publicité ne soit considérée comme une dépense liée à la campagne électorale et qu'elle ne soit restreinte à la période de publicité admissible de vingt et un jours, le contenu de la publicité placée par une personne qui brigue la candidature entre l'émission du décret de convocation des électeurs et le jour du scrutin doit être non partisan conformément à la Ligne directrice G23.05 de la Commission.

Renvoi à la loi 1 (3)

.02 La sollicitation de fonds doit être destinée à l'usage général du parti politique inscrit, de l'association de circonscription inscrite ou du candidat inscrit pour remplir les conditions requises pour bénéficier d'un crédit d'impôt en vertu de la Loi de l'impôt sur le revenu (Ontario) ou d'une déduction en vertu de la Loi sur l'imposition des personnes morales (Ontario).

.02a Les contributions à un parti politique inscrit, à une association de circonscription inscrite ou à un candidat inscrit, qui sont expressément sollicitées à d'autres fins que celles de la loi, bien qu'elles ne soient pas interdites par la loi, ne remplissent pas les conditions requises pour bénéficier d'un crédit d'impôt en vertu de la Loi de l'impôt sur le revenu (Ontario) ou d'une déduction en vertu de la Loi sur l'imposition des personnes morales (Ontario).

Par exemple, les fonds recueillis auprès de groupes ou de causes qui ne sont pas habilités à délivrer des récipissés à des fins de crédit d'impôt pour dons de charité ou dons politiques ne sont pas admissibles à des récipissés officiels aux fins de l'impôt en Ontario.

.03 Aucun récépissé officiel aux fins de l'impôt ne doit être délivré pour des contributions de ce genre.

Toutes les contributions de ce genre doivent toutefois être consignées dans les registres financiers du parti politique, de l'association de circonscription ou du candidat et déclarées à la Commission. Ces fonds ne peuvent pas être utilisés aux fins visées par la loi.

Renvoi à la loi 1 (1)

.04 Aucun parti politique, aucune association de circonscription, aucun candidat ou candidat à la direction d'un parti inscrits aux termes de la loi ne doit, directement ou indirectement, verser une contribution ou transférer des fonds à un candidat à une élection municipale aux termes de la Loi sur les élections municipales.

INTRODUCTION TO GUIDELINES FOR CHIEF FINANCIAL OFFICERS

GENERAL

.01 These Guidelines are designed to assist and guide the chief financial officers in complying with the requirements of the provisions of Part III of the **Municipal Elections Act**. The Guidelines clarify and expand upon the principles governing local government campaign finance activities. In addition, these Guidelines make public various interpretations and administrative policies of the Commission on Election Finances respecting Part III of the **Municipal Elections Act**.

APPLICATION

.02 The provisions of Part III of the **Municipal Elections Act** are administered by the municipal clerk and the Commission on Election Finances in accordance with Guidelines issued under the authority of section 176 of the **Municipal Elections Act**. The Guidelines are published in the **Ontario Gazette** and chief financial officers, candidates, municipal clerks and the public must have regard for them.

.03 A complete set of Guidelines will be sent to all chief financial officers and auditors following candidate registration. The table of contents indicates the date of issue of each Guideline. Users should ensure they possess the most recent version of each Guideline. Individual Guidelines or a complete set may be ordered, without charge, from the Commission on Election Finances.

ABBREVIATIONS AND TERMINOLOGY USED

.04 The definitions of the **Municipal Elections Act** apply to these Guidelines. In addition, the following definitions are used in these Guidelines:

(a) "Act" means the **Municipal Elections Act** (R.S.O. 1980, c.308, as amended from time to time) unless some other act is specifically referred to.

(b) "Act reference" means reference to the relevant section, subsection, clause or subclause in the **Municipal Elections Act**.

(c) "CFO" means Chief Financial Officer.

(d) "Commission" means the Commission on Election Finances.

(e) "Financial statement" means the required financial statement to be filed by CFO for a registered candidate's campaign period, Form LGC4.

(f) "Financial institution" means a chartered bank, trust company, credit union or other recognized lending institution in Ontario.

(g) "Municipal clerk" means the clerk of the municipality who is responsible for the conduct of the election.

(h) "Registered candidate" or "candidate" means a candidate registered under section 143 of the Act.

.05 Internal references to the Guidelines will indicate the specific Guideline first, followed by a period, followed by a paragraph reference. For example, LG-12 means Local Government Guideline 12 - Rules on Campaign Expenses. A reference to LG-12.07 means that the user should refer to paragraph .07 of Guideline LG-12.

.06 References to the **Municipal Elections Act** will refer to section, subsection, clause or subclause. Use section 169 as an example:

169.--(1) The chief financial officer of every registered candidate shall file with the Commission,

(a) a financial statement setting out,

(i) all income received and expenses incurred in the campaign period,

(ii) all campaign expenses, paid and outstanding, incurred in a campaign period and a statement of all disputed claims, and

(iii) all information required to be recorded under section 161 that relates to the campaign period; and

(b) the auditor's report on the financial statement.

(2) The financial statement and auditor's report under subsection (1) shall be filed,

(a) in the case of a regular election, no later than the 30th day of June in the year following the election year; or

(b) in the case of a new election, no later than 225 days after polling day.

(3) The chief financial officer shall, at the time of filing with the Commission, file a copy of the financial statement and the auditor's report referred to under subsection (1) with the clerk of the municipality who was responsible for the conduct of the election for which the registered candidate was registered.

(4) After the time for the filing of a financial statement and auditor's report has expired, the Commission shall immediately prepare a statement disclosing,

(a) the information received under this section; and

(b) the name of the registered candidate, if any who failed to file a statement or report under this section,

and submit the statement to the council of the municipality, school board or local board, as the case may be.

(5) After the time for the filing of the financial statement and auditor's report has expired, the Commission shall immediately send by registered mail or deliver to a registered candidate who has failed to file a statement and report, a notice in the form prescribed by the Commission demanding that the registered candidate file a financial statement and auditor's report within thirty days from the date of the notice.

(6) The notice under subsection (5) shall state that the registered candidate, if elected, shall forfeit the office and that the registered candidate, whether elected or not, is ineligible to hold any office up to and including the next regular election if the registered candidate fails to file the financial statement and auditor's report within thirty days of the date of the notice.

(7) The Commission shall publish the notice under subsection (5) in a newspaper having general circulation in the municipality.

(8) After the thirty day period for the filing of a statement and report has expired, the Commission shall immediately prepare a supplementary statement disclosing,

(a) any additional information received under this section; and

(b) the name of the registered candidate, if any, who failed to file a financial statement and auditor's report within the thirty day period allowed under subsection (5),

and submit the statement to the council of the municipality, school board or local board, as the case may be.

All of 169 is a section.

169(1) is a subsection of section 169.

169(1)(a) is a clause of subsection 169(1).

169(1)(a)(i) is a subclause of clause 169(1)(a).

.07 All Guidelines are available on request in English or in French.

INTRODUCTION AUX LIGNES DIRECTRICES À L'INTENTION DES DIRECTEURS DES FINANCES

GÉNÉRALITÉS

.01 Les présentes Lignes directrices visent à aider et guider les directeurs des finances dans l'exécution des exigences imposées par les dispositions de la Partie III de la **Loi sur les élections municipales**. Elles éclaircissent et commentent les principes qui régissent les activités de financement des campagnes électorales de l'administration municipale. De plus, elles rendent publiques diverses interprétations et politiques administratives de la Commission sur le financement des élections relativement à la Partie III de la **Loi sur les élections municipales**.

APPLICATION

.02 Les dispositions de la Partie III de la **Loi sur les élections municipales** sont appliquées par le secrétaire de la municipalité et la Commission sur le financement des élections conformément aux Lignes directrices émises en vertu de l'article 176 de la **Loi sur les élections municipales**. Les Lignes directrices sont publiées dans la **Gazette de l'Ontario** et les directeurs des finances, les candidats, les secrétaires de municipalité et le public doivent en tenir compte.

.03 Un jeu complet des Lignes directrices est envoyé à tous les directeurs des finances et vérificateurs à la suite de l'inscription du candidat. La table des matières indique la date de publication de chaque Ligne directrice. Les utilisateurs feraient bien de vérifier s'ils possèdent la plus récente version de chaque Ligne directrice. On peut commander, sans frais, telle ou telle Ligne directrice ou un jeu complet à la Commission sur le financement des élections.

ABRÉVIATIONS ET TERMINOLOGIE UTILISÉES

.04 Les définitions de la **Loi sur les élections municipales** s'appliquent aux Lignes directrices. En outre, les définitions suivantes sont utilisées dans les présentes Lignes directrices :

a) Par «loi», on entend la **Loi sur les élections municipales** (L.R.O. 1980, chap. 308, modifiée à l'occasion) à moins qu'il ne s'agisse d'une autre loi expressément désignée.

b) Par «renvoi à la loi», on entend le renvoi à un article, à un paragraphe, à un alinéa ou à un sous-alinéa de la **Loi sur les élections municipales**.

c) Par «DF», on entend le directeur des finances.

d) Par «Commission», on entend la Commission sur le financement des élections.

e) Par «états financiers», on entend les états financiers que le DF doit déposer pour la période de campagne électorale d'un candidat inscrit, formule LGC4.

f) Par «institution financière», on entend une banque à charte, une compagnie de fiducie, une caisse populaire ou credit union, ou un autre établissement de crédit reconnu en Ontario.

g) Par «secrétaire de la municipalité», on entend le secrétaire de la municipalité responsable de la conduite de l'élection.

h) Par «candidat inscrit» ou «candidat», on entend un candidat inscrit aux termes de l'article 143 de la Loi.

.05 Les renvois internes aux Lignes directrices indiquent d'abord la Ligne directrice précise, suivie d'un point, suivi de la mention du paragraphe. Par exemple, LG12 signifie Administration municipale Ligne directrice 12 - Règles concernant les dépenses liées à la campagne électorale. Un renvoi à LG12.07 indique que l'intéressé doit se reporter au paragraphe .07 de la Ligne directrice LG12.

.06 Les renvois à la **Loi sur les élections municipales** mentionnent un article, un paragraphe, un alinéa ou un sous-alinéa. Prenons, par exemple, l'article 169.

169 (1) Le directeur des finances d'un candidat inscrit dépose auprès de la Commission les documents suivants :

a) des états financiers indiquant :

(i) les revenus et les dépenses relatives à la période de campagne électorale,

(ii) une liste des dépenses liées à la campagne électorale, payées ou devant l'être, engagées pendant la période de campagne électorale et un relevé des demandes contestées,

(iii) toutes les contributions faites sous forme de biens ou de services, ainsi que la valeur de celles-ci, reçues par le candidat inscrit ou pour son compte durant la période de campagne électorale,

(iv) le nom et l'adresse de chaque particulier, personne morale ou syndicat, et la ou les contributions de chacun en espèces, en biens ou en services si la valeur totale de toutes les contributions reçues de ce donateur est supérieure à 100 $;

b) le rapport du vérificateur relativement aux états financiers.

Par exemple, le candidat Excellent est inscrit pour être élu au poste de conseiller municipal à la municipalité de Beauvillage, le 10 février 1991. Le 1er octobre, Excellent décide de se présenter au poste de maire et dépose une demande d'inscription modifiée indiquant le nouveau poste visé. A detailed record of the sources of all revenues must be maintained as well as duplicate deposit slips listing each deposit and its source. Listed should be the names of the persons, corporations or trade unions from whom the cheques, money orders or credit card vouchers are received and the amounts. All expenses related to the candidate's campaign must be paid by cheque drawn on the campaign account.

.05 Access to or operation of such an account should be restricted to the CFO and those persons on record with the Commission who have signing authority for the account.

Act reference 145(3)(b) and 145(3)(ba)

The CFO of a registered candidate should become completely familiar with these provisions. Particular note should be made of the recording requirements for contributions in Guidelines LG05.21 to LG05.26. Since it will be impossible to determine in advance whether or not the total contributions from any single source will exceed the limit prescribed by the Act, it will be necessary **to record both the name and address of the contributor and the amount of every contribution received**.

Contributions must not be solicited or accepted on behalf of a person seeking local government office until after January 1 and the person is a registered candidate. If by mistake, any contributions are accepted prior to registration and cannot be returned to the contributor they must be paid to the Commission. The earliest date a person can become a registered candidate is January 1 of a regular election year.

Act references 143(1), 143(4), 146(1) and 161

.03 In any campaign period an individual, corporation or trade union may contribute up to a total of $750 in money, goods and services to any one registered candidate and up to a total of $5,000 to registered candidates running for office on the same council, school board or local board. **Cash contributions are limited to $25**.

Act references 146(2) and 148(1)

CONTRIBUTOR'S OWN FUNDS

.04 Contributions may be made only from the contributor's own funds.

Act references 150 and 156

CANDIDATE'S OWN FUNDS

.08 A candidate's own funds or the funds of the candidate's spouse may be used in a political campaign. Such funds are deemed to be a contribution to that candidate's campaign, and must be deposited in the candidate's campaign account. However, such funds are not subject to the contribution limit of $750 but must not exceed the campaign expense limit.

Act references 146(3) and 148(2)

GROUP CONTRIBUTIONS

.09 Contributions may be made to a registered candidate through an unincorporated association or organization provided the unincorporated association or organization meets the requirements specified in Guideline LG10.

Partnerships and joint ventures are examples of unincorporated associations or organizations. In order for the contribution to be acceptable, the unincorporated association, or organization, or partnership **must provide the CFO with a written list of the name and address of each individual, corporation or trade union that contributed and the amount contributed by each.** A receipt would then be issued to each individual, corporation or trade union so named.

Act references 149(1) and 156

For example, the Monday Afternoon Bridge Club, an unincorporated club, wishes to contribute $1,500 to a registered candidate. This contribution must be broken down into its particular sources and amounts. For instance, $500 may have come from Mr. A, $500 from Mrs. B, $300 from Mr. C and $200 from Ms. D who are some or all of the club's members. **The CFO of the registered candidate must have this information in writing before accepting the contribution and issuing individual official receipts to the named club members.**

Another example would be a contribution from the partners of a professional partnership such as a firm of chartered accountants, lawyers, dentists etc. This contribution too must be broken down into its particular sources and amounts as in the first example. **The CFO again must have this information in writing before accepting the contribution and issuing individual official receipts to the named partners.**

A further example of an unincorporated organization is a business which is organized as a partnership and **not** as a limited company such as Bob and Joe's Garage which is a partnership of Bob X and Joe Z. The CFO must be very careful to determine that this is indeed an unincorporated business. As with the first example, **the CFO must have this information regarding the partners and the amounts of their contributions in writing before accepting the contribution and issuing individual official receipts to the named partners.**

ANONYMOUS CONTRIBUTIONS

.10 Anonymous contributions received by a candidate's CFO, with the exception of money collected at meetings as referred to in Guideline LG05.13, **must not be used by the candidate's campaign organization**, but must be returned to the contributor if the contributor can be identified. If the contributor cannot be identified, the funds must be paid to the Commission.

Act reference 147(2)

WHO MAY ACCEPT CONTRIBUTIONS

.11 **A registered candidate must not accept contributions**. Only the CFO or other authorized persons on record with the Commission may accept contributions for any registered candidate, and only the CFO can issue official receipts in acknowledgement of contributions accepted. Accordingly, any contributions which are collected by others, for example, by means of a door-to-door canvass, must be turned over immediately to the candidate's CFO along with a list of the names and addresses of the contributors and the amounts of their individual contributions.

Even though the Act permits other authorized persons on record with the Commission to accept contributions, it is the CFO's responsibility to ensure that contributions in excess of $25 are made by way of a cheque drawn on the contributor's own bank account, a money order signed by the contributor or by way of a charge on the contributor's credit card, and that contributions by unincorporated associations or organizations, as specified in Guideline LG10, are accompanied by a list of those persons sharing in the contribution, and indicating the amount contributed by each.

Act references 146(2) and 160

REFUND OF CONTRIBUTIONS

.12 Where the candidate's CFO learns that any contribution has been made or accepted in contravention of any provisions of the Act, such as, but not limited to:

- contributions prior to the registration of the candidate with the municipal clerk,
- contributions outside the campaign period,
- contributions from unidentifiable or anonymous sources,
- contributions from sources other than those permitted under Guideline LG05.06,
- contributions in excess of the $750 limit,
- contributions in excess of the aggregate amount of $5,000,
- cash contributions in excess of $25,
- contributions of funds not belonging to the contributor except as provided in Guideline LG10, or
- contributions of funds from federal or provincial political parties or their respective organizations,

the CFO must, within thirty days after so learning, return to the contributor the contribution or an amount equal to the sum contributed where an official receipt in acknowledgement of the contribution has not been issued.

When an official receipt has been issued the CFO must not refund the contribution until the contributor's copy has been recovered.

If an official receipt has been issued and the contributor fails to return the receipt for cancellation, an amount equal to the sum contributed must be paid to the Commission.

Act reference 147(1)

COLLECTIONS AT MEETINGS

.13 Where funds are raised for a registered candidate at a general meeting, amounts of $10 or less may be given anonymously and are not considered to be contributions to the registered candidate. However, such funds must be reported in the financial statement to be filed with the Commission in accordance with the provisions of Guideline LG19.

Act references 154 and 169(1)

CONTRIBUTIONS FROM FUND-RAISING

.14 Funds raised at a fund-raising activity are contributions.

Any charge for a fund-raising activity is a contribution and an official receipt must be issued for the full amount. The CFO must record the name and address of each contributor and, where the amount contributed exceeds $100, the name and address of the contributor must be reported in the financial statement to be filed with the Commission.

Should the charge for tickets exceed $25, the amount must be paid for by cheque, money order or credit card.

Other income earned at a fund-raising event, for example, refreshment sales, must be recorded and reported in the financial statement to be filed with the Commission.

For example, if a candidate's campaign organizes a dinner-dance and the price of the ticket is $50, the entire amount is a contribution and an official receipt must be issued.

Act references 153(3), 153(4), and 169(1)

GOODS OR SERVICES CONTRIBUTIONS

.15 Goods or services provided by a supplier to a registered candidate in the campaign period are to be considered a contribution.

In every instance where goods or services have been provided an expense in the equivalent value is considered to have been incurred.

The value of goods or services for purposes of the Act is deemed to be the lowest market price for similar goods or services at the time they are provided.

Act references 151 and 152

For example, if a candidate pays $150 for the printing of handbills, but the lowest market price available to other customers is $275, then the difference of $125 is deemed to be a contribution to the candidate by the printer.

VOLUNTARY LABOUR IS NOT A CONTRIBUTION

.16 Voluntary labour which is **not** paid for by candidate's campaign is **not** considered to be a contribution to the registered candidate.

Act reference 138(1)

For example, an auxiliary group voluntarily makes sandwiches for the candidate's workers and contributes the sandwiches. While the raw materials themselves constitute a contribution, the added value of the voluntary unpaid labour in making the sandwiches is not a contribution. But if a catering firm makes a gift of sandwiches, this is a contribution to the registered candidate.

.17 Any services performed voluntarily by an individual are **not** considered to be a contribution to the registered candidate provided the individual is not compensated by the candidate or any individual, corporation or trade union or receives from any source, pursuant to an arrangement with the individual's employer, compensation in excess of that normally received during the period this service is performed. **Note that these must be services actually performed by the individual.**

Act reference 138(1)

For example, if a volunteer offers to type letters on the volunteer's own typewriter, this is not a contribution to the registered candidate. Similarly, if employees are given time off from their jobs in order to work voluntarily for the candidate, this is not a contribution. But, if a person loans goods such as a typewriter or car or makes space available for the use of the candidate, the value of such use must be considered a contribution. The difference between the last two examples is that in the latter instance these are not services that have been actually performed by the individual.

POLITICAL ADVERTISING

.18 Advertising provided by any person, corporation or trade union on behalf of a registered candidate with the candidate's knowledge and consent **is considered both to be a contribution and a campaign expense** to the registered candidate.

Act reference 152(1)

.19 The promotion of the election of a registered candidate or the opposition of any other candidate by:

- advertising on the facilities of any broadcasting undertaking,

- publishing an advertisement in any newspaper, magazine, or other periodical publication,

- printing leaflets, pamphlets, or other materials, or

- using of any outdoor advertising facility such as a billboard

is both a contribution and campaign expense.

Act references 138(1) and 152(1)

FREE BROADCASTING IS NOT A CONTRIBUTION

.20 Where broadcasting facilities are provided without charge in accordance with the provisions, regulations and guidelines of the **Broadcasting Act (Canada)**, the free time provided **is not considered a contribution or a campaign expense** to the registered candidates.

Act reference 152(2)

DEPOSITING, RECORDING AND REPORTING OF CONTRIBUTIONS

.21 All monies accepted on behalf of a registered candidate, including the candidate's own funds or those of the spouse, must be deposited in the candidate's campaign account with the financial institution on record with the Commission.

To facilitate audit examination of the records, duplicate deposit slips should be prepared for all bank deposits listing the names of the contributors from whom cheques money orders and credit card vouchers were received.

Contributions accepted by credit cards will be recorded as accepted when:

(a) Deposited into the candidate's campaign account, or

(b) Submitted to the credit card institution for payment,

and must be supported by contributor details. See Guideline LG17.04.

Act references 145(3)(b), 145(3)(ba) and 146(3)

.22 For the purposes of recording, reporting and issuing official receipts for contributions accepted by:

(a) cash, cheque or money order, the contributions are considered to have been **accepted** at the time they **are deposited** in the campaign account at the financial institution on record with the Commission.

(b) credit card vouchers, the contributions are considered to have been **accepted** on the date the credit card voucher is deposited or submitted by the CFO to the credit card issuer for payment.

.23 The CFO of every registered candidate must record the name, address and amount received from each contributor. In addition, where such contributions, including goods, services or advertising, have a total aggregate value exceeding $100 from a single source, the CFO must report, in the financial statement to be filed with the Commission, the name and address of the contributor.

Act references 152(1), 161 and 169(1)

.24 All contributions which have been recorded **during a campaign period** must be reported in the financial statement to be filed with the Commission by the candidate's CFO no later than June 30 of the year following the regular election year.

Act references 138(1), 161 and 169(1)

.25 The gross amount of any funds collected for a candidate at a general meeting **must be recorded** by the candidate's CFO and **must be reported** in the financial statement to be filed with the Commission.

Act references 154 and 169(1)

.26 Where funds are raised for a candidate at a function such as supper, dance, garden party or any other event, the gross income from such functions **must be recorded** by the candidate's CFO and **must be reported** in the financial statement to be filed with the Commission. See Guideline LG08.

Act references 153(3) and 169(1)

RECEIPTS FOR CONTRIBUTIONS

.27 Official receipts for tax credit or rebate purposes must be issued for **every** contribution received by a candidate's campaign and the candidate's CFO is responsible for ensuring proper receipts are completed for every contribution accepted.

Act reference 155(1)

ACCEPTANCE OF CONTRIBUTIONS

.28 If a cheque for a contribution is drawn on a joint personal bank account, the receipt must be issued only to the person who signed the cheque. Where two people have signed a cheque drawn on a joint personal bank account, the CFO must determine who made the contribution and issue the receipt(s) to the person(s) who sign the cheque.

.29 The use of post-dated cheques is not prohibited because they are not negotiable before their effective date. Cheques, whether or not they are post-dated, are not considered as accepted contributions until deposited. A contribution by post-dated cheque must still comply with the contribution limits.

Act references 146(2), 146(3) and 148(1)

.30 No contributions should be accepted which have conditions or restrictions attached.

.31 Under no circumstances can a candidate's campaign accept contributions on behalf of or intended for another candidate's campaign.

SOLICITING CONTRIBUTIONS

.32 All forms of communication, including literature, used in connection with any solicitation of contributions by or on behalf of a registered candidate must clearly identify the candidate's campaign as being the recipient or beneficiary of such contributions, and must be authorized by the candidate's CFO as prescribed by Guideline LG14.15.

ACTIVITIES OUTSIDE THE PURPOSES OF THE ACT

.33 Contributions to registered candidates which are expressly solicited for purposes other than campaign purposes as authorized by the Act, while not prohibited, do not qualify for the tax credit or rebate from the municipality.

Official tax receipts must not be issued for such contributions. However, all such contributions must be recorded separately in the financial records of the registered candidate and reported to the Commission. In addition, such contributions must not be used for the candidate's campaign purposes.

Act references 138(1) and 146

RÈGLES CONCERNANT LES CONTRIBUTIONS

GÉNÉRALITÉS

.01 La loi stipule un certain nombre d'exigences visant l'acceptation de contributions pour le compte d'un candidat inscrit. Le DF du candidat inscrit devrait connaître parfaitement ces dispositions. Il y a lieu de signaler en particulier les formalités d'enregistrement des contributions exposées dans les Lignes directrices LG05.21 à LG05.26. Comme il est impossible de déterminer à l'avance si le total des contributions d'une source unique dépassera ou non le plafond prescrit par la loi, il est nécessaire de **consigner à la fois le nom et l'adresse du donateur et le montant de chaque contribution reçue.**

On ne peut solliciter ou accepter de contributions pour le compte d'une personne qui désire être élue à un poste de l'administration municipale qu'après le 1er janvier et l'inscription de la personne à titre de candidat. Si, par erreur, des contributions ont été acceptées avant l'inscription et qu'il n'a pas été possible de les retourner au donateur, il faut les verser à la Commission. Le candidat peut s'inscrire au plus tôt le 1er janvier d'une année d'élection ordinaire.

Renvois à la loi 143 (1), 143 (4), 146 (1) et 161

RESTRICTIONS VISANT LE MOMENT ET LE MONTANT DES CONTRIBUTIONS

.02 On ne peut accepter de contributions pour le compte du candidat qu'après le 1er janvier d'une année d'élection ordinaire et seulement si le candidat est inscrit. **La date à laquelle le candidat peut devenir au plus tôt un candidat inscrit est le 1er janvier.** En conséquence, la période de campagne électorale du candidat commence à la plus tardive des dates suivantes, à savoir le 1er janvier et l'inscription du candidat. Cette période prend fin le 31 mars de l'année qui suit l'élection ordinaire.

Renvois à la loi 138 (1), 143 (1) et 143 (4)

.03 Au cours d'une période de campagne électorale, un particulier, une personne morale ou un syndicat peut verser une contribution en espèces, biens et services jusqu'à concurrence de 750 $ à l'intention d'un candidat inscrit, et jusqu'à concurrence de 5 000 $ à l'intention des candidats qui désirent être élus à un poste au sein du même conseil, conseil scolaire ou conseil local. **Les contributions en espèces ne sauraient dépasser 25 $.**

Renvois à la loi 146 (2) et 148 (1)

PROPRES FONDS DU DONATEUR

.04 Les contributions ne peuvent provenir que de fonds appartenant au donateur.

Renvoi à la loi 149 (1)

MODES DE VERSEMENT DES CONTRIBUTIONS

.05 Si une contribution à un candidat inscrit est versée en une somme d'argent dont le montant est supérieur à 25 $, elle doit se faire selon l'une des formes suivantes :

a) par chèque, portant lisiblement imprimé le nom du donateur, signé par celui-ci et tiré sur un compte au nom du donateur, ou

b) par mandat signé par le donateur, ou

c) par carte de crédit sur laquelle le nom du donateur est imprimé ou gravé en relief.

Renvoi à la loi 146 (2)

DONATEURS ADMISSIBLES

.06 Seuls peuvent verser des contributions pour le compte d'un candidat inscrit :

- un particulier qui réside ordinairement en Ontario;

- une personne morale qui exerce des activités en Ontario. Si la personne morale exerce ses activités selon la définition de la Ligne directrice LG07, elle remplit les conditions requises pour être donatrice;

- un syndicat, selon la définition qu'en donne la **Loi sur les relations de travail** ou le **Code canadien du travail**, titulaire de droits de négociation pour le compte de travailleurs en Ontario auxquels ces lois s'appliquent, notamment les conseils du travail de district, régionaux ou centraux situés en Ontario;

- un particulier qui sert dans les Forces armées, le service diplomatique ou un genre analogue d'emploi à l'étranger si le domicile normal de cette personne est situé en Ontario.

Renvoi à la loi 158

DONATEURS INADMISSIBLES

.07 Les DF et les personnes autorisées à accepter des contributions **doivent se garder d'en accepter qui proviennent des sources suivantes** :

- oeuvres de charité ou associations constituées à des fins de charité au sens de la **Loi de l'impôt sur le revenu** (Canada);

- sociétés publiques, comme des hôpitaux publics, des conseils scolaires, des municipalités, des organismes de la Couronne, des conseils ou commissions auxquels la loi ou le common law interdit, en général, de verser des contributions politiques;

- partis politiques fédéraux inscrits, leurs associations et candidats;

- partis politiques provinciaux inscrits, leurs associations, candidats et candidats à la direction d'un parti;

- personnes morales qui ne réunissent pas les conditions requises selon la Ligne directrice LG07;

- associations ou organismes sans personnalité morale, sociétés de personnes commerciales et professionnelles, notamment les cabinets d'avocats, sauf ce qui est prévu à la Ligne directrice LG10.

Renvois à la loi 150 et 156

FONDS APPARTENANT AU CANDIDAT

.08 Les fonds appartenant à un candidat ou à son conjoint peuvent être utilisés dans le cadre de la campagne électorale du candidat. Ces fonds sont réputés constituer une contribution à cette campagne électorale et il y a lieu de les déposer dans le compte de campagne électorale du candidat. Ces fonds ne sont pas assujettis au plafond de contribution de 750 $. Ils ne doivent toutefois pas dépasser la limite imposée aux dépenses liées à la campagne électorale.

Renvois à la loi 146 (3) et 148 (2)

CONTRIBUTIONS DE GROUPE

.09 Il est possible de verser des contributions à un candidat inscrit par l'intermédiaire d'une association ou organisation sans personnalité morale si celle-ci réunit les conditions requises dans la Ligne directrice LG10.

Les sociétés de personnes et les coentreprises sont des exemples d'associations ou organisations sans personnalité morale. Pour que la contribution soit acceptable, l'association ou organisation sans personnalité morale **doit fournir au DF une liste écrite précisant le nom et l'adresse de chaque personne, personne morale ou syndicat qui a participé à la contribution, et le montant contribué par chacun**. Un récépissé sera délivré à chaque particulier, personne morale ou syndicat ainsi nommé.

Renvois à la loi 149 (1) et 156

Par exemple, le club de bridge du lundi après-midi, sans personnalité morale, désire verser une contribution de 1 500 $ à un candidat inscrit. Cette contribution doit être ventilée selon les sources et montants particuliers. Par exemple, parmi les membres du club, M. A. peut avoir versé 500 $, M^me^ B. 500 $, M. C. 300 $ et M^me^ D. 200 $. **Le DF du candidat inscrit doit consigner ces données par écrit avant d'accepter la contribution et de délivrer un récépissé officiel à chacun des membres du club qui a versé une contribution.**

Un autre exemple concerne une contribution des associés d'une société de personnes de profession libérale, comme un cabinet de comptables agréés, d'avocats, de dentistes, etc. Cette contribution doit, elle aussi, être ventilée selon les sources et montants comme dans le premier exemple. **Le DF doit, cette fois encore, disposer de toutes les données par écrit avant d'accepter la contribution et de délivrer des récépissés officiels individuels aux associés nommés dans la liste.**

Encore un autre exemple d'organisation sans personnalité morale est une entreprise organisée en société de personnes, **sans être** une société commerciale, comme le garage Bernard et Jean qui est une société de personnes entre Bernard X et Jean Z. Le DF doit faire bien attention à noter qu'il s'agit bien d'une entreprise sans personnalité morale. Comme dans le premier exemple, **le DF doit avoir par écrit les renseignements concernant les associés et le montant de chaque contribution avant d'accepter la contribution et de délivrer aux associés nommés les récépissés officiels individuels.**

CONTRIBUTIONS ANONYMES

.10 **L'organisation de campagne électorale du candidat ne doit pas utiliser** les contributions anonymes reçues par le DF du candidat, sauf dans le cadre d'une collecte de fonds lors d'assemblées visée à la Ligne directrice LG05.13. Le DF doit retourner ces contributions à leur donateur si celui-ci peut être identifié, sinon il doit les verser à la Commission.

Renvoi à la loi 147 (2)

QUI PEUT ACCEPTER DES CONTRIBUTIONS

.11 **Un candidat inscrit ne peut accepter de contributions.** Seuls le DF ou d'autres personnes autorisées dont le nom figure aux dossiers de la Commission peuvent accepter des contributions pour le compte d'un candidat inscrit, et seul le DF peut délivrer des récépissés officiels accusant réception des contributions acceptées. C'est pourquoi il y a lieu de remettre immédiatement au DF du candidat toutes les contributions recueillies par d'autres, par exemple dans le cas d'une collecte de porte en porte, accompagnées de la liste des noms et adresses des donateurs et du montant de chaque contribution.

Même si la loi permet à d'autres personnes autorisées dont le nom figure aux dossiers de la Commission d'accepter des contributions, c'est au DF qu'il incombe de veiller à ce que les contributions supérieures à 25 $ soient versées au moyen d'un chèque tiré sur le propre compte de banque du donateur, d'un mandat signé par le donateur ou d'un bordereau de la carte de crédit du donateur, et que les contributions d'associations ou d'organisations sans personnalité morale, comme le précise la Ligne directrice LG10, soient accompagnées d'une liste des personnes ayant participé à la contribution et du montant de chaque contribution.

Renvois à la loi 146 (2) et 160

REMBOURSEMENT DE CONTRIBUTIONS

.12 Si le DF d'un candidat apprend qu'une contribution a été versée ou acceptée en violation d'une des dispositions de la loi, notamment :

- des contributions versées avant l'inscription du candidat auprès du secrétaire de la municipalité,
- des contributions versées en dehors de la période de campagne électorale,
- des contributions provenant de sources non identifiables ou anonymes,
- des contributions de sources non permises en vertu de la Ligne directrice LG05.06,
- des contributions dépassant le plafond de 750 $,
- des contributions dépassant au total 5 000 $,
- des contributions en argent dépassant 25 $,
- des contributions de fonds n'appartenant pas au donateur, sauf celles mentionnées dans la Ligne directrice LG10, ou
- des contributions d'un parti politique fédéral ou provincial ou de leurs organisations respectives,

le DF doit retourner au donateur la contribution ou une somme équivalente dans les trente jours qui suivent le moment où il prend connaissance du fait, si aucun récépissé officiel n'a été délivré accusant réception de la contribution.

Si un récépissé officiel a été délivré, le DF ne doit pas rembourser la contribution tant qu'il n'a pas récupéré la copie du donateur.

Si un récépissé officiel a été délivré et que le donateur ne retourne pas le récépissé aux fins d'annulation, il faut verser à la Commission une somme équivalant à la contribution.

Renvoi à la loi 147 (1)

COLLECTES DE FONDS LORS D'ASSEMBLÉES

.13 Dans le cadre d'une collecte de fonds pour un candidat inscrit lors d'une assemblée générale, des dons ne dépassant pas 10 $ peuvent être effectués anonymement et ne sont pas considérés comme des contributions au candidat inscrit. Ces fonds doivent, toutefois, être déclarés dans l'état financier à déposer auprès de la Commission conformément aux dispositions de la Ligne directrice LG19.

Renvois à la loi 154 et 169 (1)

CONTRIBUTIONS PROVENANT D'ACTIVITÉS DE FINANCEMENT

.14 Les fonds recueillis au cours d'une activité de financement sont des contributions.

Les frais imposés dans le cadre d'une activité de financement constituent une contribution et il faut délivrer un récépissé officiel pour le montant des frais dans leur totalité. Le DF doit consigner le nom et l'adresse de chaque donateur et, si le montant de la contribution dépasse 100 $, le nom et l'adresse du donateur doivent être déclarés dans l'état financier à déposer auprès de la Commission.

Si les frais d'entrée sont supérieurs à 25 $, leur montant doit être payé par chèque, mandat ou carte de crédit.

Toute autre recette recueillie dans le cadre d'une activité de financement, par exemple les ventes de rafraîchissements, doit être consignée et déclarée dans l'état financier qu'il faut déposer auprès de la Commission.

Par exemple, si l'organisation de campagne électorale du candidat organise un dîner dansant dont le prix d'entrée est de 50 $, le montant intégral constitue une contribution et il faut délivrer un récépissé officiel.

Renvois à la loi 153 (3), 153 (4) et 169 (1)

CONTRIBUTIONS DE BIENS ET SERVICES

.15 Les biens et les services fournis à un candidat inscrit par un fournisseur au cours d'une période de campagne électorale doivent être considérés comme une contribution.

Chaque fois que sont fournis des biens ou des services, on considère qu'une dépense d'une valeur équivalente a été engagée.

La valeur des biens et services aux fins de la loi est censée être la valeur marchande la plus basse pour des biens ou services semblables au moment où ils sont fournis.

Renvois à la loi 151 et 152

Par exemple, si le candidat paie 150 $ pour l'impression de prospectus, alors que le prix au détail le plus bas exigé d'autres clients est de 275 $, la différence de 125 $ est réputée constituer une contribution de l'imprimeur au candidat.

LE TRAVAIL BÉNÉVOLE N'EST PAS UNE CONTRIBUTION

.16 Le travail bénévole qui n'est pas rémunéré par la campagne électorale du candidat n'est pas considéré comme une contribution au candidat inscrit.

Renvoi à la loi 138 (1)

Prenons le cas d'un groupe auxiliaire qui fait bénévolement des sandwichs pour les travailleurs du candidat et leur en fait don. La matière première constitue une contribution, mais la valeur ajoutée représentée par la préparation bénévole des sandwichs n'en est pas une. Par contre, si un traiteur fait don de sandwichs, cela constitue une contribution au candidat inscrit.

.17 Les services fournis bénévolement par un particulier **ne** sont **pas** considérés comme une contribution au candidat inscrit si le particulier n'est pas rémunéré par le candidat ou par un autre particulier, une personne morale ou un syndicat et ne reçoit pas d'une source quelconque, conformément à une entente avec son employeur, une rémunération supérieure à celle qu'il recevrait normalement durant la période pendant laquelle il a fourni ces services. **Il est à noter qu'il doit s'agir de services effectivement fournis par le particulier.**

Renvoi à la loi 138 (1)

Par exemple, si un bénévole offre de dactylographier des lettres sur sa propre machine à écrire, ce n'est pas une contribution au candidat inscrit. De même, si des employés bénéficient de temps libre à leur lieu de travail pour travailler bénévolement pour le candidat, ce n'est pas une contribution. Mais si un particulier prête des biens comme une machine à écrire ou une voiture, ou met un local à la disposition du candidat, la valeur de cet usage doit être considérée comme une contribution. La différence entre les deux derniers exemples réside dans le fait que, dans le dernier cas, il n'y a pas de services effectivement fournis par la donateur.

PUBLICITÉ POLITIQUE

.18 La publicité fournie par un particulier, une personne morale ou un syndicat pour le compte d'un candidat inscrit qui en a connaissance et y donne son consentement **est considérée à la fois comme une contribution au candidat inscrit et comme une dépense liée à la campagne électorale.**

Renvoi à la loi 152 (1)

.19 La promotion de l'élection d'un candidat inscrit ou la manifestation d'une opposition à l'élection d'un autre candidat :

- en faisant paraître une publicité grâce aux installations d'une entreprise de radiodiffusion,
- en faisant passer une annonce dans un journal, une revue ou une autre publication périodique,
- en faisant imprimer des brochures ou d'autres écrits,
- en recourant à des moyens de publicité extérieure comme des panneaux,

constituent à la fois une contribution et une dépense liée à la campagne électorale.

Renvois à la loi 138 (1) et 152 (1)

LA RADIOTÉLÉDIFFUSION GRATUITE N'EST PAS UNE CONTRIBUTION

.20 Si des installations de radiotélédiffusion sont offertes gratuitement conformément aux dispositions, règlements et directives de la **Loi sur la radiodiffusion (Canada),** la prestation de ce temps d'antenne gratuit **n'est pas considérée comme une contribution** au candidat inscrit **ou une dépense liée à sa campagne électorale.**

Renvoi à la loi 152 (2)

DÉPÔT, ENREGISTREMENT ET DÉCLARATION DES CONTRIBUTIONS

.21 Les sommes d'argent acceptées pour le compte d'un candidat inscrit, y compris les fonds appartenant au candidat ou à son conjoint, doivent être déposées dans le compte de campagne électorale du candidat ouvert à l'institution financière dont le nom figure aux dossiers de la Commission.

Pour faciliter l'examen et la vérification des documents, il y a lieu de remplir des duplicata de bordereaux de dépôt pour tous les dépôts en banque dans lesquels sont consignés les noms des donateurs dont on a reçu des chèques, des mandats ou des bordereaux de carte de crédit.

Les contributions reçues par carte de crédit sont déclarées comme acceptées lorsque :

a) elles sont déposées dans le compte de campagne électorale du candidat, ou

b) elles sont remises à l'émetteur de la carte aux fins de paiement,

et elles doivent être accompagnées de détails sur le donateur. Voir Ligne directrice LG17.04.

Renvois à la loi 145 (3) b), 145 (3) ba) et 146 (3)

.22 Aux fins d'enregistrement, de déclaration et de délivrance de récépissés officiels, les contributions versées :

a) en espèces, par chèque ou par mandat sont considérées comme «**acceptées**» au moment où elles **sont déposées** dans le compte de campagne électorale ouvert à l'institution financière dont le nom figure aux dossiers de la Commission;

b) moyennant un bordereau de carte de crédit sont considérées comme «**acceptées**» à la date à laquelle le bordereau de carte de crédit est déposé ou remis par le DF à l'émetteur de la carte aux fins de paiement.

.23 Le DF de chaque candidat inscrit doit consigner le nom et l'adresse de chaque donateur ainsi que le montant reçu de chacun d'eux. En outre, si lesdites contributions, y compris les biens, les services et la publicité, en provenance d'une source unique ont une valeur globale supérieure à 100 $, le DF doit consigner le nom et l'adresse du donateur dans l'état financier qu'il faut déposer auprès de la Commission.

Renvois à la loi 152 (1), 161 et 169 (1)

.24 Il faut déclarer toutes les contributions qui ont été consignées **durant une période de campagne électorale** dans l'état financier que le DF du candidat doit déposer auprès de la Commission au plus tard le 30 juin de l'année qui suit l'année d'élection ordinaire.

Renvois à la loi 138 (1), 161 et 169 (1)

.25 Le DF du candidat doit **consigner** et **déclarer** dans l'état financier à déposer auprès de la Commission le montant brut des fonds recueillis pour le compte d'un candidat au cours d'une assemblée générale.

Renvois à la loi 154 et 169 (1)

.26 Si l'on recueille des fonds pour le compte d'un candidat lors d'une activité comme un souper, une danse, une réception en plein air ou tout autre événement, le DF du candidat **doit consigner** la recette brute provenant de cette activité et la **déclarer** dans l'état financier à déposer auprès de la Commission. Voir Ligne directrice LG08.

Renvois à la loi 153 (3) et 169 (1)

RÉCÉPISSÉS DE CONTRIBUTIONS

.27 Il faut délivrer des récépissés officiels à des fins de crédit d'impôt ou de dégrèvement, pour **toute** contribution reçue dans le cadre de la campagne électorale du candidat, et il incombe au DF du candidat de s'assurer que l'on remplit un récépissé en bonne et due forme pour chaque contribution acceptée.

Renvoi à la loi 155 (1)

ACCEPTATION DE CONTRIBUTIONS

.28 Si un chèque représentant une contribution est tiré sur un compte de banque personnel en commun, le récépissé doit être délivré seulement à la personne qui a signé le chèque. Si deux personnes ont signé un chèque tiré sur un compte de banque personnel en commun, le DF doit déterminer qui a fait la contribution et délivrer le(s) récépissé(s) à la (aux) personne(s) qui a (ont) signé le chèque.

.29 L'usage de chèques postdatés n'est pas interdit parce qu'ils ne sont pas négociables avant la date d'effet. Les chèques, postdatés ou non, ne sont pas considérés comme des contributions acceptées tant qu'ils n'ont pas été déposés. Une contribution effectuée par un chèque postdaté n'échappe pas aux plafonds imposés aux contributions.

Renvois à la loi 146 (2), 146 (3) et 148 (1)

.30 On ne doit pas accepter de contributions grevées de conditions ou de restrictions.

.31 En aucun cas, le compte de campagne électorale d'un candidat ne peut accepter de contributions faites pour le compte ou à l'intention du compte de campagne d'un autre candidat.

SOLLICITATION DE CONTRIBUTIONS

.32 Tous les moyens de communication, notamment la documentation, utilisés dans le cadre d'une sollicitation de contributions par un candidat inscrit ou pour son compte, **doivent clairement préciser que le compte de campagne électorale du candidat est le bénéficiaire de ces contributions** et ils doivent être autorisés par le DF du candidat conformément à la Ligne directrice LG14.15.

ACTIVITÉS ÉTRANGÈRES AUX FINS DE LA LOI

.33 Les contributions aux candidats inscrits expressément sollicitées à d'autres fins que celles de la campagne électorale autorisées par la loi ne sont pas interdites, mais elles ne remplissent pas les conditions requises pour bénéficier d'un crédit ou dégrèvement d'impôt de la part de la municipalité.

On ne doit pas délivrer de récépissés officiels pour ce genre de contributions. Celles-ci doivent, toutefois, être consignées à part dans les registres financiers du candidat inscrit et communiquées à la Commission. En outre, ces contributions **ne doivent pas** servir aux fins de la campagne électorale du candidat.

Renvois à la loi 138 (1) et 146

USE OF A CANDIDATE'S OWN FUNDS

.01 Persons seeking local government office **must not** contribute to their own campaign or expend any funds for their own campaign until they are registered a candidate.

Act reference 143(4)

.02 When a candidate's own funds, or those of the candidate's spouse, are used for that candidate's political campaign, the candidate's funds are deemed to be a contribution to that candidate's campaign, but such funds are not subject to the contribution limits.

Act references 148(2) and 166

.03 As with all other contributions, any monies contributed to the political campaign by the registered candidate from the candidate's own personal funds or those of the candidate's spouse **must be deposited** in the campaign account with the financial institution on record with the Commission.

Act references 145(3)(b), 145(3)(ba) and 146(3)

UTILISATION DES PROPRES FONDS D'UN CANDIDAT

.01 Les particuliers qui désirent être élus à un poste de l'administration municipale **ne doivent pas** verser de contribution à leur propre campagne électorale ni dépenser de fonds à cette fin à moins d'être inscrits comme candidats.

Renvoi à la loi 143 (4)

.02 Lorsque les propres fonds d'un candidat ou ceux de son conjoint sont utilisés dans le cadre de la campagne électorale de ce candidat, ces fonds sont considérés comme une contribution à la campagne électorale de ce candidat. Il ne sont toutefois pas assujettis au plafond fixé pour les contributions.

Renvois à la loi 148 (2) et 166

.03 Comme c'est le cas de toutes les autres contributions, les contributions en espèces à la campagne électorale versées par le candidat inscrit à même ses propres fonds ou ceux de son conjoint **doivent être déposées** dans le compte de campagne électorale ouvert à l'institution financière dont le nom figure aux dossiers de la Commission.

**Renvois à la loi 145 (3) b),
145 (3) ba) et 146(3)**

CORPORATE CONTRIBUTIONS

GENERAL

.01 A corporation, in order to be eligible to make a contribution to a registered candidate under the Act, must carry on business in the Province of Ontario.

ASSOCIATED CORPORATIONS

Corporations that are associated with one another within the meaning of section 256 of the Income Tax Act (Canada) are considered to be a **single corporation** for the purpose of the Act.

Act reference 138(2)

Many corporations carry on business through subsidiaries and affiliated companies. Such corporations are deemed to be a single corporation for the purposes of the Act. For example, corporation A controls companies B and C. The three corporations are considered to be one corporation and could only make a maximum contribution of $750 to a candidate. CFOs should, take extra care to ensure that the corporate contributors comply with the $750 contribution limit.

ELIGIBILITY CRITERIA

.02 For the purposes of Guideline LG07.01, the Commission will consider any of the following criteria as acceptable evidence that a corporation is carrying on business in the Province of Ontario and is eligible to make a political contribution:

(a) the corporation maintains an office or establishment in the Province of Ontario for the purpose of carrying on its business activities to which one or more employees report to work,

(b) the corporation enters into contracts in the Province of Ontario on a regular basis either through its officers, employees or agents having general authority to act on its behalf,

(c) the corporation is an extra-provincial corporation licensed to carry on business in the Province of Ontario pursuant to Part IX of the Corporations Act (Ontario), or

(d) the corporation is taxable in the Province of Ontario pursuant to the Corporations Tax Act (Ontario).

ONUS ON CORPORATION

.03 Where a corporation is unable to meet at least one of the criteria set out in Guideline LG07.02, the onus is on the officers of that corporation to satisfy the Commission that the corporation is eligible under the Act to make political contributions to candidates in Ontario local government elections.

PUBLIC OR CHARITABLE CORPORATIONS NOT ELIGIBLE

.04 Corporations which have been established for charitable purposes within the meaning of the **Income Tax Act (Canada)**, or are of a public character such as public hospitals, school boards, municipalities, crown agencies, boards or commissions, are, in general, prohibited by statute or common law from making political contributions.

CFO'S DUTY

.05 CFOs should make reasonable efforts to satisfy themselves that the contributing corporation is entitled by statute or common law to make political contributions.

CONTRIBUTIONS DE PERSONNES MORALES

GÉNÉRALITÉS

.01 Pour être admise à verser une contribution à un candidat inscrit aux termes de la loi, la personne morale doit exercer des activités en Ontario.

PERSONNES MORALES ASSOCIÉES

Les personnes morales (corporations) qui sont associées à une autre au sens de l'article 256 de la **Loi de l'impôt sur le revenu (Canada)** sont considérées comme une **seule et même personne morale** pour l'application de la loi.

Renvoi à la loi 138 (2)

Bon nombre de personnes morales exercent des activités par l'intermédiaire de filiales ou sociétés affiliées. Ces personnes morales sont réputées constituer une seule personne morale pour l'application de la loi. Par exemple, la personne morale A a la maîtrise des personnes B et C. Les trois personnes morales sont considérées comme une **seule personne morale** et ne peuvent verser à un candidat une contribution supérieure à 750 $. Les DF doivent donc veiller avec soin à ce que les personnes morales donatrices respectent le plafond de contribution de 750 $.

CRITÈRES D'ADMISSIBILITÉ

.02 Aux fins de la Ligne directrice LG07.01, la Commission considère que l'un quelconque des critères suivants est une preuve suffisante qu'une personne morale exerce des activités en Ontario et est admissible à faire une contribution politique :

a) la personne morale maintient, en vue d'y exercer des activités, un bureau ou un établissement en Ontario dans lequel travaillent un ou plusieurs employés;

b) la personne morale passe des contrats en Ontario de façon régulière par l'intermédiaire de cadres, employés ou mandataires habilités à agir pour son compte;

c) la personne morale extra-provinciale détient un permis d'exercer des activités en Ontario conformément à la partie IX de la **Loi sur les personnes morales (Ontario)**; ou

d) la personne morale paie des impôts à l'Ontario conformément à la **Loi sur l'imposition des corporations (Ontario)**.

L'ADMISSIBILITÉ INCOMBE À LA PERSONNE MORALE

.03 Si la personne morale n'est pas en mesure de satisfaire à au moins un des critères énoncés à la Ligne directrice LG07.02, il incombe à ses dirigeants de convaincre la Commission que la personne morale est admissible aux termes de la loi à verser des contributions politiques à des candidats aux élections municipales de l'Ontario.

INADMISSIBILITÉ DE PERSONNES MORALES PUBLIQUES OU DE BIENFAISANCE

.04 La loi ou la common law interdit en général aux personnes morales qui ont été constituées à des fins de bienfaisance au sens de la **Loi sur l'impôt sur le revenu (Canada)** ou qui ont un caractère public comme les hôpitaux publics, les conseils scolaires, les municipalités, les sociétés de la Couronne, les conseils ou commissions de faire des contributions politiques.

OBLIGATION DU DF

.05 Les DF doivent faire tout ce qu'ils peuvent pour s'assurer que la loi ou la common law permet effectivement à telle personne morale donatrice de verser des contributions politiques.

FUND-RAISING ACTIVITIES

GENERAL

.01 Fund-raising activities are all organized activities held for the purpose of raising monies for a registered candidate by whom or on whose behalf the activity is held. Such organized activities include dinners, dances, garden parties, etc., for which an admission charge is made as well as auctions, button sales, car washes, mail solicitations, etc. for which no admission charge is made. Seminars, workshops, policy conferences, and similar events may not be considered to be fund-raising activities for the purposes of the Act.

Act reference 153(1)

GROSS INCOME TO BE REPORTED

.02 The gross income from each fund-raising activity must be recorded and reported in the financial statements to be filed by the CFO with the Commission. It is also required that in reporting the gross income for each activity the income from ticket sales be shown separately from other income, for example refreshments sold.

Act references 153(3) and 169(1)

A CHARGE IS A CONTRIBUTION

.03 Where a charge is made for a fund-raising activity the entire charge is deemed to be a contribution to the registered candidate by whom or on whose behalf the activity is held and an official receipt must be issued for the full amount.

Should any charge exceed $25, the entire amount must be paid for by cheque, money order or credit card.

Act references 153(4) and 146(2)

.04 Any amount paid for goods or services offered for sale during any fund-raising activity in excess of their fair market values shall be considered to be a contribution for the purposes of the Act. To determine fair market value see Guideline LG13.03.

Act reference 153(5)

For example, an auction is held to raise funds. Ms. A donates a painting valued at $130 which is bought by Mr. X at the auction for $350. Official tax credit receipts must be issued to Ms. A for $130 and to Mr. X for $220, the latter amount being the difference between the value of the painting and the price for which it was purchased by Mr. X.

.05 Whatever the fund-raising activity, gross income and gross expenses must be recorded and reported in the financial statement to be filed with the Commission.

Act reference 169(1)

FUND-RAISING EXPENSES NOT SUBJECT TO CAMPAIGN LIMITS

.06 The limitation on campaign expenses in the period commencing January 1 in an election year and terminating on polling day does not apply to expenses incurred in holding a fund-raising activity.

However, mail solicitation to potential contributors must be a genuine solicitation of funds and must not be a disguised form of campaigning.

.07 The Commission has determined that the exempt status of advertising done in relation to a fund-raising activity, both from the campaign expense limitation and the campaign non-partisan advertising period between January 1 in an election year and polling day, i.e. the period outside the twenty-eight day allowable period, must conform with the provisions of Guideline LG14.06.

IDENTIFICATION OF CANDIDATE REQUIRED

.08 All literature and other communication used in connection with the sale of tickets to a fund-raising activity, and any other associated solicitation of contributions must clearly identify the registered candidate on whose behalf the fund-raising activity is being held and must be authorized by the CFO of the registered candidate involved in accordance with Guideline LG14.15.

Act references 138(1), 152(5) and 164(1)

ACTIVITÉS DE FINANCEMENT

GÉNÉRALITÉS

.01 Les activités de financement sont toutes organisées en vue de recueillir des fonds pour le candidat inscrit par qui ou pour le compte de qui l'activité a lieu. Ces activités organisées comprennent des dîners, des danses, des réceptions en plein air pour lesquels on perçoit des frais d'entrée. Il peut s'agir aussi de ventes aux enchères, ventes de macarons, lavages de voitures, sollicitations postales, etc., pour lesquels on ne perçoit pas de frais d'entrée. Les séminaires, ateliers, conférences de politiques et activités du même genre ne sont pas considérés comme des activités de financement pour l'application de la loi.

Renvoi à la loi 153 (1)

DÉCLARATION DES RECETTES BRUTES

.02 Le DF doit consigner le montant des recettes brutes provenant de chaque activité de financement et le déclarer dans les états financiers à déposer auprès de la Commission. Il est en outre exigé que, dans la déclaration des recettes brutes de chaque activité, la recette des ventes de billets soit consignée séparément des autres recettes, par exemple, les ventes de rafraîchissements.

Renvois à la loi 153 (3) et 169 (1)

LES FRAIS EXIGÉS SONT UNE CONTRIBUTION

.03 Lorsqu'une activité de financement comporte la perception de frais, la totalité des frais est considérée comme une contribution au candidat inscrit par qui ou pour le compte de qui l'activité est organisée et un récépissé officiel doit être délivré pour le montant intégral des frais.

Si les frais sont supérieurs à 25 $, le montant intégral doit être payé par chèque, mandat ou carte de crédit.

Renvois à la loi 153 (4) et 146 (2)

.04 Toute somme payée pour des biens ou services offerts en vente au cours d'une activité de financement au-delà de leur juste valeur marchande doit être considérée comme une contribution pour l'application de la loi. Pour déterminer la juste valeur marchande, se reporter à la Ligne directrice LG13.03.

Renvoi à la loi 153 (5)

Par exemple, une vente aux enchères a lieu en vue de recueillir des fonds. M^{me} A fait don d'un tableau évalué à 130 $, qui est acheté aux enchères par M. X pour 350 $. Il faut délivrer deux récépissés officiels aux fins de l'impôt, un à M^{me} A pour 130 $, et un à M. X pour 220 $, cette dernière somme étant la différence entre la valeur du tableau et le prix auquel M. X l'a acheté.

.05 Quelle que soit l'activité de financement, les recettes et les dépenses brutes doivent être consignées et déclarées dans l'état financier à déposer auprès de la Commission.

Renvoi à la loi 159 (1)

DÉPENSES ÉCHAPPANT AUX RESTRICTIONS

.06 La restriction aux dépenses liées à la campagne électorale pendant la période comprise entre le 1er janvier d'une année d'élection et le jour du scrutin ne s'applique pas aux dépenses engagées pour la réalisation d'une activité de financement.

La sollicitation postale auprès de donateurs éventuels doit, toutefois, être une authentique sollicitation de fonds et non une forme déguisée de campagne électorale.

.07 La Commission a déterminé que le statut d'exception dont bénéficie la publicité relative à une activité de financement, quant aux restrictions aux dépenses liées à la campagne électorale et quant à la période de publicité non partisane reliée à la campagne entre le 1er janvier d'une année d'élection et le jour du scrutin, à savoir la période en dehors de la période admissible de vingt-huit jours, doit être conforme aux dispositions de la Ligne directrice LG14.06.

IDENTIFICATION OBLIGATOIRE DU CANDIDAT

.08 Toute la documentation et tout autre moyen de communication utilisés dans le cadre de la vente de billets à une activité de financement, et toute autre sollicitation connexe doivent indiquer clairement le candidat inscrit pour le compte duquel l'activité a lieu et être autorisés par le DF du candidat inscrit en cause conformément à la Ligne directrice LG14.15.

Renvois à la loi 138 (1), 152 (5) et 164 (1)

CONTRIBUTIONS OF GOODS AND SERVICES

.01 This Guideline provides guidance to CFOs on what constitutes a contribution of goods and services under the Act.

SERVICES PROVIDED BY THE VOLUNTEER

.02 Voluntary labour which is not paid for is not considered to be a contribution. For example, if a group of voluntary workers make up lawn signs for a candidate, while the raw materials themselves constitute a contribution, the added value of the voluntary unpaid labour in making the signs is not a contribution. But, if a printing business has its paid employees print the lawn signs, this is a contribution of goods and services.

Act reference 138(1)

.03 Service performed voluntarily by an individual without compensation from the volunteer's employer or from any person, corporation or trade union, pursuant to an arrangement with the volunteer's employer, in excess of that which the volunteer would normally receive during the period of the voluntary service being performed is not considered to be a contribution.

Note that the services in this instance are those which are actually performed by the individual. For example, if a person volunteers to transport voters to the polls on polling day in the volunteer's own car, this is not considered a contribution. Similarly, if employees are given time off from their jobs in order to work voluntarily, this is not a contribution.

The situation is different, however, where a person provides a vehicle or a person donates office space. Neither constitutes a service that has been performed by the donor personally. Consequently the provision of the vehicle or the office space constitutes a contribution and a campaign expense.

Act reference 138(1)

.04 Where services are volunteered, no contract of employment is considered to exist and no payment for services is expected by the volunteer. Therefore, no official receipt should be issued as a gratuitous acknowledgment of the services provided.

VALUATION OF GOODS AND SERVICES SUPPLIED

.05 The Act provides that where goods or services are provided by a supplier for a price that is less than the value of the goods or services as set forth below:

(a) where the contributor is in the business of supplying such goods or services, the lowest amount charged by the contributor for an equivalent amount of similar goods and services at or about the time and in the market area in which the goods or services are provided, and

(b) where the contributor is not in the business of supplying such goods or services, the lowest amount charged, at or about the time the goods or services are provided, by any other person or corporation providing similar goods or services on a commercial basis in the market area in which the goods or services are provided,

the amount that the price is less than such value is a contribution for purposes of the Act.

Act reference 151

GOODS AND SERVICES CONTRIBUTION/EXPENSE RECORDING AND REPORTING

.06 All donated goods or services are considered to be contributions for the purposes of the Act, and an expense in the equivalent value is considered to have been incurred.

SUPPORTING DOCUMENTATION

.07 In every instance where a contribution of goods or services is considered to have been made, the contribution of goods or services should be supported by the rendering of an invoice by the supplier of the goods or services. Similarly, where a person provides services and part or all of the agreed upon fee is considered by the person to be a contribution, the person should render an account for the services rendered and indicate on the statement of account the amount which the contributor considers a contribution.

The rendering of an invoice by a supplier or, in the case of a person rendering services, a statement of account is important not only to support the amount for which the official receipt has been issued but also to place the onus on the supplier or person to file an income tax return which includes this amount as income.

POLITICAL ADVERTISING

.08 Political advertisements arranged and paid for by any person, corporation or trade union and placed with the knowledge and consent of the registered candidate are considered contributions of goods and services.

This type of activity is considered to be a contribution to the registered candidate and the coincident expense is considered to have been incurred. See Guideline LG09.06.

Act reference 152

UNPAID AMOUNTS

.09 If suppliers of goods or services are not paid or have agreed not to accept payment, such non-payment will constitute a contribution of a good or service and must be receipted as such within the limitations prescribed by the Act. All suppliers should be paid promptly within the normal credit terms as provided by the supplier. Any delay in payment could give rise to treatment as a deemed contribution.

Act reference 151

CONTRIBUTIONS DE BIENS ET SERVICES

.01 Cette Ligne directrice vise à orienter le DF quant à la nature d'une contribution de biens et services aux termes de la loi.

SERVICES FOURNIS PAR LES BÉNÉVOLES

.02 Le travail bénévole non rémunéré n'est pas considéré comme une contribution. Par exemple, si un groupe de travailleurs bénévoles fabriquent des affiches de pelouse pour un candidat, bien que les matières premières utilisées constituent en elles-mêmes une contribution, la valeur ajoutée de travail bénévole non rémunéré n'est pas une contribution. Mais si une entreprise exploitant une imprimerie fait imprimer des affiches de pelouse par des employés rémunérés, cela constitue une contribution de biens et services.

Renvoi à la loi 138 (1)

.03 Les services qu'un particulier fournit volontairement sans recevoir de son employeur ou d'un autre particulier, d'une personne morale ou d'un syndicat, aux termes d'une entente conclue avec l'employeur, une rémunération supérieure à celle qu'il recevrait normalement à l'égard de la période pendant laquelle il a fourni ces services, ne sont pas considérés comme une contribution.

Il est à noter qu'il doit s'agir de services effectivement fournis par le particulier. Par exemple, si un bénévole s'offre à transporter des électeurs dans sa voiture pour les emmener voter le jour du scrutin, cela n'est pas considéré comme une contribution. De même, si des employés bénéficient de temps libre à leur lieu de travail pour travailler bénévolement, ce n'est pas une contribution.

La situation est toutefois différente si un particulier prête un véhicule ou fait don d'un local à usage de bureau. Dans aucun de ces cas, il ne s'agit d'un service fourni par le donateur lui-même. C'est pourquoi la prestation d'un véhicule ou d'un local à usage de bureau constitue une contribution et une dépense liée à la campagne électorale.

Renvoi à la loi 138 (1)

.04 Si un particulier offre bénévolement ses services, on considère qu'il n'existe aucun contrat de travail et le particulier ne s'attend pas à être payé pour ses services. Il n'y a donc pas lieu de délivrer un récépissé en reconnaissance des services fournis gratuitement.

ÉVALUATION DES BIENS ET SERVICES FOURNIS

.05 La loi stipule que, si un fournisseur procure des biens ou des services à un prix inférieur à la valeur suivante :

a) si les biens et services font partie du commerce du donateur, la somme la moins élevée qu'exige ce dernier en contrepartie d'une quantité équivalente de biens et de services semblables fournis à la même époque ou aux environs de celle-ci, dans le secteur du marché où ces biens et services sont fournis;

b) si les biens et services ne font pas partie du commerce du donateur, la somme la moins élevée qu'exige une autre personne ou une personne morale qui fournit au détail et à des fins lucratives, à la même époque ou aux environs de celle-ci, des biens et des services semblables dans le secteur du marché où ces biens et services sont fournis,

la différence entre cette valeur et le prix inférieur du fournisseur est une contribution pour l'application de la loi.

Renvoi à la loi 151

ENREGISTREMENT ET DÉCLARATION DE LA CONTRIBUTION/DÉPENSE DE BIENS ET SERVICES

.06 Tous les biens et services donnés sont considérés comme une contribution pour l'application de la loi. On considère également qu'une dépense d'un montant équivalent a été engagée.

DOCUMENTATION À L'APPUI

.07 Chaque fois que l'on considère qu'une contribution de biens et services a eu lieu, cette contribution doit être appuyée par la présentation d'une facture par le fournisseur des biens et services. De même, si un particulier fournit des services et qu'une partie ou la totalité des frais convenus est considérée par lui comme une contribution, le particulier doit présenter un compte pour les services rendus et indiquer sur l'état de compte le montant qu'il considère comme étant une contribution.

La présentation d'une facture par le fournisseur ou, dans le cas d'un particulier, la présentation d'un état de compte est importante non seulement pour appuyer le montant pour lequel un récépissé officiel est délivré, mais aussi pour qu'incombe au fournisseur ou au particulier en question la charge de présenter une déclaration d'impôt sur le revenu dans laquelle il déclare ce montant comme revenu.

PUBLICITÉ POLITIQUE

.08 Les annonces publicitaires politiques commandées et payées par un particulier, une personne morale ou un syndicat et placées à la connaissance et avec le consentement du candidat inscrit sont considérées comme des contributions de biens et services.

Dans ce genre d'activité, on considère qu'il y a eu une contribution et qu'une dépense correspondante a été engagée. Voir Ligne directrice LG09.06.

Renvoi à la loi 152

SOMMES NON PAYÉES

.09 Si des fournisseurs de biens et services ne sont pas payés ou se sont engagés à ne pas accepter de paiement, ce non-paiement constitue une contribution de biens ou de services et doit être consigné comme contribution dans les limites prescrites par la loi. Il y a lieu de payer les fournisseurs promptement selon les modalités normales de crédit consenties par le fournisseur. Tout retard apporté au paiement pourrait entraîner une présomption de contribution.

CONTRIBUTIONS FROM UNINCORPORATED ASSOCIATIONS OR ORGANIZATIONS

DEFINITION OF UNINCORPORATED ASSOCIATION, ETC.

.01 An unincorporated association or organization, including a partnership, is any association or organization not incorporated under any general or special act which gives the association or organization the status of a legal entity.

The unincorporated association or organization must have an ongoing reason for existence such as business, professional, social, social action, fraternal, cultural or other similar purposes and not be formed simply for the purpose of making political contributions. Examples could be business and professional partnerships, clubs and societies. An unincorporated association may also be a partnership of corporations.

GROUP CONTRIBUTIONS

.02 When a contribution to a registered candidate is made through an unincorporated association or organization, including a partnership, except a trade union, the unincorporated association or organization shall provide in writing to the CFO of the candidate the individual sources and amounts making up such contribution.

Act reference 156(1)

.03 The amounts making up a contribution from an unincorporated association or organization, including a partnership, that are attributable to any such named individual, corporation or trade union are contributions of such individual, corporation or trade union.

Act reference 156

FORM OF CONTRIBUTION

.04 An unincorporated association or organization, including a partnership, must provide the chief financial officer of the registered candidate with a written list of which members or partners participated in the contribution. The list must provide the name, address and amount applicable to each contributor. If over $25, the contribution must be a cheque drawn on the unincorporated association's or organization's own bank account with the name of the unincorporated association or organization legibly printed thereon.

Act references 146(2) and 156(1)

.05 Each contributor listed in Guideline LG10.04 must meet the Ontario residency or territory of operations requirement as specified in the Act.

Act reference 158

CONTRIBUTIONS D'ASSOCIATIONS OU ORGANISATIONS SANS PERSONNALITÉ MORALE

DÉFINITION D'UNE TELLE ASSOCIATION OU ORGANISATION

.01 Une association ou une organisation sans personnalité morale, notamment une société de personnes, est une association ou une organisation qui n'est constituée en personne morale en vertu d'aucune loi générale ou spéciale qui donne à l'association ou à l'organisation le statut de personne morale.

L'association ou l'organisation sans personnalité morale doit avoir une raison d'être permanente à des fins commerciales, professionnelles, mondaines, d'action sociale, fraternelles, culturelles ou autres du même genre, et n'être pas formée simplement en vue de faire des contributions politiques. Il peut s'agir, par exemple, de sociétés de personnes professionnelles ou commerciales, de clubs ou de sociétés. Une association sans personnalité morale peut également être une société de personnes morales.

CONTRIBUTIONS DE GROUPE

.02 Lorsqu'une contribution à un candidat inscrit est faite par l'intermédiaire d'une association ou organisation sans personnalité morale, notamment une société de personnes, sauf dans le cas d'un syndicat, l'association ou organisation sans personnalité morale communique par écrit au DF du candidat la provenance et le montant de chacune des sommes d'argent qui forment ladite contribution.

Renvoi à la loi 156 (1)

.03 Les sommes d'argent qui forment une contribution provenant d'une association ou organisation sans personnalité morale, notamment d'une société de personnes, et qui sont imputables à un particulier, une personne morale ou un syndicat, constituent une contribution de ce particulier, de cette personne morale ou de ce syndicat.

Renvoi à la loi 156

FORME DE CONTRIBUTION

.04 **L'association ou l'organisation sans personnalité morale, notamment une société de personnes, doit fournir au DF du candidat inscrit une liste écrite des membres ou associés de l'association ou de l'organisation qui ont participé à la contribution.** La liste doit préciser le nom, l'adresse du donateur et le montant qui lui revient. Si la contribution est supérieure à 25 $, elle doit se faire sous forme de chèque tiré sur le compte de banque de l'association ou de l'organisation sans personnalité morale, portant lisiblement imprimée la raison sociale de l'association ou de l'organisation sans personnalité morale.

Renvois à la loi 146 (2) et 156 (1)

.05 Chaque donateur de la liste mentionnée à la Ligne directrice LG10.04 doit réunir les conditions de résidence en Ontario ou de territoire d'activité précisées dans la loi.

RECEIPTS FOR CONTRIBUTIONS

GENERAL

.01 This Guideline outlines the responsibility of and procedures to be followed by CFOs with respect to official receipts. Receipts must be issued for **all** contributions accepted in cash or by cheque, money order or credit card. Contributions of goods and services, other than the provision of voluntary unpaid labour, must also be acknowledged by official receipts. **Cash contributions are limited to $25.**

Act references 138(1), 148(2) and 155(1)

.02 The Act permits individuals, corporations or trade unions to obtain a rebate of a portion of their contribution from the local government taxation base for contributions made to registered candidates.

.03 Individuals, corporations or trade unions must apply to the municipal clerk who was responsible for the conduct of the election in order to claim the benefits. The Commission will supply CFOs with official receipt forms.

Act reference 173(1)

SECURITY

.04 Official receipt forms are valuable documents. These receipt forms should be stored in a secure place and proper records maintained by the CFO. The Commission strongly recommends that only CFOs on record with the Commission hold a supply of the forms. Only CFOs sign the forms since it is their responsibility to ensure that all contributions allowed under the Act are acknowledged by the issuance of official receipts.

DISTRIBUTION

.05 Following registration approval the Commission will issue a supply of official receipt forms to the CFO of record. The Commission will provide additional receipt forms upon the CFO's request.

PROCEDURE

.06 The local government candidate official receipt form has the prefix LGC in front of the serial number and the words LOCAL GOVERNMENT CANDIDATE underneath that. The receipt form also states that a contribution by an individual is ineligible for an Ontario tax credit and by a corporation is not deductible from Ontario income in computing its Ontario taxable income.

.07 The official receipt is a three-part form; copy 1 is for the contributor, copy 2 is for the Commission, and copy 3 is to be retained by the CFO.

.08 The CFO must fill in the official receipt form by indicating:

- the date of acceptance of the contribution. Normally this is the date the contribution was deposited. Contributions made by a credit card having the name of the individual contributor imprinted or embossed thereon are to be considered as accepted on the date the credit card voucher is deposited or submitted by the CFO to the credit card issuer for payment.

- the date of issue of the receipt.

- the full name and address of the contributor.

- whether the contributor is an individual, corporation or trade union.

- the amount of the contribution. A dollar sign "$" should appear immediately to the left of the first digit in the amount received box.

- whether the contribution is in the form of

  (a) cash, cheque, money order, credit card, or

  (b) goods, services or advertising.

- the name of the candidate's campaign.

.09 The CFO must sign every receipt by hand.

.10 The CFO before issuing a receipt for a contribution received in the form of a cheque:

(a) should ensure that the cheque is honoured on presentation to the bank as any receipts issued for cheques which might be returned for lack of sufficient funds will have to be recovered for cancellation.

(b) from an unincorporated organization or partnership as specified in Guideline LG10 must first determine the names of the persons in the organization who shared in the contribution and the amount each contributed. **The receipts must be issued to each person so named and not to the unincorporated organization or partnership.**

(c) from an individual must ensure the contributor meets the requirement of being a resident in the Province of Ontario. Where the contribution is received from a business concern determined to be a sole proprietorship, the name of the owner must be determined and the receipt issued in the owner's name, not in the name of the business.

(d) from a corporation must ensure that it meets the requirement of carrying on business in the Province of Ontario as specified in Guideline LG07.

(e) from a corporation, individual or trade union must ensure the receipt is made out in the contributor's name as it appears legibly printed on the contributor's cheque regardless of any other direction received with the cheque.

(f) from a trade union, including central, regional or district labour councils in the Province of Ontario, must ensure the union has bargaining rights in the Province of Ontario for its members.

.11 Contributions received in an envelope postmarked prior to the end of the campaign period, or received on the last day of the campaign period, which cannot be deposited because the financial institution where the account is held is closed, must be recorded in the accounting records as an outstanding bank deposit on the last day of the campaign period and receipts issued as of that date. Each outstanding deposit should be deposited on the next available banking day.

.12 CFOs of candidates when filing the financial statements must forward to the Commission:

(a) the Commission's copy of all receipts for contributions accepted in the campaign period ensuring that the total agrees with the contributions reported in the financial statement. If the figures are not in agreement, and the source of the contribution is unknown, subsection 147(2) of the Act requires the payment of the anonymous contribution to the Commission.

(b) both the contributor's and Commission's copies of all cancelled receipts.

(c) all unused receipt forms.

(d) an accounting of all receipts. The CFO must provide a reconciliation, including serial numbers, of all receipts received from the Commission, those issued and voided and the unused receipts returned to the Commission at the end of the campaign period.

The Commission must be informed of any situations where official receipts have been issued for contributions received by cheque, but the cheque has been returned N.S.F. and the contributor has not provided a replacement cheque which has been honoured by the bank.

.13 Where the return of a contribution is necessary and:

(a) the contributor fails to return the applicable receipt for cancellation, the contribution must be paid to the Commission.

(b) the contributor returns the applicable receipt, the contributor's copy and the Commission's copy should be marked "**void**" and both copies must be filed with the Commission with the audited financial statements.

Act reference 147(2)

.14 When it is necessary to issue a replacement receipt, write the word "Replacing" and indicate the serial number of the original receipt on the replacement receipt issued. All details on the replacement receipt should be the same as those shown on the original receipt, i.e. date received, etc.

.15 The CFO must retain the chief financial officer's copies of all used (both issued and voided) receipts as record copies.

RÉCÉPISSÉS DE CONTRIBUTIONS

GÉNÉRALITÉS

.01 La présente Ligne directrice énonce les obligations du DF et les procédures qu'il doit suivre en matière de récépissés officiels. Il faut délivrer des récépissés pour **toutes** les contributions acceptées en espèces, par chèque, par mandat ou par carte de crédit. Il faut également accuser réception, par un récépissé officiel, des biens et services autres que la prestation d'un travail bénévole non rémunéré. **Les contributions en espèces ne peuvent dépasser 25 $.**

Renvois à la loi 138 (1), 148 (2) et 155 (1)

.02 La loi permet aux particuliers, aux personnes morales et aux syndicats d'obtenir une réduction d'une partie de leurs contributions de l'assiette fiscale de l'administration locale pour des contributions versées aux candidats inscrits.

.03 Les particuliers, les personnes morales ou les syndicats doivent faire une demande au secrétaire de la municipalité chargé du déroulement de l'élection pour revendiquer cet avantage fiscal. La Commission fournit au DF les formules de récépissé officiel.

Renvoi à la loi 173 (1)

SÉCURITÉ

.04 Les formules de récépissé officiel sont des documents précieux. Aussi doivent-elles être conservées en lieu sûr et le DF doit-il tenir les registres pertinents. La Commission recommande que seul le DF dont le nom figure aux dossiers de la Commission détienne une provision de formules. Seul le DF signe les récépissés, étant donné que c'est à lui qu'il incombe de faire en sorte que la délivrance d'un récépissé officiel serve d'accusé de réception des contributions admises aux termes de la loi.

DISTRIBUTION

.05 À la suite de l'autorisation de l'inscription du candidat, la Commission remettra au DF dont le nom figure dans ses dossiers un stock de récépissés officiels. Elle en fournira davantage à la demande du DF.

PROCÉDURE

.06 La formule de récépissé officiel du candidat à l'administration municipale porte le préfixe LGC devant le numéro de série et, au-dessous la mention «CANDIDAT À L'ADMINISTRATION MUNICIPALE». La formule de récépissé précise que la contribution d'un particulier n'est pas admissible à un dégrèvement d'impôt et que celle d'une personne morale n'est pas déductible du revenu aux fins de l'impôt sur le revenu de l'Ontario.

.07 Le récépissé officiel se compose de trois parties. L'exemplaire n° 1 est destiné au donateur, l'exemplaire n° 2 à la Commission, et le DF garde l'exemplaire n° 3.

.08 Le DF doit remplir le récépissé officiel en y indiquant ce qui suit :

- la date d'acceptation de la contribution. C'est normalement la date du dépôt de la contribution. Les contributions versées moyennant une carte de crédit sur laquelle le nom du donateur est imprimé ou gravé en relief sont considérées comme reçues à la date à laquelle le bordereau de carte de crédit est déposé ou remis à l'émetteur de la carte de crédit aux fins de paiement;

- la date de délivrance du récépissé;

- les nom, prénom et adresse du donateur;

- si le donateur est un particulier, un personne morale ou un syndicat;

- le montant de la contribution;

- si la contribution est faite

  a) en espèces, par chèque, mandat, carte de crédit; ou

  b) en biens, services ou publicité;

- le nom du compte de campagne électorale du candidat.

.09 Le DF doit signer chaque récépissé de sa propre main.

.10 Avant de délivrer un récépissé pour une contribution reçue sous forme de chèque,

a) le DF doit s'assurer que le chèque est payé lorsqu'il est présenté à la banque, car tout récépissé délivré pour un chèque qui est retourné pour insuffisance de fonds devra être récupéré pour être annulé;

b) d'une organisation sans personnalité morale ou d'une société de personnes, comme il est précisé dans la Ligne directrice LG10, le DF doit d'abord déterminer le nom des personnes concernées dans l'organisation et la part de chacun dans la contribution. **Les récépissés doivent être délivrés au nom de chaque personne nommée et non pas au nom de l'organisation sans personnalité morale ou de la société de personnes**;

c) d'un particulier, le DF doit s'assurer que le donateur remplit les conditions requises pour être résident de l'Ontario. Si l'on reçoit une contribution d'une entreprise à propriétaire unique, il faut déterminer le nom du propriétaire, car le récépissé doit être délivré à son nom et non à celui de l'entreprise;

d) d'une personne morale, le DF doit s'assurer qu'elle satisfait à l'exigence d'«exercer des activités en Ontario» précisée dans la Ligne directrice LG07;

e) d'un personne morale, d'un particulier ou d'un syndicat, le DF doit s'assurer que le récépissé est libellé au nom du donateur tel qu'il figure lisiblement imprimé sur le chèque du donateur, quelles que soient les instructions reçues avec le chèque;

f) d'un syndicat, y compris les conseils de travail centraux, régionaux ou de district de l'Ontario, le DF doit s'assurer que le syndicat détient des droits de négociation en Ontario pour ses membres.

.11 Les contributions reçues dans une enveloppe dont le tampon de la poste indique une date antérieure à la fin de la période de campagne électorale, ou reçues le dernier jour de la période de campagne électorale, et qui ne peuvent être déposées parce que l'institution financière qui détient le compte est fermée, doivent être consignées dans les livres comptables comme un dépôt bancaire en souffrance au dernier jour de la période de campagne électorale, et les récépissés doivent être délivrés à cette date. Chaque dépôt en souffrance doit être déposé le premier jour ouvrable suivant de la banque.

.12 Les DF de candidats qui déposent les états financiers doivent remettre à la Commission :

a) l'exemplaire de la Commission de tous les récépissés délivrés pour des contributions acceptées pendant la période de campagne électorale, et veiller à ce que le total concorde avec les contributions indiquées dans l'état financier. En cas de divergence, et si la source de la contribution est inconnue, le paragraphe 147 (2) de la loi exige le paiement de la contribution anonyme à la Commission;

b) l'exemplaire du donateur et celui de la Commission de tous les récépissés annulés;

c) toutes les formules de récépissé inutilisées;

d) un compte rendu comptable de tous les récépissés. Le DF **doit fournir** un rapprochement, numéros de série compris, de tous les récépissés reçus de la Commission, des récépissés délivrés et annulés et des récépissés retournés à la Commission à la fin de la période de campagne électorale.

La Commission doit être informée de toute situation où des récépissés officiels ont été délivrés pour des contributions reçues par un chèque qui a été retourné ultérieurement parce qu'il était sans provision et que le donateur n'a pas remplacé par un chèque payé par la banque.

.13 Si une contribution doit être retournée et :

a) que le donateur omet de retourner le récépissé pour qu'il soit annulé, la contribution doit être versée à la Commission;

b) que le donateur retourne le récépissé, l'exemplaire du donateur et celui de la Commission doivent porter la mention **«annulé»** et les deux exemplaires doivent être déposés auprès de la Commission avec les états financiers vérifiés.

Renvoi à la loi 147 (2)

.14 S'il est nécessaire de délivrer un récépissé de remplacement, écrire la mention «remplacement» et **indiquer le numéro de série du récépissé original** sur le récépissé de remplacement ainsi délivré. Tous les détails du récépissé de remplacement doivent être les mêmes que ceux du récépissé original, p. ex. la date de réception, etc.

.15 Le DF doit conserver les exemplaires du directeur des finances de tous les récépissés (délivrés ou annulés) à titre d'exemplaires d'archives.

RULES ON CAMPAIGN EXPENSES

DEFINITION OF CAMPAIGN EXPENSES

.01 The Act defines campaign expenses as meaning any expense incurred in relation to an election by or on behalf of a registered candidate during the period commencing on January 1 for an election year and terminating on polling day, **other than**:

(a) auditor's and accounting fees,

(b) interest on loans authorized under section 162,

(c) expenses incurred in holding a fund-raising activity referred to in section 153. Refer to Guideline LG08.10 regarding restrictions on advertising content,

(d) expenses incurred for victory parties held after the close of polls and thank you advertising published after polling day,

(e) expenses relating to an action under section 106,

(f) expenses relating to a recount in respect of the election,

(g) fees paid in respect to maintaining a credit card facility,

(h) child care expenses of a candidate,

but campaign expenses are deemed to include the value of any goods held in inventory or any fees or expenses for services for the candidate, and any contribution of goods and services to the candidate for use in whole or in part during the period commencing on January 1 of an election year and terminating on polling day.

.02 For the purposes of Guideline LG12.01, "goods held in inventory" means the inventory of goods on hand at the end of the immediately preceding campaign period and reported in the financial statements filed with the Commission.

.03 In addition to the exempt campaign expenses listed in Guideline LG12.01, it is the Commission's policy that expenses which are directly related to a candidate's physical disability within the meaning of the Ontario Human Rights Code do not constitute campaign expenses. The Code defines physical disability as follows:

"any degree of physical disability, infirmity, malformation or disfigurement that is caused by bodily injury, birth defect or illness, and without limiting the generality of the foregoing including diabetes mellitus, epilepsy, any degree of paralysis, amputation, lack of physical coordination, blindness or visual impediment, deafness or hearing impediment, muteness or speech impediment, or physical reliance on a dog guide or on a wheel chair or other remedial appliance or device".

Accordingly, reasonable expenses over and above those expenses that would have been incurred by those candidates having any physical disability will be exempt as a campaign expense. For example, a candidate confined to a wheel chair may need special transportation services. A non-physically disadvantaged candidate would have the cost of a car. However, the physically disadvantaged candidate confined to a wheel chair

may need a specially equipped mode of transportation. The additional cost of the specially equipped mode of transportation will be exempt as a campaign expense. Other special services such as, a TDD/TTY telephone, the services of a "sign" interpreter or a wheel chair for a candidate with a physical disability will also be exempted as a campaign expense.

Act references 138(1), 166(1) and 166(2)

.04 All expenses exempt from the definition of campaign expenses must be recorded and reported to the Commission in accordance with Guideline LG19.

.05 Advertisements paid for by any person, corporation or trade-union which promote or oppose a candidate are considered a contribution and a campaign expense to the candidate with whose knowledge and consent the political advertising was done.

Act reference 152(1)

.06 Every payment of a campaign expense shall be made by the CFO of the candidate that incurred the campaign expense. Except where the campaign expense is less than $25, such campaign expense shall be vouched for by a statement setting forth the particulars and proof of payment.

Act reference 167(2)

.07 Where goods or services have been deemed a contribution, an expense in the equivalent value is considered to have been incurred.

Act references 151 and 152

LIMITS ON CAMPAIGN EXPENSES

.08 The campaign expenses of a registered candidate must not exceed the aggregate amount determined as follows:

(a) for head of council candidates, $5,500 plus $.50 per elector in the municipality; and

(b) for councillors, school trustees and public utility commission candidates, $3,500 plus $.50 per elector entitled to vote for the office in a ward, municipality, school board or local board jurisdiction.

Act references 166(1), 166(2) and 166(3)

MUNICIPAL CLERK TO DETERMINE CAMPAIGN SPENDING LIMITS

.09 The municipal clerk must determine the campaign limits for each office on the basis of the number of electors listed on the polling list.

Within ten days after nomination day the municipal clerk must advise both the Commission and each registered candidate of the maximum amount of expenses that may be incurred by each candidate.

Act references 166(4) and 166(5)

For budgetary purposes, however, each CFO should use the preliminary list of electors given to the registered candidate after the enumeration to determine the campaign spending limits in advance of receiving the official spending limits from the municipal clerk.

Act reference 25(6)

PAYMENT OF CLAIMS

.10 No later than March 31 in the year following the regular election, invoices for goods or services must be submitted by their suppliers to the CFO of the candidate that incurred the campaign expense. Such invoices or accounts must be retained until authorization to destroy them is obtained in writing from the Commission.

.11 Where a CFO disputes or refuses to pay an account, such account shall be considered to be a disputed claim and the claimant may bring an action for payment. The details of disputed claims and the reason the claim is disputed must be reported in the audited financial statements to be filed with the Commission.

Act reference 167

RÈGLES CONCERNANT LES DÉPENSES LIÉES À LA CAMPAGNE ÉLECTORALE

DÉFINITION DES DÉPENSES LIÉES À LA CAMPAGNE ÉLECTORALE

.01 La loi définit les dépenses liées à la campagne électorale comme étant les dépenses engagées par un candidat inscrit ou pour son compte durant la période comprise entre le 1er janvier d'une année d'élection et le jour du scrutin, **à l'exception de ce qui suit :**

a) les honoraires du vérificateur et les frais de comptabilité;

b) les intérêts sur les prêts consentis aux termes de l'article 162;

c) les dépenses engagées relativement à la tenue d'une activité de financement visée à l'article 153. Voir Ligne directrice LG08.10 touchant les restrictions relatives au contenu de la publicité;

d) les dépenses engagées relativement à la célébration de la victoire après la fermeture des bureaux de vote et à la publication de remerciements après le jour du scrutin;

e) les dépenses liées à une action intentée en vertu de l'article 106;

f) les dépenses liées à un second dépouillement relatif à l'élection;

g) les frais occasionnés par l'entretien d'un service de cartes de crédit;

h) les dépenses liées à la garde d'enfants du candidat;

les dépenses liées à la campagne électorale sont réputées comprendre toutefois la valeur des articles gardés en stock ou des honoraires ou dépenses liés à des services fournis au candidat, ainsi que la valeur de tous biens et services fournis au candidat, qui doivent être utilisés en totalité ou en partie pendant la période comprise entre le 1er janvier d'une année d'élection et le jour du scrutin.

.02 Pour l'application de la Ligne directrice LG12.01, par «articles gardés en stock», on entend le stock en main d'articles à la fin de la période de campagne électorale précédente déclarés dans les états financiers déposés auprès de la Commission.

.03 En plus des dépenses liées à la campagne électorale énumérées à la Ligne directrice LG12.01 et faisant l'objet d'une exception, la politique de la Commission est que les dépenses directement liées à l'incapacité physique au sens du Code des droits de la personne de l'Ontario ne constituent pas des dépenses liées à la campagne électorale. Le Code donne de l'incapacité physique la définition suivante :

«tout degré d'incapacité physique, d'infirmité, de malformation ou de défigurement dû à une lésion corporelle, une anomalie congénitale ou une maladie, et, notamment, le diabète sucré, l'épilepsie, tout degré de paralysie, une amputation, l'incoordination motrice, la cécité ou une déficience visuelle, la surdité ou une déficience auditive, la mutité ou un trouble de la parole, ou la nécessité de recourir à un chien d'aveugle, à un fauteuil roulant ou à un autre appareil ou dispositif correctif.»

En conséquence, les dépenses raisonnables en excédent de celles qui auraient été engagées par les candidats qui ne sont pas atteints d'une incapacité physique ne constituent pas des dépenses liées à la campagne électorale. Par exemple, le candidat qui ne peut se déplacer qu'en fauteuil roulant peut avoir besoin de services de transport spécialisés. Un candidat qui n'a pas ce handicap engagerait simplement des frais de voiture. Le candidat handicapé aura besoin d'engager des frais de véhicule spécialisé. Le coût supplémentaire de ce moyen de transport ne constitue pas une dépense liée à la campagne électorale. Les frais reliés à d'autres services spécialisés comme un téléphone TDD/TTY, les services d'un interprète communiquant par signes, un fauteuil roulant pour le candidat atteint d'une incapacité physique ne constituent pas des dépenses liées à la campagne électorale.

Renvois à la loi 138 (1), 166 (1) et 166 (2)

.04 Toutes les dépenses exemptées de la définition des dépenses liées à la campagne électorale doivent être consignées et communiquées à la Commission conformément à la Ligne directrice LG19.

.05 Les publicités payées par un particulier, une personne morale ou un syndicat qui favorisent un candidat ou manifestent de l'opposition à un candidat sont considérées comme une contribution et une dépense liée à la campagne électorale du candidat à la connaissance et avec le consentement de qui la publicité est faite.

Renvoi à la loi 152 (1)

.06 Le DF du candidat qui a engagé des dépenses liées à la campagne électorale effectue le paiement qui s'y rapporte. Sauf si le montant d'une dépense est inférieur à 25 $, la dépense doit être appuyée d'un relevé détaillé qui inclut la preuve de paiement.

Renvoi à la loi 167 (2)

.07 Si la fourniture de biens ou services est réputée constituer une contribution, on considère qu'une dépense équivalente a été engagée.

Renvois à la loi 151 et 152

RESTRICTIONS AUX DÉPENSES LIÉES À LA CAMPAGNE ÉLECTORALE

.08 Les dépenses liées à la campagne électorale d'un candidat ne doivent pas dépasser un montant global calculé comme suit :

a) pour les candidats à la charge de président du conseil municipal : 5 500 $ plus 0,50 $ par électeur de la municipalité; et

b) pour les candidats à la charge de conseiller municipal, de conseiller scolaire, de membre de la commission des services publics : 3 500 $ plus 0,50 $ par électeur ayant le droit de vote relativement à ce poste dans le quartier ou dans le territoire de la municipalité, du conseil scolaire ou du conseil local.

Renvois à la loi 166 (1), 166 (2) et 166 (3)

FIXATION DU PLAFOND DES DÉPENSES PAR LE SECRÉTAIRE DE LA MUNICIPALITÉ

.09 Le secrétaire de la municipalité doit fixer le plafond des dépenses liées à la campagne électorale pour chaque poste en fonction du nombre d'électeurs inscrit sur la liste électorale.

Dans les dix jours qui suivent le jour de la déclaration de candidature, le secrétaire de la municipalité doit informer à la fois la Commission et chaque candidat inscrit du plafond des dépenses que chaque candidat peut engager.

Renvois à la loi 166 (4) et 166 (5)

Aux fins des prévisions budgétaires, toutefois, chaque DF doit se servir de la liste électorale préliminaire remise au candidat inscrit après le recensement pour déterminer le plafond des dépenses liées à la campagne électorale avant de recevoir du secrétaire de la municipalité le plafond officiel des dépenses.

Renvoi à la loi 25 (6)

PAIEMENT DES DEMANDES

.10 Au plus tard le 31 mars de l'année qui suit l'élection ordinaire, les fournisseurs doivent présenter leurs factures de biens et services au DF du candidat qui a engagé la dépense liée à la campagne électorale. Il faut garder ces factures ou ces comptes jusqu'à ce qu'on obtienne par écrit de la Commission l'autorisation de les détruire.

.11 Est considérée comme une demande contestée la demande de paiement qu'un DF conteste ou refuse de payer. L'auteur de la demande peut intenter une action en recouvrement de ce paiement. Les particularités des demandes contestées et les motifs qui expliquent le litige doivent être déclarés dans les états financiers vérifiés à déposer auprès de la Commission.

Renvoi à la loi 167

CAMPAIGN MATERIALS INVENTORY

DETERMINATION OF INVENTORY

.01 The Act defines campaign expenses to include the value of any goods held in inventory for any candidate for use during a campaign period.

Act reference 138(1)

.02 What constitutes inventory of campaign materials may cause some concern. The Commission considers that inventory will normally consist of such things as lawn stakes, sign supports, usable literature, signs and other campaign materials.

Information is available from the statement of expenses, i.e. an analysis of the nature of the expense, to determine what is properly inventory. At the end of the reporting period this amount should not be left in the expense total but should be deducted and shown as an asset adjustment.

It is important to display the value of such inventory as part of the total campaign expenditure. The overall campaign expenses are affected by the inventory adjustment.

MARKET VALUE

.03 For those candidates who ran in a previous campaign all materials from the previous campaign should be included even if the material was not deducted from the previous campaign because of the provisions of Guideline LG13.04.

In valuing these campaign materials available for the candidate's use which were left from a previous campaign, replacement or quoted price should be used.

This price will vary across the province and is dependent upon local supply, competition and the candidate campaign organization's ability to produce its own signs or secure salvage material, for example, to construct signs. In all instances, proper documentation should be prepared to substantiate any opening inventory value.

.04 The inventory of reusable campaign materials remaining on hand at the end of a campaign becomes the property of the candidate and must be valued. The value of such materials **excluding any material which identifies a particular candidate**, must be deducted from the total of opening inventory value, where applicable, plus additional purchases to provide a cost of materials consumed. This cost must be reported as a campaign expense.

The candidate's CFO should determine carefully not only the quantity of reusable campaign materials but the value to attach to each item. A detailed list must be made of all reusable campaign materials on hand at the end of the campaign and the valuation thereof. Reusable materials on hand at the end of the campaign should be valued as follows:

(a) if on hand at the start of the campaign, value at the same value used at the start of the campaign, and

(b) if acquired during the campaign, value at invoice price.

Exclusion of items from ending inventory does not preclude their inclusion at the start of any subsequent campaign.

DETAILED LIST REQUIRED

.05 The campaign period financial statements of each registered candidate must be accompanied by a detailed list of opening reusable campaign materials and current purchases of campaign materials in support of the total of the value of such items transferred into the candidate's campaign accounts. In addition, a separate list of reusable campaign materials inventory at the close of the campaign is to be provided in support of the value recorded as a reduction of the campaign expenses incurred. The prescribed schedule for the listing is included with the financial statements.

STOCK DE MATÉRIEL DE CAMPAGNE ÉLECTORALE

DÉTERMINATION DU STOCK

.01 Dans sa définition des dépenses liées à la campagne électorale, la loi englobe la valeur des articles gardés en stock et destinés à l'usage d'un candidat au cours d'une période de campagne électorale.

Renvoi à la loi 138 (1)

.02 On peut se demander avec une certaine inquiétude ce qui constitue un stock de matériel de campagne électorale. La Commission considère que le stock consiste normalement en des choses comme des piquets de pelouse, des panneaux d'affichage, de la documentation utilisable, des enseignes et d'autres articles de campagne électorale.

L'état des dépenses, qui est une analyse de la nature des dépenses, renferme des renseignements permettant de déterminer ce qu'est à proprement parler un stock. À la fin de la période de campagne électorale, ce montant ne doit pas rester dans le total des dépenses, mais doit être déduit et indiqué comme redressement de l'actif.

Il est important d'afficher la valeur de ce stock comme (faisant) partie du total des dépenses liées à la campagne électorale. Le redressement du stock influe sur les dépenses globales liées à la campagne électorale.

VALEUR MARCHANDE

.03 Dans le cas des candidats qui ont pris part à une campagne électorale antérieure, il faut déclarer tout le matériel provenant d'une campagne électorale antérieure, même si le matériel n'a pas été déduit de la campagne électorale antérieure en raison des dispositions de la Ligne directrice LG13.04.

Dans l'évaluation du matériel de campagne électorale destiné à l'usage du candidat, qui provient d'une campagne électorale antérieure, il faut recourir au prix de remplacement ou au prix du devis.

Ce prix varie selon les endroits de la province et dépend de l'approvisionnement local, de la concurrence et de l'aptitude de l'organisation de campagne électorale du candidat à produire ses propres enseignes ou à se procurer du matériel de récupération pour construire des enseignes. Dans tous les cas, il y a lieu de réunir la documentation pertinente à l'appui de la valeur d'ouverture du stock.

.04 Le stock de matériel de campagne électorale réutilisable en main à la fin de la campagne électorale devient la propriété du candidat et doit être évalué. La valeur de ce matériel, **à l'exclusion du matériel qui identifie un candidat particulier**, doit être déduite de la valeur totale du stock à l'ouverture, le cas échéant, et des achats ultérieurs pour fournir le coût du matériel consommé. Il faut déclarer ce coût comme une dépense liée à la campagne électorale.

Le DF du candidat doit déterminer avec soin non seulement la quantité du matériel de campagne électorale réutilisable, mais aussi la valeur à assigner à chaque article. Il faut dresser une liste détaillée de tout le matériel de campagne électorale réutilisable en main à la fin de la campagne électorale avec son évaluation. Évaluer comme suit le matériel réutilisable en main à la fin de la campagne électorale :

a) si l'article était en main au début de la campagne électorale, l'évaluer à la même valeur utilisée au début de la campagne;

b) si l'article a été acquis durant la campagne électorale, l'évaluer au prix de la facture.

L'exclusion de certains articles du stock à la fin de la période n'empêche pas de les inclure au début d'une campagne électorale ultérieure.

EXIGENCE D'UNE LISTE DÉTAILLÉE

.05 Accompagner tous les états financiers de la période de campagne électorale de chaque candidat inscrit d'une liste détaillée du matériel de campagne électorale réutilisable à l'ouverture et des achats courants de matériel de campagne électorale à l'appui de la valeur totale de ces articles transférés dans les comptes de campagne électorale du candidat. En outre, il faut fournir une liste distincte du stock de matériel de campagne électorale réutilisable à la fermeture de la campagne électorale à l'appui de la valeur déclarée comme une réduction des dépenses liées à la campagne électorale qui ont été engagées. Le tableau prescrit est annexé aux états financiers.

CAMPAIGN ADVERTISING LIMITATIONS - TIME AND RATES

GENERAL

.01 The Act places certain limitations on campaign advertising carried on by a registered candidate during a campaign. First, there are restrictions on the times during which campaign advertising may be carried on. Second, there are restrictions on the rates that may be charged by broadcasting or publishing facilities for such advertising.

LIMITS ON TIME

CAMPAIGN ADVERTISING DEFINED

.02 Campaign advertising is defined as advertising on the facilities of any broadcasting undertaking, the publication of an advertisement in a newspaper, magazine, or other periodical publication or through the use of outdoor advertising facilities, for the purpose of promoting or opposing the election of a registered candidate.

Act reference 164(1)

OUTDOOR ADVERTISING FACILITIES DEFINED

.03 Outdoor advertising facilities are defined as facilities, other than radio, television and newspapers, magazines and other periodical publications, of any person or corporation in the business of providing such facilities on a commercial basis for advertising purposes. For example, campaign advertising by a registered candidate through the use of a commercial billboard cannot commence prior to the twenty-eight day period, whereas campaign advertising by way of individual signs, i.e. lawn signs, made up by the candidate or the candidate's organization would not be so limited. Note that this twenty-eight day time limitation also applies to the use of commercial sound trucks for the purpose of campaign advertising.

Act reference 138(1)

TWENTY-EIGHT DAY PERIOD

.04 During a campaign period, campaign advertising may be carried on only by a registered candidate or by any person, corporation, or trade union acting with the knowledge and consent of the candidate. **The time period begins twenty-eight days before polling day and ends at midnight on the day which is two days before polling day.** For example, if polling day were November 12, then campaign advertising could be done only during the period from October 12 through November 9 inclusive.

Act reference 164(1)

CAMPAIGN ADVERTISING PERIOD FOR SOME NEWSPAPERS EXTENDED

.05 The legislative prohibition relating to the publication of a political advertisement does not apply to:

(a) the publication of a campaign advertisement on the day immediately preceding polling day by a newspaper which is published in the Province of Ontario **only once a week and whose day of regular publication falls on the day before polling day**, and

(b) a campaign advertisement on the day immediately preceding polling day and on polling day through the use of any commercial billboard advertising facility, or in a public bus shelter or on a bus, street car or at a subway station forming part of a publicly-operated transit system.

Act reference 164(4)

EXEMPTIONS TO RESTRICTIONS ON ADVERTISING

.06 The twenty-eight day time limitation on advertising does **not** apply to:

(a) advertising of public meetings,

(b) announcing the registered candidate's headquarters location,

(c) advertising for volunteer campaign workers,

(d) announcing services for electors by candidates respecting revision of the preliminary list of electors and additions to polling list,

(e) announcing services for electors on polling day, or

(f) any other matter respecting administrative functions of the candidate's campaign headquarters, provided that such advertisements, announcements and other matters are done in accordance with the Guidelines of the Commission.

Act reference 164(3)

.07 It is the Commission's policy that, while it is permissible for an advertisement or announcement placed or made in accordance with Guideline LG14.06 to contain the name of the candidate and to include a photograph of the candidate, **a reference to the particular exempt service or activity listed in Guideline LG14.06 must constitute the dominant feature of such advertisement or announcement**. Further, such advertisement or announcement must not contain any slogan, motto or other wording promoting the candidate or opposing another candidate, such as "join the winning team", "work for continued good government", "our candidate is best qualified", etc.

TIME LIMITATIONS DO NOT APPLY TO NEWS REPORTING

.08 A publisher may publish any bona fide news stories including interviews, commentaries, or other works prepared for and published by any newspaper, magazine or other periodical publication without charge to any registered candidate. The publication of such material is not considered to be political advertising under the Act.

A broadcasting facility may similarly broadcast bona fide news stories subject, however, to the provisions of and Regulations and Guidelines under the **Broadcasting Act (Canada)**.

Act references 138(1), 152(6), 164(4) and 164(5)

LIMITS ON RATES TO BE CHARGED

ELECTRONIC MEDIA

.09 During the twenty-eight day period referred to in Guideline LG14.04 no person or corporation may charge a rate for broadcasting time for campaign advertising that exceeds the **lowest rate** charged by the broadcasting facility to any other person in that period for an equal amount of equivalent time on that broadcasting facility. This means that a registered candidate, or anyone acting with the knowledge and consent of the candidate, is entitled to the **lowest rate** for television or radio time that is available to any other customer of the broadcasting facility for the same amount of air time in an equivalent time slot during the twenty-eight day period.

Act reference 164(6)(a)

PRINT MEDIA

.10 During the twenty-eight day period referred to in Guideline LG14.04, no person or corporation may charge for campaign advertising space a rate exceeding the publishing facility's **lowest rate** charged to any other person in that period for an equal amount of equivalent advertising space in its publication. This means that a registered candidate, or anyone acting with the knowledge and consent of the candidate, is entitled to the publishing facility's **lowest rate** for advertising space available to any other customer for the equivalent amount of space and location value in the publication published or distributed and made public during the twenty-eight day period.

Act reference 164(6)(b)

LOWEST RATE DEFINED FOR CERTAIN MEDIA

.11 It is recognized that, in certain media, advertising rates may depend upon the volume of time or space purchased over the year. For the purposes of the Act, the lowest rate means the lowest rate available to any other customer purchasing advertising equivalent to the total volume of campaign advertising carried on by or on behalf of a registered candidate during the twenty-eight day period.

RELATED MATTERS

POLITICAL ADVERTISEMENTS

.12 Where any person, corporation or trade union, with the knowledge and consent of a registered candidate, promotes the election of the candidate or opposes the election of any other registered candidate by advertising on the facilities of any broadcasting undertaking or by publishing an advertisement in any newspaper, magazine or other periodical publication or printed leaflets, pamphlets or other documents or through the

use of any outdoor advertising facility, the amount of the cost thereof must be considered to be a contribution and a campaign expense for the purposes of the Act to the candidate with whose knowledge and consent the political advertising was done.

Act reference 152(1)

FREE POLITICAL ADVERTISEMENTS

.13 A broadcasting facility may provide time without charge to registered candidates in accordance with the provisions of and Regulations and Guidelines under the Broadcasting Act (Canada). The provision of such free time to candidates shall not be considered to be a contribution or an campaign expense for the purposes of the Act.

Act reference 152(2)

CFO TO AUTHORIZE POLITICAL ADVERTISING

.14 All political advertising must be authorized by the CFO of the registered candidate.

.15 For the purpose of Guideline LG14.14, all political advertising, handbills, placards, posters and broadcast or telecast advertisement must use the words **"Authorized by the CFO " together with the name of the registered candidate.**

For example Julia Timius' campaign literature must indicate authorization and could use the following words:

"Authorized by the CFO for the Julia Timius Campaign," or

"Authorized by the CFO for the Julia Timius Election Campaign"

Act reference 152(5)

RESTRICTIONS IMPOSÉES À LA PUBLICITÉ RELIÉE À LA CAMPAGNE ÉLECTORALE - TEMPS ET TARIFS

GÉNÉRALITÉS

.01 Durant une campagne électorale, la loi impose certaines restrictions à la publicité reliée à la campagne électorale faite par un candidat inscrit. Il y a d'abord des restrictions relatives au temps pendant lequel la publicité peut avoir lieu. En second lieu, il y a des restrictions quant aux tarifs que peuvent imposer les entreprises de radiodiffusion et d'édition.

RESTRICTIONS RELATIVES AU TEMPS

DÉFINITION DE «PUBLICITÉ RELIÉE À LA CAMPAGNE ÉLECTORALE»

.02 La publicité reliée à la campagne électorale se définit comme la publicité faite grâce aux installations d'une entreprise de radiodiffusion, ou la publication d'une publicité dans un journal, une revue ou une autre publication périodique, ou par le truchement de moyens de publicité extérieure, dans le but de favoriser l'élection d'un candidat inscrit ou de lui manifester de l'opposition.

Renvoi à la loi 164 (1)

DÉFINITION DE «MOYENS DE PUBLICITÉ EXTÉRIEURE»

.03 Par «moyens de publicité extérieure», on entend les moyens autres que la radio, la télévision, les journaux, les revues et autres publications périodiques de tout particulier ou personne morale qui fait profession d'offrir ces moyens à titre commercial à des fins de publicité. Par exemple, une publicité reliée à la campagne électorale de la part d'un candidat inscrit grâce à des panneaux-réclame ne peut commencer avant la période de vingt-huit jours, tandis que la publicité reliée à la campagne électorale au moyen d'affiches individuelles, par exemple des affiches de pelouse fabriquées par le candidat ou son organisation, n'est pas limitée de la sorte. On notera que ce délai de vingt-huit jours s'applique aussi aux camions commerciaux dotés de haut-parleurs utilisés à des fins de publicité reliée à la campagne électorale.

Renvoi à la loi 138 (1)

DÉLAI DE VINGT-HUIT JOURS

.04 Au cours d'une période de campagne électorale, seuls un candidat inscrit ou tout particulier, toute personne morale ou tout syndicat agissant à la connaissance et avec le consentement du candidat peuvent faire de la publicité reliée à la campagne électorale. **Le délai commence vingt-huit jours avant le jour du scrutin et se termine à minuit l'avant-veille du scrutin.** Par exemple, si le jour du scrutin est le 12 novembre, la publicité reliée à la campagne électorale ne peut avoir lieu que du 12 octobre au 9 novembre inclusivement.

Renvoi à la loi 164 (1)

PROROGATION DU DÉLAI POUR CERTAINS JOURNAUX

.05 L'interdiction imposée par la loi de faire paraître une publicité reliée à la campagne électorale ne s'applique pas :

a) à la publication d'une publicité reliée à la campagne électorale la veille du scrutin dans un journal publié en Ontario **qui ne paraît qu'une fois par semaine et dont la date régulière de parution tombe la veille du scrutin**; et

b) à la publication d'une publicité reliée à la campagne électorale le jour et la veille du scrutin au moyen d'installations de panneaux-réclame, ou dans un abri d'autobus public, ou dans un autobus, un tramway ou une station de métro faisant partie d'un réseau public de transport en commun.

Renvoi à la loi 164 (4)

EXCEPTIONS AUX RESTRICTIONS IMPOSÉES À LA PUBLICITÉ

.06 La restriction de vingt-huit jours ne s'applique toutefois pas aux activités suivantes, à condition qu'elles soient conformes aux Lignes directrices de la Commission :

a) l'annonce d'assemblées publiques;

b) la communication de l'emplacement du bureau central d'un candidat;

c) l'annonce visant à solliciter des travailleurs bénévoles pour la campagne électorale;

d) la communication des services offerts aux électeurs par les candidats relativement à la révision de la liste électorale préliminaire et à l'adjonction de noms à la liste électorale;

e) la communication des services offerts aux électeurs le jour du scrutin;

f) toute autre question reliée aux fonctions administratives du bureau central de campagne électorale du candidat.

Renvoi à la loi 164 (3)

.07 Selon la politique de la Commission, même s'il est permis qu'une publicité ou une annonce placée ou faite conformément à la Ligne directrice LG14.06 mentionne le nom du candidat et montre une photo de ce dernier, **la référence au service ou à l'activité visé par l'exception et énoncé dans la Ligne directrice LG14.06 doit constituer le caractère dominant de cette publicité ou de cette annonce**. En outre, cette publicité ou cette annonce ne doit renfermer aucun slogan ou autre terme favorisant le candidat inscrit ou manifestant de l'opposition à un autre candidat, comme «venez grossir l'équipe gagnante», «travaillons pour le maintien d'un bon gouvernement», «notre candidat est le mieux qualifié», etc.

LES RESTRICTIONS QUANT AU TEMPS NE S'APPLIQUENT PAS AUX REPORTAGES

.08 Tout éditeur peut publier des reportages authentiques, notamment des interviews, des commentaires ou d'autres travaux composés à l'intention d'un journal, d'une revue ou d'une autre publication périodique qui les publie sans frais pour le candidat inscrit. La publication de documents de ce genre n'est pas considérée comme une publicité politique aux terme de la loi.

Une entreprise de radiodiffusion peut de même diffuser des reportages authentiques, pourvu que ce soit en conformité avec les dispositions, règlements et directives de la **Loi sur la radiodiffusion (Canada).**

Renvois à la loi 138 (1), 152 (6), 164 (4) et 164 (5)

RESTRICTIONS RELATIVES AUX TARIFS EXIGÉS

ORGANES DE DIFFUSION ÉLECTRONIQUES

.09 Au cours de la période de vingt-huit jours visée à la Ligne directrice LG14.04, un particulier ou une personne morale ne peut pas exiger pour le temps d'antenne réservé à la publicité reliée à la campagne électorale un tarif supérieur au **tarif minimal** exigé par l'entreprise de radiodiffusion pour une même quantité de temps d'antenne équivalent mis à la disposition d'une autre personne pendant la même période. Autrement dit, un candidat inscrit, ou quiconque agissant à sa connaissance et avec son consentement, a droit au **tarif minimal** de temps d'antenne à la télévision ou à la radio qui est offert à tout autre client de l'entreprise de radiodiffusion pour la même quantité de temps d'antenne dans un créneau équivalent durant la période de vingt-huit jours.

Renvoi à la loi 164 (6) a)

ORGANES DE DIFFUSION IMPRIMÉS

.10 Au cours de la période de vingt-huit jours visée à la Ligne directrice LG14.04, un particulier ou une personne morale ne peut pas exiger pour un espace publicitaire réservé à la publicité reliée à la campagne électorale un tarif qui soit supérieur au **tarif minimal** exigé par l'entreprise d'édition pour une même quantité d'espace publicitaire équivalent dans sa publication. Autrement dit, un candidat inscrit, ou quiconque agissant à sa connaissance et avec son consentement, a droit au **tarif minimal** pour un espace publicitaire qui est offert à tout autre client de l'entreprise d'édition pour la même quantité d'espace publicitaire, à un endroit de valeur équivalente, dans la publication publiée ou distribuée et rendue publique durant la période de vingt-huit jours.

Renvoi à la loi 164 (6) b)

DÉFINITION DE «TARIF MINIMAL» DANS CERTAINS MÉDIAS

.11 C'est un fait reconnu que, dans certains médias, les tarifs de publicité peuvent dépendre du volume de temps, ou d'espace acheté pendant l'année. Pour l'application de la loi, le tarif minimal renvoie au tarif minimal offert à tout autre client qui achète un volume de publicité équivalant au volume total de publicité reliée à la campagne électorale acheté par le candidat inscrit ou pour son compte durant la période de vingt-huit jours.

QUESTIONS CONNEXES

PUBLICITÉS POLITIQUES

.12 Si un particulier, une personne morale ou un syndicat, à la connaissance et avec le consentement d'un candidat inscrit, favorise l'élection du candidat ou manifeste de l'opposition à l'élection d'un autre candidat inscrit en faisant transmettre une publicité grâce aux installations d'une entreprise de radiodiffusion ou en faisant publier une publicité dans un journal, une revue ou une autre publication périodique, ou dans des imprimés, des brochures ou d'autres écrits, ou par le financement d'un moyen de publicité extérieure, le montant des frais engagés à cet égard doit être considéré comme une contribution et, pour l'application de la loi, une dépense liée à la campagne électorale du candidat qui avait connaissance de la publicité politique et y donnait son consentement.

Renvoi à la loi 152 (1)

PUBLICITÉS POLITIQUES GRATUITES

.13 Une entreprise de radiodiffusion peut offrir du temps gratuit aux candidats inscrits conformément aux dispositions, règlements et directives de la Loi sur la radiodiffusion (Canada). La prestation de ce temps gratuit aux candidats ne doit pas être considérée comme une dépense électorale pour l'application de la loi.

Renvoi à la loi 152 (2)

AUTORISATION DE LA PUBLICITÉ POLITIQUE PAR LE DF

.14 Toute publicité politique doit être autorisée par le DF du candidat inscrit.

.15 Pour l'application de la Ligne directrice LG14.14, toute publicité politique sous forme de prospectus, d'écriteaux, d'affiches et d'annonces radiodiffusées ou télévisées doit porter la mention : **«Autorisé par le DF» accompagnée du nom du candidat inscrit**.

Par exemple, la documentation de campagne électorale de Julie Dupont doit mentionner l'autorisation sous l'une des formes suivantes, entre autres :

«Autorisé par le DF pour la campagne électorale de Julie Dupont», ou

«Autorisé par le DF pour la campagne de Julie Dupont».

Renvoi à la loi 152 (5)

BORROWING

GENERAL

.01 A registered candidate may borrow only from any chartered bank or other recognized lending institution in Ontario, provided that all such loans and the terms thereof, including the name of any guarantor thereof, are recorded by the candidate and reported in the financial statements to the Commission.

Act reference 162(1)

.02 A registered candidate must not receive any support in the form of a loan except as provided in the Act.

Act reference 162(2)

.03 Any delay in paying suppliers or other liabilities could be construed as receiving a loan not in accordance with the intent of the Act. Therefore, suppliers accounts must be paid within the credit terms normally imposed by the supplier. Similarly, any contributions received in contravention of any provision of the Act must be returned to the contributor upon obtaining the contributor's copy of the receipt issued in respect of that contribution. Any contribution which cannot be returned to the contributor must be paid to the Commission.

Act references 147(1), 155 and 162(2)

GUARANTEES & FORGIVENESS

.04 Only persons, corporations or trade unions eligible to make contributions as provided by Guideline LG05.06 may guarantee any loan.

Act reference 163

.05 Any guarantee with respect to a loan is considered a contribution and is subject to the $750 contribution limit.

Act reference 163(3)

TIMING RESTRICTIONS

.06 Candidates may borrow from any financial institution in Ontario, subject to the restrictions imposed by sections 162 and 163, only during the campaign period as defined in subsection 138(1) of the Act and after registration with the municipal clerk.

CANDIDATE'S DEFICIT

.07 The registered candidate is responsible for any deficit remaining from his or her campaign. The candidate is responsible therefore for ensuring that any borrowing is repaid.

DISCLOSURE

.08 The Commission has prescribed forms for reporting the financial activities of a registered candidate's campaign. Contained within these forms is a schedule in which full details must be provided of the name and address of the financial institution, the amount borrowed, the name and address of each guarantor and the amount guaranteed, and the amount outstanding at the end of the campaign period.

Act reference 162(1)

EMPRUNTS

GÉNÉRALITÉS

.01 Un candidat inscrit ne peut contracter un emprunt qu'auprès d'une banque à charte ou d'un autre établissement de crédit reconnu en Ontario, pourvu qu'il consigne le montant et les modalités de l'emprunt, ainsi que le nom de la personne qui s'en porte caution, le cas échéant, et qu'il les communique à la Commission.

Renvoi à la loi 162 (1)

.02 Un candidat inscrit ne doit pas recevoir d'aide sous forme de prêt, si ce n'est conformément à la loi.

Renvoi à la loi 162 (2)

.03 Tout retard apporté au paiement de fournisseurs ou autres éléments de passif pourrait être interprété comme la réception d'un prêt contrairement à l'esprit de la loi. Par exemple, les comptes de fournisseurs doivent être payés dans les délais de crédit normalement imposés par le fournisseur. De même, il faut retourner toute contribution reçue en violation de la loi à son donateur après avoir obtenu l'exemplaire du donateur du récépissé délivré relativement à cette contribution. Il y a lieu de verser à la Commission toute contribution qu'on ne peut retourner au donateur.

Renvois à la loi 147 (1), 155 et 162 (2)

CAUTIONNEMENTS ET REMISES

.04 Seuls les particuliers, les personnes morales ou les syndicats qui ont le droit de faire des contributions conformément à la Ligne directrice LG05.06 peuvent cautionner un emprunt.

Renvoi à la loi 163

.05 Tout cautionnement versé relativement à un prêt constitue une contribution et est assujetti au plafond de contribution de 750 $.

Renvoi à la loi 163 (3)

RESTRICTIONS DE TEMPS

.06 Les candidats ne peuvent contracter un emprunt auprès d'une institution financière en Ontario, sous réserve des restrictions imposées par les articles 162 et 163, que pendant la période de campagne électorale selon la définition donnée au paragraphe 138 (1) de la loi et après leur inscription auprès du secrétaire de la municipalité.

DÉFICIT D'UN CANDIDAT

.07 Le candidat inscrit est responsable de tout déficit de sa campagne électorale. Il lui incombe donc de faire en sorte que tout emprunt soit remboursé.

DIVULGATION

.08 La Commission a prescrit des formules qui permettent de déclarer les activités financières de la campagne électorale du candidat inscrit. Ces formules renferment un tableau dans lequel il faut indiquer toutes les particularités, notamment le nom et l'adresse de l'institution financière, le montant emprunté, le nom et l'adresse de chaque caution et le montant cautionné, ainsi que le montant impayé à la fin de la période de campagne électorale.

Renvoi à la loi 162 (1)

ACCOUNTING METHODS TO BE FOLLOWED

.01 The accounting methods set out below have been prescribed by the Commission for use in preparation of all financial statements to be filed by candidates in accordance with the provisions of the Act:

(a) **Accrual Basis**

The accrual basis of accounting is to be used to the extent that expenses are recorded when they are incurred. Contributions, however, should be recorded when actually deposited because of the uncertainty of collecting amounts pledged.

(b) **Marketable Securities**

Bonds, stocks and other marketable securities owned should be valued at quoted market value on the date of the initial statement of assets and liabilities. Securities purchased subsequently should be valued at cost. When securities are sold any resulting profit or loss (difference between carrying value and proceeds on sale) should be reflected in the statement of income and expenses.

(c) **Furniture and Other Equipment**

Furniture, fixtures, printing equipment, etc. should be charged to expenses when purchased. The existence of such assets should be indicated by showing them at the nominal value of $1 in any statement of assets and liabilities.

.02 All figures contained in financial statements to be filed with the Commission may be rounded to the nearest dollar.

.03 The instructions for preparing the reporting forms are contained elsewhere in the Guidelines and are designed to assist you in applying these accounting methods.

.04 The Commission has issued **Guideline LG17 - Hints on Record Keeping**, to facilitate preparation of the financial statements to be submitted to the Commission.

MÉTHODES COMPTABLES À SUIVRE

.01 La Commission a prescrit l'utilisation des méthodes comptables décrites ci-dessous dans la préparation de tous les états financiers que les candidats doivent déposer conformément aux dispositions de la loi.

a) **Comptabilité d'exercice**

On doit recourir à la comptabilité d'exercice dans la mesure où les dépenses sont consignées lorsqu'elles sont engagées. Par contre, les contributions doivent être consignées lorsqu'elles sont effectivement déposées en raison de l'incertitude inhérente au recouvrement des sommes promises.

b) **Titres négociables**

On évalue les obligations, actions et autres titres négociables possédés à la valeur marchande à la cote à la date de l'état initial de l'actif et du passif. Les titres achetés ultérieurement sont évalués au prix coûtant. Lors de la vente de titres, le profit ou la perte qui résulte de l'opération (soit la différence entre la valeur comptable et le produit de la vente) est reporté(e) dans l'état des recettes et des dépenses.

c) **Ameublement et autre équipement**

L'ameublement, les agencements, le matériel d'imprimerie, etc., sont passés en charges lors de leur achat. On doit indiquer l'existence de ces éléments d'actif, en leur accordant la valeur symbolique de 1 $ dans tout état de l'actif et du passif.

.02 On peut arrondir au dollar le plus proche tous les chiffres renfermés dans les états financiers à déposer auprès de la Commission.

.03 Les instructions sur la façon de remplir les formules de déclaration contenues ça et là dans les Lignes directrices visent à vous aider à appliquer ces méthodes comptables.

.04 La Commission a émis la **Ligne directrice LG17 - Conseils en matière de tenue de registres** pour faciliter la préparation des états financiers à présenter à la Commission.

HINTS ON RECORD KEEPING - BOOKS OF ACCOUNT

GENERAL

.01 This Guideline has been prepared to give practical guidance on record keeping and the maintenance of good accounting records:

CFO TO FILE CAMPAIGN STATEMENTS

.02 The CFO for a candidate is required to file financial statements with the Commission detailing campaign income and expenses of the candidate's campaign. Accordingly, it is required that proper records are kept. The campaign period commences January 1 of an election year and terminates on March 31 in the year following the regular election.

Act reference 138(1)

RECORD KEEPING IS REQUIRED

.03 A record must be kept of **all** amounts received and **all** amounts paid out. This can be accomplished most effectively by observing the following practices:

(i) Ensure that all bank or similar accounts to be used for cash disbursements are of the type where a monthly statement and cancelled cheques are received.

(ii) Make up duplicate deposit slips for every deposit listing the names of the persons, corporations or trade unions from whom cheques, money orders or credit card vouchers are received.

(iii) Make all payments, except petty cash payments, by cheque.

(iv) Retain invoices from suppliers and other documentation relating to expenses. The auditor will want to see these when making the audit examination. Expenses must be supported by a voucher or statement where the disbursement exceeds $25.

Act reference 167(2)

(v) Keep a petty cash fund to handle minor expenses normally paid in cash. Obtain invoices supporting all payments out of the fund. At any point in time the cash on hand plus the total of the amount of invoices should equal the original amount of the petty cash fund. The fund can be replenished periodically by a cheque drawn on the campaign bank account on record with the Commission in an amount equal to the total of the invoices. The auditor will wish to examine the invoices.

(vi) **All** amounts accepted must be deposited intact in an authorized campaign account. If any contribution is unacceptable for any reason, the contribution must be returned before it is deposited; otherwise the contribution must be recorded and reported. See Guidelines LG04 - Campaign Account and LG05 - Rules on Contributions. **Undeposited cash contributions received must not be used to pay off debts or to pay for purchases**. Any departure from this rule is a breach of the Act. Cash contributions from any one contributor in excess of $25 are prohibited.

.04 A copy of each bank deposit slip must be kept. The name and amount on each cheque, money order or credit card voucher being deposited should be noted on the deposit slip or in some other document which can be cross-referenced to the deposit slip.

.05 It is not necessary to keep a complicated set of accounting records. To comply with the Act, to report to the Commission and to satisfy the auditor, the following should be all that is needed:

(i) deposit slips for all deposits showing contributors' names

(ii) a record of all contributions of goods and services and their fair market value

(iii) a list of names and addresses of all contributors and their status as to individual, corporation or trade union and amount contributed by each

(iv) a record of all contributions returned

(v) cancelled cheques and bank statements

(vi) cheque stubs on which will be recorded the particulars of all payments made

(vii) invoices, petty cash slips and other vouchers supporting all payments made and goods and services contributions accepted

(viii) contribution receipt records as specified by the Commission

.06 In addition to records of cash actually received and disbursed, for financial statements on an accrual basis, the following should be taken into account:

- expenses incurred but not paid (accounts payable),

- expenses incurred for which bills have not yet been received,

- income on amounts on deposit or other investments, which has been earned but not yet received,

- expenses incurred by virtue of contributed goods and services,

- contributions received prior to the end of the period but not deposited until after the end of the period, including contributions received in the mail after the end of the period in envelopes postmarked in the reporting period,

- surplus funds received from the municipal clerk in accordance with the provisions of Guideline LG21

ACCOUNTING SYSTEM

.07 The Act does not specify what is meant by proper records and the Commission does not require any particular accounting system to be used. Whatever accounting system suits the CFO's requirements should be used. For example, bank deposit slips may be used as the primary record of contributions, a file of thank you letters to contributors as the record of their names and addresses and cheque stubs as the record for payments of expenses.

CONSULTING WITH AUDITOR

.08 Consulting with the candidate's auditor is advisable. This will ensure that the bookkeeping procedures to be followed are satisfactory to the auditor so that the audit work can be carried out at minimum cost.

ACCOUNTING BOOK

.09 A standard multi-column accounting book should be purchased at a stationery or office supply store. One section of the book should be used for recording funds received, another for funds disbursed and a third section for recording **all** donations of goods, services and advertising. A computerized accounting system may be used.

.10 It is very important to make a clear distinction between transactions that are campaign period income or expenses that are to be reported to the Commission and those that are not. For example:

(a) campaign expenses do **not** include repayment of bank borrowings, contributions returned, or amounts paid to the Commission, and

(b) campaign income does **not** include proceeds from bank loans.

CONSEILS EN MATIÈRE DE TENUE DE REGISTRES - LIVRES COMPTABLES

GÉNÉRALITÉS

.01 Cette Ligne directrice vise à donner une orientation pratique sur la façon de tenir de bons registres comptables.

OBLIGATION DU DF DE DÉPOSER DES ÉTATS DE CAMPAGNE ÉLECTORALE

.02 Le DF d'un candidat est tenu de déposer auprès de la Commission des états financiers détaillant les recettes et les dépenses liées à la campagne électorale du candidat. C'est pourquoi il est exigé de tenir les registres appropriés. La période de campagne électorale est comprise entre le 1er janvier d'une année d'élection et le 31 mars de l'année qui suit l'élection ordinaire.

Renvoi à la loi 138 (1)

OBLIGATION DE TENIR DES REGISTRES

.03 Il faut tenir un registre de **tous** les montants reçus et de **tous** les montants payés. La meilleure façon de le faire est d'adopter les habitudes suivantes :

(i) S'assurer que tous les comptes de banque et autres à utiliser pour les sorties de fonds comportent l'envoi d'un relevé de compte mensuel accompagné des chèques annulés.

(ii) Faire des bordereaux de dépôt en double exemplaire pour chaque dépôt, indiquant le nom du particulier, de la personne morale ou du syndicat qui a remis le chèque, le mandat ou le bordereau de carte de crédit.

(iii) Faire tous les paiements, sauf ceux de la petite caisse, par chèque.

(iv) Conserver les factures des fournisseurs et tous autres documents ayant trait à des dépenses; le vérificateur tiendra à les voir lorsqu'il fera son examen de vérification. Les dépenses doivent être appuyées d'un relevé ou d'une autre pièce justificative, sauf si le montant d'une dépense est inférieur à 25 $.

Renvoi à la loi 167 (2)

(v) Garder un fonds de petite caisse pour régler les dépenses mineures ordinairement payées au comptant. Se procurer des factures à l'appui de tout paiement effectué à même le fonds. À tout moment, l'argent en main plus le total du montant des factures doit être égal au montant initial du fonds de petite caisse. On peut réapprovisionner périodiquement le fonds au moyen d'un chèque tiré sur le compte de banque de campagne électorale dont le nom figure aux dossiers de la Commission, dont le montant est égal au total des factures. Le vérificateur tiendra à examiner les factures dans le cadre de sa vérification.

(vi) Il faut déposer intégralement **tous** les montants acceptés dans un compte de campagne électorale autorisé. Si une contribution ne peut être acceptée, quel qu'en soit le motif, retourner la contribution avant de la déposer, sinon il faudra consigner et déclarer la contribution (voir les Lignes directrices LG04 - Compte de campagne électorale et LG05 - Règles concernant les contributions). **Ne pas se servir de contributions en espèces reçues et non déposées pour payer des dettes ou régler des achats**. Tout écart par rapport à cette règle est une violation de la loi. Il est interdit d'accepter d'un donateur des contributions en espèces supérieures à 25 $.

.04 Il faut conserver un exemplaire de chaque bordereau de dépôt bancaire. Vérifier si le nom de chaque donateur et le montant du chèque, du mandat ou du bordereau de carte de crédit déposé sont inscrits sur le bordereau ou sur quelque autre document auquel le bordereau peut renvoyer.

.05 Il n'est pas nécessaire de tenir un jeu compliqué de registres comptables. Les documents suivants suffiront pour se conformer à la loi, permettre de faire les déclarations à la Commission et satisfaire le vérificateur :

(i) les bordereaux de dépôt pour tous les dépôts, indiquant le nom des donateurs;

(ii) un registre de toutes les contributions en biens et services et de leur juste valeur marchande;

(iii) une liste des noms et adresses de tous les donateurs ainsi que leur qualité : particulier, personne morale ou syndicat, et le montant de la contribution de chacun;

(iv) un registre de toutes les contributions retournées;

(v) les chèques annulés et les relevés de banque;

(vi) les talons de chèque sur lesquels sont consignés les détails de tous les paiements effectués;

(vii) les factures, bordereaux de petite caisse et autres pièces justificatives à l'appui de tous les paiements effectués et des contributions en biens et services acceptées;

(viii) les registres de récépissés de contribution comme l'exige la Commission.

.06 En plus des registres d'argent effectivement reçu et déboursé, pour dresser des états financiers selon la comptabilité d'exercice, il faut aussi tenir compte de ce qui suit :

- les dépenses engagées mais impayées (créditeurs);
- les dépenses engagées à propos desquelles on n'a pas encore reçu de facture;
- les recettes sur des sommes en dépôt ou autres placements, qui ont été gagnées mais non encore touchées;
- les dépenses engagées en rapport avec des biens et services fournis à titre de contribution;
- les contributions reçues avant la fin de la période mais non déposées avant la fin de la période, notamment les contributions reçues par la poste après la fin de la période dans des enveloppes portant sur le tampon de la poste une date antérieure à la fin de la période de déclaration;
- les fonds excédentaires reçus du secrétaire de la municipalité conformément aux dispositions de la Ligne directrice LG21.

SYSTÈME COMPTABLE

.07 La loi ne définit pas l'expression «registres appropriés» et la Commission n'impose pas l'utilisation d'un système comptable particulier. On doit utiliser n'importe quel système qui réponde aux besoins du DF. On peut, par exemple, préférer utiliser des bordereaux de dépôt bancaire comme registre primaire de contributions, un fichier de lettres de remerciement aux donateurs comme registre de noms et adresses et des talons de chèque comme registre des paiements de dépenses.

CONSULTATION DU VÉRIFICATEUR

.08 Il est à conseiller de consulter le vérificateur du candidat. On s'assure ainsi que les méthodes de tenue de registres que l'on se propose de suivre lui donnent satisfaction, de sorte qu'il puisse réaliser son travail de vérification au moindre coût.

LIVRE DE COMPTABILITÉ

.09 Acheter un livre de comptabilité standard à colonnes multiples dans une papeterie ou au magasin de fournitures de bureau. Utiliser une section du livre pour consigner les recettes au comptant, une autre pour les sorties de fonds et une troisième pour y consigner **toutes** les donations en biens, services et publicité. On peut également utiliser un système comptable informatisé.

.10 Il est très important d'établir une distinction nette entre les opérations qui sont des recettes ou des dépenses de la période de campagne électorale qu'il faut déclarer à la Commission et les opérations qui ne le sont pas. Par exemple :

a) les dépenses liées à la campagne électorale **ne** comprennent **pas** le remboursement d'emprunts bancaires, les contributions retournées ou les sommes versées à la Commission; et

b) les recettes de campagne électorale **ne** comprennent **pas** les sommes provenant d'emprunts bancaires.

AUDITOR

GENERAL

.01 This section of the Guidelines is intended to provide information specifically related to the auditor. By inclusion with the general set of Guidelines the Commission hopes it will also be informative to the CFO and make the CFO aware of the problems and needs of the auditor in the completion of the audit work. Knowing in advance what information the auditor is likely to require and having it readily available should result in a more efficient audit and a more timely audit report.

.02 The Act contains a number of references to the auditor. While the auditor should be aware of all provisions of the Act, the auditor should consult the publications issued by the Institute of Chartered Accountants of Ontario.

AUDITORS MUST BE LICENSED UNDER THE PUBLIC ACCOUNTANCY ACT

.03 Every candidate must appoint an auditor at the time of appointment of the CFO. Auditors must be persons licensed under the **Public Accountancy Act (Ontario)** or a firm whose partners resident in the Province of Ontario are licensed under that act. Where an auditor previously appointed ceases for any reason to hold office as such, the candidate must appoint another auditor and immediately advise the Commission.

Act references 168(1) and 168(2)

PERSONS INELIGIBLE TO BE AUDITORS

.04 No election official, registered candidate or CFO of such candidate can act as the auditor for the registered candidate.

Act reference 168(3)

AUDITOR'S REPORT ON CANDIDATE'S FINANCES

.05 The candidate's auditor is required to make a report to the CFO on the candidate's campaign period financial statements.

Act reference 168(4)

.06 The auditor is required to make an examination that will enable the auditor to report whether the financial statements present fairly the information contained in the accounting records on which the financial statements are based.

Act reference 168(4)

.07 The auditor's report shall also include such comments as the auditor considers necessary where the CFO has not provided all the information and explanation that is required or where proper accounting records have not been kept by the CFO.

Act reference 168(5)

ACCESS TO CAMPAIGN DOCUMENTS

.08 At all reasonable times the auditor is to have access to all records, documents, books, accounts and vouchers of the candidate who appointed the auditor. The auditor is also entitled to require from the CFO such information and explanation as may be necessary in the auditor's opinion to enable the making of the report.

Act references 168(6) and 168(7)

AUDITED FINANCIAL STATEMENTS MUST BE FILED

.09 The CFO of every registered candidate must file audited campaign period financial statements with the Commission no later than June 30 in the year following the regular election. Accordingly, it will be necessary for the auditor to make a report to the CFO prior to that date.

Act reference 169(2)

VÉRIFICATEUR

GÉNÉRALITÉS

.01 Cette section des Lignes directrices vise à donner des renseignements expressément en rapport avec le vérificateur. En insérant ces renseignements dans les Lignes directrices générales, la Commission espère qu'ils seront instructifs pour le DF et qu'ils le tiendront au fait des problèmes et des besoins du vérificateur dans l'exercice de ses fonctions. Si le directeur des finances sait à l'avance de quels renseignements le vérificateur aura probablement besoin et devra disposer, on devrait obtenir que le vérificateur soit plus efficace et que le rapport soit prêt au moment voulu.

.02 La loi renferme un certain nombre de références au vérificateur. Bien que le vérificateur doive déjà être au courant de toutes les dipositions de la loi, il serait bon qu'il consulte les publications de l'Institut des comptables agréés de l'Ontario.

AGRÉMENT DES VÉRIFICATEURS AUX TERMES DE LA LOI

.03 Chaque candidat doit nommer un vérificateur au moment de la nomination de son DF. Les vérificateurs doivent être des personnes titulaires d'un permis aux termes de la **Loi sur la comptabilité publique (Ontario)** ou un cabinet dont les associés, résidents de l'Ontario, sont agréés aux termes de cette loi. Lorsque le vérificateur préalablement nommé cesse d'exercer ses fonctions pour quelque motif que ce soit, le candidat doit nommer un autre vérificateur et en informer sans délai la Commission.

Renvois à la loi 168 (1) et 168 (2)

PERSONNES INADMISSIBLES À LA CHARGE DE VÉRIFICATEUR

.04 Aucun membre du personnel électoral, candidat inscrit ou DF du candidat ne peut agir en qualité de vérificateur du candidat inscrit.

Renvoi à la loi 168 (3)

RAPPORT DU VÉRIFICATEUR SUR LES FINANCES DU CANDIDAT

.05 Le vérificateur du candidat est tenu de présenter au DF un rapport sur les états financiers de la période de campagne électorale du candidat.

Renvoi à la loi 168 (4)

.06 Le vérificateur est tenu de procéder à un examen qui lui permette de déclarer si les états financiers représentent fidèlement l'information contenue dans les registres comptables sur lesquels ils reposent.

Renvoi à la loi 168 (4)

.07 Le rapport du vérificateur doit également déclarer, s'il le juge nécessaire, s'il a reçu ou non du DF les renseignements et les explications qu'il a exigés ou si le DF n'a pas tenu les registres comptables appropriés.

Renvoi à la loi 168 (5)

ACCÈS AUX DOCUMENTS DE LA CAMPAGNE ÉLECTORALE

.08 À toute heure raisonnable, le vérificateur a le droit de consulter les dossiers, documents, livres, comptes et pièces justificatives du candidat qui l'a nommé. Le vérificateur a également le droit d'exiger du DF les renseignements et les explications qui, à son avis, sont nécessaires afin de pouvoir dresser son rapport.

Renvois à la loi 168 (6) et 168 (7)

DÉPÔT OBLIGATOIRE DES ÉTATS FINANCIERS VÉRIFIÉS

.09 Le DF de chaque candidat inscrit doit déposer auprès de la Commission des états financiers vérifiés pour la période de campagne électorale, au plus tard le 30 juin de l'année qui suit l'élection ordinaire. Le vérificateur doit donc présenter son rapport avant cette date.

Renvoi à la loi 169 (2)

Act reference 169(1)

- the Commission's copy of valid and duplicate receipts issued,

DÉPENSES

Avant de remplir cette partie de l'état financier, se reporter à la Ligne directrice LG12 pour vérifier si les dépenses sont dûment classifiées entre celles qui sont assujetties à des restrictions et celles qui ne le sont pas.

Examiner de même la Ligne directrice LG13 pour vérifier si l'on a dûment comptabilisé le stock de matériel de campagne électorale dans l'état financier.

La section «dépenses» de l'état des recettes et des dépenses de la période de campagne électorale a été conçue selon une présentation par colonnes qui distingue clairement les dépenses assujetties à des restrictions de celles qui ne le sont pas. Bien que la loi et nombre de Lignes directrices envisagent la façon de considérer les dépenses, c'est la Ligne directrice

LG12 qui donne des indications précises sur la façon de classer et de consigner les dépenses liées à la campagne électorale.

Si des dépenses liées à la campagne électorale ont été classées comme non assujetties à des restrictions alors que la Ligne directrice LG12 ne permet pas de les considérer comme telles, le DF doit être prêt à fournir, sur demande, une explication du traitement comptable.

Toutes les dépenses engagées pendant la période de campagne électorale, qu'elles soient payées, dues ou considérées comme une contribution, doivent être inscrites par catégorie dans l'état des recettes et des dépenses relatif à la période de campagne électorale.

Il faut déclarer à part les contributions anonymes et les verser à la Commission.

Renvoi à la loi 147

Les biens ou services donnés ou vendus au-dessous du prix réel sont considérés comme une contribution, sauf les biens ou services fournis par un travail bénévole non rémunéré.

Chaque fois que sont fournis des biens ou des services, on considère qu'une dépense d'une valeur équivalente a été engagée. La Ligne directrice LG09 donne des renseignements sur les biens et services fournis.

Renvoi à la loi 151

Le DF doit s'assurer qu'aucun donateur ne fait de contributions dépassant en tout le plafond de 750 $ par candidat pour une période de campagne électorale ou, en tout, le plafond de 5 000 $ pour une période de campagne électorale en ce qui concerne les candidats inscrits pour être élus à un poste dans le même conseil, conseil scolaire ou conseil local.

En même temps que les états financiers, le DF doit remettre ce qui suit :

- l'exemplaire de la Commission des récépissés valides et doubles délivrés,
- l'exemplaire de la Commission et celui du donateur de tous les récépissés annulés,

Les honoraires de comptabilité et de vérification comprennent les honoraires versés aux vérificateurs, les honoraires versés pour des services de comptabilité dispensés par des sources externes ou par le DF, s'il s'agit d'un poste rémunéré.

TABLEAU 7 - STOCK À L'OUVERTURE

.29 Ce tableau exige des renseignements concernant la description, la date d'acquisition, le fournisseur, la quantité et la valeur de tout le stock de matériel de campagne électorale réutilisable déclaré dans les derniers états financiers déposés auprès de la Commission.

Dans l'évaluation d'un matériel de campagne électorale destiné à l'usage du candidat, qui est resté d'une campagne électorale antérieure, il faut utiliser le prix de remplacement ou le prix estimé. Déclarer tout le matériel provenant d'une campagne électorale antérieure, même si le matériel n'a pas été déduit de la campagne électorale antérieure en raison des dispositions de la Ligne directrice LG13.04. Ce prix varie selon les endroits de la province et dépend de l'approvisionnement local, de la concurrence et de l'aptitude de l'organisation de campagne électorale du candidat à produire ses propres enseignes ou à se procurer du matériel de récupération, par exemple, pour construire des enseignes. Dans tous les cas, il y a lieu de réunir la documentation pertinente à l'appui de la valeur du stock.

TABLEAU 8 - STOCK À LA FERMETURE

.30 Le tableau 8 exige des renseignements sur le stock à la fin de la période.

Le DF doit déterminer avec soin non seulement la quantité du matériel de campagne réutilisable n'identifiant pas un candidat précis, mais aussi la valeur à assigner à chaque article. Il y a lieu de dresser une liste détaillée et de recourir aux critères suivants pour déterminer la valeur des stocks à la fermeture de la période.

a) Si l'article était en main au début de la période de campagne électorale, l'évaluer à la même valeur utilisée au début de la campagne;

b) Si l'article a été acquis durant la campagne électorale, l'évaluer au prix de la facture.

TABLEAU 9 - LISTE DES DÉBITEURS

.31 Le tableau 9 fournit une analyse du montant inscrit dans l'état de l'actif et du passif à la rubrique «débiteurs».

Il peut s'agir de débiteurs de sources variées : dépôts non remboursés, etc., mais non les contributions promises qui n'ont pas encore été reçues.

Donner la date d'origine de l'opération qui a donné lieu au débiteur, le nom du débiteur, la nature et le montant de l'opération.

Le montant total au bas du tableau 9 doit correspondre au montant inscrit dans l'état de l'actif et du passif.

TABLEAU 10 - LISTE DES CRÉDITEURS

.32 Le tableau 10 fournit une analyse du montant inscrit dans l'état de l'actif et du passif à la rubrique «créditeurs».

Donner la date d'origine des frais, le nom du fournisseur, la nature et le montant des frais.

Le montant total au bas du tableau 10 doit correspondre au montant inscrit dans l'état de l'actif et du passif.

TABLEAU 11 - ÉTAT DE LA DISPOSITION DE L'EXCÉDENT OU DU DÉFICIT

.33 Les renseignements qui correspondent à ceux de l'état des recettes et des dépenses relatif à la période de campagne électorale doivent figurer à l'endroit prévu. À noter les exigences précises de la Commission. Si le compte de campagne électorale du candidat inscrit accuse :

a) un excédent :

(i) Le candidat inscrit doit remettre le montant de l'excédent au secrétaire de la municipalité et communiquer à la Commission le montant et la date de l'excédent ainsi que la date à laquelle il a été remis au secrétaire de la municipalité.

(ii) En cas d'écart entre le montant de l'excédent versé au secrétaire de la municipalité et le montant déclaré, la Commission **doit** être informée de tous les détails pertinents.

b) un déficit :

(i) Annexer un tableau distinct énumérant les dettes impayées, notamment les emprunts bancaires non remboursés pour combler le déficit.

(ii) Indiquer sur le tableau la manière et le moment de l'acquittement des dettes par le candidat. Il faut joindre à ce document une lettre signée par le candidat confirmant clairement cet engagement.

LISTE DE CONTRÔLE

.34 Pour vérifier si le rapport est entièrement rempli, suivre la liste de contrôle suivante et confirmer chaque point :

- Les états financiers sont vérifiés bien avant la date limite de dépôt.
- La case réservée aux renseignements sur le nom et l'adresse est remplie.
- Le DF et le candidat ont signé les états financiers.
- Tous les tableaux exigés ont été remplis et sont conformes aux états financiers, selon le cas.
- Le rapport du vérificateur est signé et accompagné de la note des honoraires du vérificateur.
- L'exemplaire de la Commission de tous les récépissés utilisés et l'exemplaire du donateur de tous les récépissés annulés et le stock de récépissés non utilisés sont annexés aux états financiers. Ne pas envoyer l'exemplaire du DF des récépissés utilisés.
- Le total des récépissés valides délivrés est conforme au total des contributions déclarées au tableau 2.
- Toutes les contributions supérieures à 25 $ ont été acceptées par chèque, mandat ou carte de crédit.
- Les contributions en biens et services en provenance d'une source unique ont été déclarées à la fois comme une contribution et comme une dépense et un récépissé officiel a été délivré.
- Les contributions acceptées d'une source unique ne dépassent pas en tout 750 $.

- Lorsque des contributions acceptées d'une source unique dépassaient en tout 750 $, la différence a été remboursée au donateur contre remise du récépissé officiel, ou versée à la Commission si l'on n'a pas récupéré le récépissé officiel.

- On n'a accepté de contributions que de particuliers résidant en Ontario, de personnes morales exerçant des activités en Ontario et de syndicats titulaires de droits de négociation en Ontario.

- Toutes les contributions proviennent uniquement de fonds appartenant au donateur.

- Chaque récépissé de remplacement renferme exactement les mêmes renseignements que le récépissé original et porte le numéro du récépissé qu'il remplace.

- Tous les emprunts, découverts ou autres formes de dette sont reçus uniquement d'une banque, d'une autre institution financière reconnue.

- Lorsqu'une contribution a été versée par l'intermédiaire d'une association sans personnalité morale, notamment une société de personnes, mais à l'exclusion d'un syndicat, on a accusé réception de la contribution par des récépissés officiels délivrés au nom de chaque membre de l'association ou de la société de personnes pour le montant versé par lui.

- On a déclaré la valeur des stocks.

- On a conservé les pièces justificatives des dépenses jusqu'à ce que l'on reçoive de la Commission la permission de les détruire. La Commission peut demander que ces pièces lui soient remises aux fins d'examen.

RENSEIGNEMENTS SUPPLÉMENTAIRES

.01 The Commission requires the retention of financial records for candidates registered under the Act for a period of not less than six years. It is the responsibility of each CFO to retain the candidate's financial records for this period.

.02 It will be necessary for written authorization to be obtained from the Commission for record destruction. The written request must specify which records are to be destroyed and for which years.

CONSERVATION DES REGISTRES

.01 La Commission exige la conservation des registres financiers ayant trait aux candidats inscrits aux termes de la loi pendant au moins six ans. C'est au DF qu'il incombe de conserver les registres financiers du candidat pendant cette période.

.02 Pour pouvoir détruire des registres, il est nécessaire d'obtenir l'autorisation écrite de la Commission. La demande par écrit doit préciser les registres qu'il s'agit de détruire et à quelle année ils remontent.

PUBLIC ACCESS TO INFORMATION

GENERAL

.01 Most documents filed with the Commission or the municipal clerk are public records. These records may be inspected by any person upon request at the offices of the Commission or the municipal clerk during normal office hours. Any person may make extracts from the documents and is entitled to copies of the documents upon payment for their preparation at such rates as the Commission or the municipal clerk may determine. The information obtained must not be used for purposes of commercial solicitation.

Act reference 174

WHAT DOCUMENTS ARE AVAILABLE

.02 The public may examine the following documents:

- applications for registration received from a candidate,
- demand for a candidate to delete the candidate's name as a registered candidate,
- notification of a candidate to file financial statements,
- statements to local government jurisdictions,
- audited campaign period financial statements and related auditor's report filed by candidates, and
- receipts for any one contributor forwarded with audited annual or campaign period statements whose value totals more than $100 in aggregate. Receipts for contributors whose contributions total $100 or less in aggregate are not available for examination by the public.

ACCÈS PUBLIC À L'INFORMATION

GÉNÉRALITÉS

.01 La plupart des documents déposés auprès de la Commission ou du secrétaire de la municipalité constituent des documents publics. Quiconque en fait la demande peut les examiner aux bureaux de la Commission ou du secrétaire de la municipalité pendant les heures normales d'ouverture. Quiconque peut prendre des extraits des documents et en obtenir des copies après acquittement des frais de reproduction, selon le tarif que peut fixer la Commission ou le secrétaire de la municipalité, selon le cas. Les renseignements obtenus ne sauraient être utilisés à des fins commerciales.

Renvoi à la loi 174

DOCUMENTS DISPONIBLES

.02 Le public peut examiner les documents suivants :

- demandes d'inscription reçues d'un candidat,
- demande d'un candidat en vue de supprimer son nom comme candidat inscrit,
- notification d'un candidat de déposer des états financiers,
- déclarations aux autorités municipales compétentes,
- états financiers vérifiés pour une période de campagne électorale et rapport connexe du vérificateur déposés par des candidats,
- récépissés de tout donateur, envoyés avec les états annuels ou de période de campagne électorale vérifiés, dont la valeur globale s'élève à plus de 100 $. Les récépissés dont la valeur ne dépasse pas 100 $ ne sont pas offerts à l'examen du public.

USE OF CUSTOM OR FREE-FORMAT FORMS

GENERAL

.01 All applications, financial statements, schedules and other documents required to be filed with the Commission shall be filed in the form prescribed or approved by the Commission.

Act reference 175

.02 CFOs who prefer to use computer-generated information for the financial statements must have the free-format or custom form approved by the Commission prior to filing.

.03 Computer-generated statements, in order to be acceptable, must contain all the required information in a format substantially similar to the Commission's preprinted forms.

RECEIPT FORMS

.04 Every registered candidate must issue or cause to be issued receipts, as required by the Commission, for every contribution accepted.

Act reference 155

.05 The only receipts which may be used are those provided by the Commission. As the receipt forms require specific information in a precise format, little digression is possible. Proposals for alternate receipt design will be considered only for high volume users such as large local government jurisdictions. Any proposal for modification to the existing format must be submitted to the Commission in writing. Because of extensive negotiations required with Revenue Canada, Taxation and the Ministry of Revenue, any proposal should allow sufficient time to complete these negotiations and to prepare preprinted receipt forms.

FACSIMILE SIGNATURES ON RECEIPTS

.06 Facsimile signatures are acceptable on receipts subject to approval by the Commission and provided the following procedures are adhered to:

(a) The CFO must institute an adequate system of internal control over the signature stamps and signature plates and provide the Commission with details of the system in effect.

(b) The CFO must accept full personal responsibility for the issuance of documents on which facsimile signatures appear in the same way as the CFO accepts responsibility for documents signed manually.

(c) Samples of stamp or plate signatures must be provided to the Commission for authorization in advance of their use.

UTILISATION DE FORMULES PERSONNALISÉES OU DE FORMAT LIBRE

GÉNÉRALITÉS

.01 Les demandes, états financiers, tableaux et autres documents qui doivent être déposés auprès de la Commission doivent l'être sur la formule prescrite ou approuvée par la Commission.

Renvoi à la loi 175

.02 Les DF qui préfèrent utiliser des données produites par ordinateur pour composer leurs états financiers doivent faire approuver le format personnalisé ou libre par la Commission avant de les déposer.

.03 Pour être acceptables, les états financiers produits par ordinateur doivent renfermer tous les renseignements requis selon une présentation analogue en substance à celle des formules imprimées de la Commission.

FORMULES DE RÉCÉPISSÉ

.04 Chaque candidat inscrit doit délivrer ou faire délivrer, conformément aux exigences de la Commission, des récépissés à l'égard de chaque contribution acceptée.

Renvoi à la loi 155

.05 Les seuls récépissés qui peuvent être utilisés sont ceux que fournit la Commission. Étant donné que les formules de récépissé doivent renfermer des renseignements précis selon une présentation précise, on ne peut guère s'écarter du modèle. Les propositions de récépissé d'une autre conception ne seront envisagées que pour de gros utilisateurs comme les grandes administrations municipales. Toute proposition de modification du format actuel doit être soumise par écrit à la Commission. Compte tenu des longues négociations requises avec Revenu Canada, Impôt et le ministère du Revenu, toute proposition devrait accorder suffisamment de temps pour mener à bon terme ces négociations et préparer les récépissés imprimés.

FAC-SIMILÉS DE SIGNATURE SUR LES RÉCÉPISSÉS

.06 Les fac-similés de signature sont acceptables sur les récépissés, sous réserve de l'approbation de la Commission et à condition que l'on adopte les procédures suivantes :

a) Le DF doit instituer un système adéquat de contrôle interne sur les tampons de signature et les plaques de signature, et communiquer à la Commission les particularités du système en vigueur.

b) Le DF doit accepter l'entière responsabilité personnelle en matière de délivrance de documents sur lesquels apparaît un fac-similé de signature, de la même façon qu'il accepte la responsabilité pour les documents signés de sa main.

c) Des spécimens de signature à l'aide de tampons ou de plaques doivent être remis à la Commission pour qu'elle en autorise, au préalable, l'usage.

(a) they are in close proximity;

(b) the pressure in each work chamber does not exceed 100 kilopascals; and

(c) only one of the locks is being used to compress or decompress a worker. O. Reg. 213/91, s. 389.

390.—(1) A lock tender shall ensure that the requirements of this section are met before a worker enters an air lock.

(2) A worker shall be examined by a project physician before the worker enters an air lock in preparation for working in compressed air.

(3) A lock tender shall ensure that any worker who enters the air lock in preparation for working in compressed air has been examined by a physician in accordance with subsection (2).

(4) The means of air supply, air pressure gauges and controls, lock equipment and other devices necessary for the safe operation of an air lock and the protection of workers shall be in working order. O. Reg. 213/91, s. 390.

391.—(1) A lock tender shall increase the air pressure on a worker in an air lock in accordance with this section.

(2) Air pressure shall be increased uniformly and to no more than thirty-five kilopascals in the first two minutes of application of compressed air.

(3) Air pressure shall not be increased to more than thirty-five kilopascals until the lock tender ensures that every worker in the air lock is free from discomfort due to air pressure.

(4) Air pressure shall be increased above thirty-five kilopascals at a uniform rate of not greater than thirty-five kilopascals per minute.

(5) A lock tender shall observe a worker in an air lock while increasing the air pressure on the worker and, if the worker shows signs of discomfort and the discomfort does not quickly disappear, the lock tender shall gradually decrease the air pressure until the worker reports that the discomfort has ceased or until the air pressure reaches atmospheric pressure. O. Reg. 213/91, s. 391.

392.—(1) A lock tender shall decrease the air pressure on a worker in an air lock in accordance with this section and section 395.

(2) Air pressure shall be decreased uniformly in each of the stages of decompression referred to in section 395.

(3) A lock tender shall constantly observe a worker in an air lock while decreasing the air pressure on the worker and, if the worker shows signs of discomfort and the discomfort does not quickly disappear, the lock tender shall gradually increase the air pressure until the worker reports that the discomfort has ceased or until the air pressure equals the pressure in the work chamber. O. Reg. 213/91, s. 392.

393.—(1) If a worker in an air lock appears to be suffering from decompression sickness, a lock tender shall notify, and follow the instructions of, a project physician, the superintendent or a person designated by the superintendent.

(2) If a worker in an air lock appears to be injured or to be unwell from a cause unrelated to air pressure, a lock tender shall notify, and follow the instructions of, a project physician.

(3) In the circumstances described in subsection (2), a lock tender shall decompress the worker unless otherwise instructed by the project physician. O. Reg. 213/91, s. 393.

394.—(1) A lock tender shall record information about the compression and decompression of a worker in an air lock.

(2) A separate record shall be kept for each air lock and each compression and decompression of a worker.

(3) The information to be recorded is,

(a) the description of the air lock;

(b) the worker's name;

(c) the time of the beginning and end of each compression or decompression to which the worker is subjected;

(d) the pressure and temperature in the air lock before and after each compression or decompression to which the worker is subjected; and

(e) a description of any unusual occurrence respecting the worker, the air lock or any related matter.

(4) A lock tender shall give the record to the superintendent. O. Reg. 213/91, s. 394.

Decompression Procedures

395.—(1) A worker who has been in air pressure greater than atmospheric air pressure for more than five minutes shall be decompressed down to atmospheric pressure in accordance with this section.

(2) Subject to subsection (3), decompression shall be done in accordance with the Tables to this Regulation.

(3) The rate of decompression required by subsection (2) may be doubled with respect to a worker if, while performing the work in compressed air, the worker,

(a) has not been exposed to air pressure greater than 220 kilopascals;

(b) has remained under compressed air for a maximum of thirty minutes; and

(c) has not done manual work.

(4) Subsection (3) applies only if every worker who is in the air lock,

(a) meets the requirements of clauses 3 (a), (b) and (c); and

(b) has previously experienced decompression.

(5) A copy of the Tables to this Regulation shall be kept posted at a project,

(a) in each air lock;

(b) at the controls outside each air lock; and

(c) in each change room. O. Reg. 213/91, s. 395.

396. A worker who believes he or she has decompression sickness shall promptly notify,

(a) the superintendent or a project physician; or

(b) the lock tender, if the worker is under compressed air. O. Reg. 213/91, s. 396.

397.—(1) The superintendent shall make a report at least once a week to the Director of the Construction Health and Safety Branch concerning every case of decompression sickness at a project occurring since the previous report, if any.

(2) The superintendent shall promptly make a report by telephone, two-way radio or other direct means to the Director of the Construction Health and Safety Branch concerning a case of decompression sickness that does not respond to first-aid treatment.

(3) A report under this section shall indicate, for each case of decompression sickness,

(a) the air pressure to which the worker was subjected;

(b) the length of time the worker was subjected to the air pressure;

(c) the nature of the medical treatment given to the worker; and

(d) the extent of the worker's recovery. O. Reg. 213/91, s. 397.

Transition and Commencement

398. Regulation 691 of Revised Regulations of Ontario, 1980 and Ontario Regulations 156/84, 635/86 and 528/88 are revoked.

399. This Regulation comes into force on the 1st day of August, 1991.

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

LOI SUR LES MINES

Règl. de l'Ont. 262/91
Jalonnement des claims
pris—le 29 mai 1991
déposé—le 30 mai 1991

RÈGLEMENT MODIFIANT LE RÈGLEMENT DE L'ONTARIO 115/91 PRIS EN APPLICATION DE LA LOI SUR LES MINES

1. Le Règlement de l'Ontario 115/91 est modifié par adjonction de la version française suivante :

a) peut être étendu à toute partie du lot ou du lotissement d'une section faisant l'objet du jalonnement;

b) peut comprendre un terrain situé entre des parcelles de terrain non ouvertes au jalonnement ou entre un tel terrain et le lot ou le lotissement d'une section faisant l'objet du jalonnement. Règl. de l'Ont. 262/91, art. 1, *en partie*.

7 Un terrain qui serait par ailleurs compris dans la superficie d'un lot ou d'un lotissement d'une section, mais qui en est exclus, notamment parce qu'il est immergé, peut être compris dans un claim comme s'il faisait partie du lot ou du lotissement. Règl. de l'Ont. 262/91, art. 1, *en partie*.

8 (1) Le jalonnement d'un claim se fait de façon continue.

(2) Le titulaire de permis jalonne le claim en érigeant un poteau à chacun de ses quatre angles de sorte que :

a) le poteau n° 1 se trouve à l'angle nord-est;

b) le poteau n° 2 se trouve à l'angle sud-est;

c) le poteau n° 3 se trouve à l'angle sud-ouest;

d) le poteau n° 4 se trouve à l'angle nord-ouest.

(3) L'étiquette qui est fixée au poteau d'angle fait face au poteau suivant dans l'ordre précisé au paragraphe (2).

(4) S'il y a des arbres sur pied dans le secteur faisant l'objet du jalonnement, le périmètre du claim est indiqué clairement pendant le jalonnement en y pratiquant des encoches apparentes sur les arbres sur deux côtés seulement dans la direction du déplacement et en coupant les broussailles le long des lignes de démarcation du claim.

(5) Malgré le paragraphe (4), le périmètre d'un claim ou d'une partie de claim situé dans un secteur visé au paragraphe 33 (1) de la Loi peut être indiqué clairement en fixant solidement du ruban indicateur résistant aux arbres sur pied et aux broussailles le long des lignes de démarcation du claim.

(6) Lorsqu'il n'y a pas d'arbres sur pied dans le secteur faisant l'objet du jalonnement, le périmètre du claim est indiqué clairement pendant le jalonnement en y plantant des piquets résistants ou en y dressant des monticules de terre ou de pierres de sorte que les lignes de démarcation du claim soient bien délimitées.

(7) Le titulaire de permis qui jalonne un claim peut se faire aider d'autres personnes pour fabriquer les poteaux et indiquer le périmètre du claim.

(8) Si un claim est jalonné dans un secteur ouvert au jalonnement pendant vingt-quatre heures ou plus, le titulaire de permis inscrit sur l'un des poteaux d'angle la date et l'heure auxquelles le jalonnement a été achevé.

(9) Si le secteur à jalonner est ouvert au jalonnement pendant moins de vingt-quatre heures :

a) le jalonnement commence à l'angle nord-est du claim et se poursuit dans le sens des aiguilles d'une montre;

b) un seul titulaire de permis érige tous les poteaux et y porte les inscriptions;

c) la date et l'heure de commencement et d'achèvement du jalonnement sont inscrites sur le poteau n° 1. Règl. de l'Ont. 262/91, art. 1, *en partie*.

9 (1) Si le claim consiste en un bloc de deux ou de plusieurs unités de 16 hectares et qu'il est jalonné dans un territoire non arpenté ou dans une partie annulée d'un canton déjà subdivisé, les poteaux de ligne de démarcation sont érigés le long de son périmètre à des intervalles d'environ 400 mètres.

(2) Si le claim consiste en un bloc de deux ou de plusieurs unités de 16 hectares et qu'il est jalonné dans un territoire arpenté autre qu'une partie annulée d'un canton déjà subdivisé, les poteaux de ligne de démarcation sont érigés partout où l'angle d'un lot ou d'un lotissement d'une section se trouve sur le périmètre du claim. Règl. de l'Ont. 262/91, art. 1, *en partie*.

10 (1) Des poteaux indicateurs sont érigés conformément au présent article pour indiquer l'angle du claim où il est impossible d'ériger un poteau d'angle pour l'une des raisons suivantes :

1. La nature ou la configuration du sol rend impossible l'érection d'un poteau d'angle.

2. L'emplacement réel de l'angle est immergé.

3. L'angle est inaccessible en raison de l'existence de droits de surface.

(2) Les poteaux indicateurs sont érigés le plus près possible de l'angle réel sur les limites du claim de sorte que celles-ci se croisent à l'angle une fois prolongées.

(3) Le premier poteau indicateur érigé porte la même inscription et la même étiquette que celles exigées pour un poteau d'angle à l'angle réel ainsi que les lettres « W.P. » et l'indication de la direction et de la distance de l'emplacement de l'angle réel à partir de ce poteau indicateur.

(4) L'autre poteau indicateur porte les lettres « W.P. », le numéro de poteau d'angle pour l'angle réel ainsi qu'une indication de la direction et de la distance de l'emplacement de l'angle réel à partir de ce poteau indicateur. Règl. de l'Ont. 262/91, art. 1, *en partie*.

11 (1) Si la nature ou la configuration du sol à l'emplacement réel d'un poteau de ligne de démarcation rend impossible l'érection d'un tel poteau, il n'est pas besoin d'en ériger un si un poteau indicateur est érigé le plus près possible de l'emplacement réel sur la limite du claim de chaque côté du secteur inaccessible.

(2) Si l'emplacement réel d'un poteau de ligne de démarcation est immergé, il n'est pas besoin d'y ériger un tel poteau si un poteau indicateur est érigé le plus près possible de l'emplacement réel sur la limite du claim de chaque côté de l'étendue d'eau.

(3) Si l'emplacement réel d'un poteau de ligne de démarcation est inaccessible en raison de l'existence de droits de surface, il n'est pas besoin d'y ériger un tel poteau si un poteau indicateur est érigé le plus près possible de l'emplacement réel sur la limite du claim de chaque côté de la limite du secteur touché par les droits de surface. Règl. de l'Ont. 262/91, art. 1, *en partie*.

12 (1) Les poteaux servant au jalonnement d'un claim s'élèvent à 1,2 mètre du sol une fois érigés et ils sont équarris ou parés sur les quatre côtés sur une longueur de trente centimètres à partir du sommet, la largeur de chaque côté de la partie équarrie étant de dix centimètres.

(2) Les poteaux de claim ne doivent être érigés que par un titulaire de permis.

(3) Seuls les poteaux ou les souches sur pied n'ayant jamais servi comme poteaux de claim peuvent servir à cette fin.

(4) Dans les secteurs où il est impossible ou non souhaitable d'abattre des arbres, les poteaux de claim peuvent être faits de bois commercial. Règl. de l'Ont. 262/91, art. 1, *en partie*.

13 (1) Le titulaire de permis qui jalonne un claim au moyen d'étiquettes métalliques :

a) fixe à chaque poteau d'angle l'étiquette numérotée appropriée conformément au paragraphe 8 (2);

b) inscrit sur chaque poteau d'angle son nom et son numéro de permis ainsi que la date et l'heure auxquelles le poteau a été érigé.

(2) Le titulaire de permis qui jalonne un claim sans utiliser d'étiquettes métalliques inscrit sur chaque poteau d'angle :

a) le numéro du poteau conformément au paragraphe 8 (2);

b) son nom et son numéro de permis ainsi que la date et l'heure auxquelles le poteau a été érigé.

(3) Si le claim est situé dans un canton arpenté en lots, en quarts de section ou en lotissements d'une section, le titulaire de permis qui le jalonne inscrit sur le poteau d'angle n° 1 la partie du canton que couvre le claim, ainsi que les numéros de lot et de concession ou de section.

(4) Le titulaire de permis qui jalonne un claim au moyen d'étiquettes métalliques inscrit sur l'étiquette fixée à chaque poteau de ligne de démarcation le numéro du claim, la direction qu'il prend à partir du poteau d'angle et la distance entre celui-ci et le poteau de ligne de démarcation.

(5) Le titulaire de permis qui jalonne un claim sans utiliser d'étiquettes métalliques inscrit sur chaque poteau de ligne de démarcation son numéro de permis, la direction qu'il prend à partir du poteau d'angle et la distance entre celui-ci et le poteau de ligne de démarcation.

(6) Les inscriptions et les étiquettes fixées aux poteaux de lignes de démarcation sont placées comme suit :

a) sur la face sud de tout poteau de ligne de démarcation érigé entre les poteaux d'angle n^{os} 1 et 2;

b) sur la face ouest de tout poteau de ligne de démarcation érigé entre les poteaux d'angle n^{os} 2 et 3;

c) sur la face nord de tout poteau de ligne de démarcation érigé entre les poteaux d'angle n^{os} 3 et 4;

d) sur la face est de tout poteau de ligne de démarcation érigé entre les poteaux d'angle n^{os} 4 et 1.

(7) Les inscriptions à porter sur un poteau de claim ou une étiquette métallique doivent être lisibles et durables.

(8) Les inscriptions et les étiquettes métalliques sont placées sur le même côté du poteau de claim. Règl. de l'Ont. 262/91, art. 1, *en partie*.

14 (1) Si des étiquettes métalliques sont fixées aux poteaux d'angle et aux poteaux de lignes de démarcation au moment du jalonnement du claim, le titulaire de permis qui a jalonné celui-ci le mentionne dans sa demande d'enregistrement du claim.

(2) Si aucune étiquette métallique n'est utilisée pour jalonner un claim, dès que possible après l'enregistrement de celui-ci, mais pas plus de six mois plus tard, le titulaire de permis :

a) fixe ou fait fixer à chaque poteau d'angle du claim une étiquette sur laquelle est inscrit le numéro d'enregistrement du claim;

b) fixe ou fait fixer à chaque poteau de ligne de démarcation du claim une étiquette sur laquelle sont inscrits les renseignements précisés au paragraphe 13 (4). Règl. de l'Ont. 262/91, art. 1, *en partie*.

15 (1) Si le titulaire de permis utilise des étiquettes métalliques pour jalonner un groupe de deux ou de plusieurs claims contigus et qu'il présente une demande d'enregistrement des claims au même moment, il peut ériger des poteaux communs aux angles, aux poteaux de lignes de démarcation ou aux poteaux indicateurs communs dans les cas suivants :

a) dans le cas d'un poteau d'angle, l'étiquette et l'inscription relatives à chaque claim sont placées sur le côté du poteau d'angle commun qui fait face au poteau d'angle suivant pour ce claim, en procédant dans le sens des aiguilles d'une montre;

b) dans le cas d'un poteau de ligne de démarcation, l'étiquette et l'inscription relatives à chaque claim sont placées sur le côté du poteau de ligne de démarcation commun qui fait face au poteau d'angle suivant pour ce claim, en procédant dans le sens des aiguilles d'une montre;

c) l'esquisse ou le plan accompagnant la demande d'enregistrement des claims indique les poteaux communs ainsi érigés.

(2) Si le titulaire de permis jalonne un groupe de deux ou de plusieurs claims contigus sans utiliser d'étiquettes métalliques au moment du jalonnement et qu'il présente une demande d'enregistrement des claims au même moment, il peut ériger des poteaux communs aux angles, aux poteaux de lignes de démarcation ou aux poteaux indicateurs communs dans les cas suivants :

a) l'inscription relative à chaque claim est placée sur le côté du poteau commun qui fait face au poteau d'angle suivant pour ce claim, en procédant dans le sens des aiguilles d'une montre;

b) l'esquisse ou le plan accompagnant la demande d'enregistrement des claims indique les poteaux communs ainsi érigés. Règl. de l'Ont. 262/91, art. 1, *en partie*.

16 (1) Sous réserve du paragraphe (3), quiconque jalonne un terrain ouvert à la prospection ou bien érige un poteau ou porte une inscription sur un terrain ouvert à la prospection, de façon non conforme à la Loi et au présent règlement, n'a pas le droit d'enregistrer un claim sur le terrain ni de jalonner le terrain de nouveau.

(2) Sous réserve du paragraphe (3), quiconque jalonne un terrain ouvert à la prospection sans présenter de demande d'enregistrement du claim dans les délais précisés au paragraphe 51 (1) de la Loi n'a pas le droit d'enregistrer un claim sur le terrain ni de jalonner le terrain de nouveau.

(3) Pour retrouver un droit perdu aux termes du paragraphe (1) ou (2), la personne doit aviser le registrateur par écrit du jalonnement, de l'érection du poteau ou de l'inscription et de son abandon du claim et le convaincre qu'elle a agi de bonne foi, sans dessein illégitime, puis obtenir du registrateur un certificat confirmant qu'il est convaincu qu'elle a ainsi agi.

(4) Le registrateur qui délivre le certificat visé au paragraphe (3) inscrit le certificat et la date de sa délivrance dans ses registres. Règl. de l'Ont. 262/91, art. 1, *en partie*.

17 S'il semble que le titulaire de permis a essayé de bonne foi de se conformer à la Loi et au présent règlement, son claim n'est pas rendu invalide du fait, selon le cas :

a) que le claim n'a pas tout à fait la dimension applicable précisée à l'article 2 ou 5;

b) que le titulaire de permis a omis de décrire ou d'indiquer le secteur ou la parcelle de terrain réellement jalonnés dans sa demande d'enregistrement du claim ou dans l'esquisse ou le plan accompagnant la demande. Règl. de l'Ont. 262/91, art. 1, *en partie*.

(2) Si les travaux de réhabilitation pour lesquels des crédits de jours de travail d'évaluation sont demandés n'ont pas été exécutés, sont frauduleux ou sont inachevés, le directeur de la réhabilitation minière en avise le registrateur et le ministre ajuste les crédits de jours de travail d'évaluation en conséquence. Règl. de l'Ont. 263/91, art. 1, *en partie*.

(2) Des sommes peuvent être versées au double du taux en vigueur pour les travaux d'évaluation au lieu d'effectuer les travaux d'évaluation supplémentaires exigés en vertu du paragraphe (1). Règl. de l'Ont. 263/91, art. 1, *en partie*.

21 (1) Le nombre de jours de travail déposés au titre d'un claim non concédé par lettres patentes le jour de l'entrée en vigueur du présent règlement, jusqu'à concurrence de 200 jours, est converti en crédits de jours de travail d'évaluation pour ce claim à raison de 22 $ par jour déposé moins 400 $ pour chaque année d'évaluation passée depuis l'enregistrement du claim.

(2) Le montant calculé aux termes du paragraphe (1) est appliqué aux travaux d'évaluation qui doivent être exécutés sur le claim pendant l'année d'évaluation en cours, jusqu'à concurrence des cinq années d'évaluation subséquentes. Le solde éventuel est réputé constituer des crédits de jours de travail d'évaluation excédentaires mis en réserve aux termes du paragraphe 4 (4).

(3) Les travaux exécutés sur un claim non concédé par lettres patentes, mais qui n'ont pas encore été déposés le jour de l'entrée en vigueur du présent règlement, peuvent être déposés après cette date conformément au présent règlement au taux précisé aux paragraphes 4 (2) et (3). Règl. de l'Ont. 263/91, art. 1, *en partie*.

22 Le présent règlement entre en vigueur le jour où l'article 82 de la loi intitulée *Mining Amendment Act, 1989* entre en vigueur.

Public Inquiries Act
Loi sur les enquêtes publiques

(Great Seal of Ontario)

LINCOLN M. ALEXANDER

PROVINCE OF ONTARIO

ELIZABETH THE SECOND, by the Grace of God of the United Kingdom, Canada and Her other Realms and Territories, Queen, Head of the Commonwealth, Defender of the Faith.

TO John Sewell, Toby Vigod and George Penfold, of Our Province of Ontario.

Under the *Public Inquiries Act*, R.S.O. 1980, Chapter 411, Our Lieutenant Governor in Council may, by commission, appoint one or more persons to inquire into any matter that Our Lieutenant Governor in Council declares to be of public concern, if the inquiry is not regulated by any special law and if Our Lieutenant Governor in Council considers it desirable to inquire into that matter.

Our Lieutenant Governor in Council of Our Province of Ontario considers it desirable to inquire into the following matters which Our Lieutenant Governor in Council declares to be of public concern.

The inquiry is not regulated by any special law.

Therefore, We appoint you, John Sewell, Toby Vigod and George Penfold, effective the 1st day of July, 1991, to be Our commissioners and, without expressing any conclusion of law regarding the civil or criminal responsibility of any individual or organization, to:

1. examine the relationship between the public and private interests in land use and development,

2. inquire into, report upon and make recommendations on legislative change or other actions or both, needed to restore confidence in the integrity of the land use planning system, including the following matters:

   (a) improvements to the integrity, efficiency, openness, accountability and goals of the land use planning and development review system;

   (b) determination of the appropriate roles and relationships of elected officials, administrators, the development industry, interest and lobby groups, the public and the Ontario Municipal Board in the land use planning and development review system; and

   (c) protection of the public interest in planning and land development and support of provincial priorities, including environmental and agricultural considerations.

In inquiring into these matters, the commission is to include the following in its considerations:

   (a) the effect of the development industry's concentration and structure on the ability of provincial and local governments to protect the public interest;

   (b) the appropriate role of provincial and municipal policy in achieving consistent and fair land use planning decisions and the need for any change in provincial legislation;

   (c) the adequacy of development control tools to implement public policy;

   (d) the impact of the municipal financing system and large scale infrastructure projects on local planning and development decisions, and

3. consult widely, undertake research, foster dialogue and make recommendations on amendments to the *Planning Act, 1983* and other relevant legislation and undertake other actions needed to achieve its mandate.

Nothing set out above shall in any way limit the right of Our commissioners to petition Our Lieutenant Governor in Council to expand the terms of reference to cover any matter that they may deem necessary as a result of information coming to their attention during the inquiry.

The Ministry of Municipal Affairs and the Ministry of the Attorney General will be jointly responsible for providing administrative support to the commission of inquiry.

We declare Part III of the *Public Inquiries Act* to apply to this inquiry and to the commission conducting it.

THE HONOURABLE LINCOLN M. ALEXANDER, A Member of Our Privy Council for Canada, One of Our Counsel learned in the Law, Bachelor of Arts, Doctor of Laws, LIEUTENANT GOVERNOR OF OUR PROVINCE OF ONTARIO,

at Our City of Toronto in Our Province of Ontario, this sixth day of June, in the year of Our Lord one thousand nine hundred and ninety-one and in the fortieth year of Our Reign.

BY COMMAND

FRED WILSON,
MINISTER OF GOVERNMENT SERVICES.

(Great Seal of Ontario)

LINCOLN M. ALEXANDER

PROVINCE DE L'ONTARIO

ELIZABETH DEUX, par la grâce de Dieu, Reine du Royaume-Uni, du Canada et de ses autres royaumes et territoires, Chef du Commonwealth, Défenseur de la Foi.

À John Sewell, Toby Vigod et George Penfold, de Notre Province de l'Ontario.

En vertu de la *Loi sur les enquêtes publiques*, chapitre 411 des Lois refondues de l'Ontario, 1980, Notre lieutenant-gouverneur en conseil peut nommer une ou plusieurs personnes qui feront partie d'une commission afin de mener une enquête sur toute question que Notre lieutenant-gouverneur en conseil déclare d'intérêt public, si une telle enquête n'est réglementée par aucune loi spéciale et que Notre lieutenant-gouverneur en conseil juge souhaitable d'enquêter sur cette question.

Notre lieutenant-gouverneur en conseil de Notre Province de l'Ontario juge souhaitable d'enquêter sur les questions suivantes que Notre lieutenant-gouverneur en conseil déclare d'intérêt public.

L'enquête n'est réglementée par aucune loi spéciale.

En conséquence, Nous vous nommons, John Sewell, Toby Vigod et George Penfold, commissaires à partir du 1er juillet 1991, afin que vous puissiez assumer les fonctions suivantes, sans tirer de conclusion de droit concernant la responsabilité civile ou criminelle de tout particulier ou organisme :

1. examiner le rapport entre l'intérêt public et les intérêts privés dans l'utilisation et l'aménagement des terrains,

2. mener une enquête, présenter un rapport et formuler des recommandations relativement aux modifications législatives ou aux autres mesures, ou aux deux, qui sont nécessaires pour redonner confiance dans le caractère honnête du système de planification de l'aménagement des terrains, votre enquête portant entre autres sur les questions suivantes :

   a) les améliorations à l'efficacité, au caractère honnête et ouvert, à l'obligation de rendre compte et aux objectifs du système d'examen de la planification de l'utilisation et de l'aménagement des terrains;

   b) la détermination des rôles et des relations appropriés des représentants élus, des administrateurs, de l'industrie de la promotion immobilière, des associations et des groupes de pression, du public et de la Commission des affaires municipales de l'Ontario dans le cadre du système d'examen de la planification de l'utilisation et de l'aménagement des terrains; et

   c) la protection de l'intérêt public dans la planification de l'utilisation et de l'aménagement des terrains et l'appui des priorités provinciales, y compris les aspects environnementaux et agricoles.

En enquêtant sur ces questions, la commission devra notamment tenir compte des aspects suivantes :

   a) les effets de la concentration et de la structure de l'industrie de la promotion immobilière sur la capacité du gouvernement provincial et des administrations municipales de protéger l'intérêt public;

   b) le rôle approprié des politiques provinciales et municipales dans la prise de décisions cohérentes et justes en matière de planification de l'utilisation des terrains, et la nécessité d'apporter des modifications aux lois provinciales;

   c) la suffisance des moyens de contrôle de l'aménagement pour mettre en oeuvre les politiques gouvernementales;

   d) les effets du système de financement municipal et des projets d'infrastructure à grande échelle sur les décisions de planification et d'aménagement au niveau local, et

3. entreprendre de nombreuses consultations, effectuer des recherches, favoriser le dialogue, recommander des modifications à la *Loi de 1983 sur l'aménagement du territoire* et aux autres lois pertinentes et avoir recours aux autres mesures nécessaires à la réalisation de son mandat.

Rien de ce qui précède ne limite de quelque façon le droit de Nos commissaires de présenter une pétition à Notre lieutenant-gouverneur en conseil en vue d'élargir leur mandat pour examiner toute question qu'ils jugent nécessaire en se fondant sur des renseignements obtenus lors de leur enquête.

Il incombera au ministère des Affaires municipales et au ministère du Procureur général de fournir conjointement un soutien administratif à la commission d'enquête.

Nous déclarons que la Partie III de la *Loi sur les enquêtes publiques* s'applique à l'enquête et à la commission qui la mène.

Vous détiendrez la qualité de commissaire tant qu'il en agréera à Notre lieutenant-gouverneur en conseil pour Notre Province de l'Ontario.

Nous nommons John Sewell président de la commission.

Nous ordonnons que tous Nos ministères, conseils, organismes et commissions vous aident, en vos qualités de commissaires, au maximum de leurs capacités afin que vous puissiez assumer vos devoirs, et vous aurez l'autorité de retenir les services de tous les conseillers et autres membres de personnel que vous jugerez à propos, aux taux de rémunération approuvés par le Conseil de gestion du gouvernement, afin que

vous puissiez préparer un rapport complet pour le ministre des Affaires municipales.

Nous ordonnons à Nos commissaires de présenter un raport d'étape au ministre des Affaires municipales d'ici le 1er juillet 1992 et de fournir à ce dernier tout autre rapport provisoire qu'il peut exiger.

Nous ordonnons à Nos commissaires de terminer leur enquête et d'en présenter le rapport final au ministre des Affaires municipales d'ici le 1er juillet 1993.

EN FOI DE QUOI, Nous rendons la commission publique et apposons aux présentes le Grand Sceau de Notre Province de l'Ontario pour attester Notre volonté.

TÉMOIN :

L'HONORABLE LINCOLN M. ALEXANDER, membre de Notre Conseil privé pour le Canada, l'un de Nos conseillers juridiques, Bachelier ès arts, Docteur en droit, LIEUTENANT-GOUVERNEUR DE NOTRE PROVINCE DE L'ONTARIO

en Notre cité de Toronto, dans ladite province, ce sixième jour de juin, de l'année mil neuf cent quatre-vingt-onze de Notre ère et dans la quarantième année de Notre règne.

PAR ORDRE

FRED WILSON,

PART I

REGIONAL MUNICIPALITIES

2.—(1) In this Part,

"annual sum required for regional purposes" means the amount required in 1991 by a regional municipality for general regional purposes including the sums required for any board, commission or other body but excluding sums required for school purposes;

"apportionment" means an apportionment of an annual sum required for regional purposes among all the area municipalities within a regional municipality made under the Act establishing the regional municipality;

"average municipal commercial mill rate" means, in respect of an area municipality, the rate obtained by dividing the total taxes levied for all purposes, other than for school purposes and under sections 32 and 33 of the *Assessment Act*, on the commercial assessment for the preceding year by the total commercial assessment for the preceding year, multiplied by 1,000;

"average overall commercial mill rate" means, in respect of an area municipality, the rate obtained by dividing the total taxes levied for all purposes, other than under sections 32 and 33 of the *Assessment Act*, on the commercial assessment of public school supporters in the preceding year by the total commercial assessment of public school supporters for the preceding year, multiplied by 1,000;

"equivalent assessment" means the sum of,

(c) the amount determined by dividing the 1990 entitlements under the *International Bridges Municipal Payments Act, 1981* and any agreement providing payments in lieu of taxes for international bridges, by the average municipal commercial mill rate and multiplying the result by 1,000, and

''special levy'' means an amount apportioned among and levied upon two or more area municipalities by a regional municipality for library, sewage, transit or day care purposes on the basis of equalized assessment where the amount is not included in the annual sum required for regional purposes;

''special regional area'' means an area comprised of those area municipalities among which a special levy is to be apportioned in 1991.

(2) For the purposes of this Part, the discounted equalized assessment of a regional municipality is the total of the discounted equalized assessments of all area municipalities within the regional municipality.

(3) With respect to each area municipality in The Regional Municipality of Ottawa-Carleton, for the purpose of calculating equivalent assessment, the estimated valuations set out in Column 2 of Schedule 3 shall be substituted for the valuations contained on the last returned assessment roll for which payments in lieu of taxes are payable from the Crown in right of Canada.

(4) The estimated valuations set out in Column 2 of Schedule 3 and the apportionments for all area municipalities within The Regional Municipality of Ottawa-Carleton shall be deemed to be final, unless by resolution of The Regional Municipality of Ottawa-Carleton, notice is received on or before the 31st day of December, 1993 by the Ministry of Revenue and the Ministry of Municipal Affairs, that the valuations determined by the Crown in right of Canada for 1991 for which payments in lieu of taxes are payable from the Crown in right of Canada have been finalized for all area municipalities.

(5) If notice is received by the Ministry of Revenue and the Ministry of Municipal Affairs under subsection (4), the valuations determined by the Crown in right of Canada shall be substituted for the estimated valuations set out in Column 2 of Schedule 3 and the apportionments for all area municipalities within the regional municipality shall be redetermined accordingly. O. Reg. 272/91, s. 2.

3. In 1991, the Ministry of Revenue shall determine,

(a) the discounted equalized assessment of each area municipality; and

(b) the discounted equalized assessment of each regional municipality. O. Reg. 272/91, s. 3.

4. The Ministry of Revenue shall, in respect of each regional municipality, determine the percentage share of apportionment, correct to three decimal places, for each area municipality within the regional municipality by dividing the discounted equalized assessment of each area municipality as determined under clause 3 (a) by the discounted equalized assessment of the regional municipality as determined under clause 3 (b) and multiplying the result by 100. O. Reg. 272/91, s. 4.

5. The discounted equalized assessment determined under clause 3 (a) and the respective percentage share of apportionment determined for each area municipality under section 4 shall be substituted for the weighted equalized assessment or equalized assessment in the notice of the weighted equalized assessment or equalized assessment of each area municipality that is sent by the Ministry of Revenue to a regional municipality and to the area municipalities under an Act establishing a regional municipality. O. Reg. 272/91, s. 5.

6. For 1991, the apportionment of an annual sum required for regional purposes among the area municipalities within a regional municipality shall be made on the basis of the percentages determined for each area municipality under section 4. O. Reg. 272/91, s. 6.

7.—(1) Sections 1, 2, 3, 4, 6 and 8 apply, with necessary modifications, to a special levy in 1991 and to a special regional area as if a special levy was the annual sum required for regional purposes of the regional municipality and the special regional area was the regional municipality.

(2) Despite any other provision of this Regulation, where the Act authorizing a special levy authorizes the special levy to be apportioned among area municipalities according to the assessment for a specified part of the area municipality and where a regional municipality proposes to use the assessment for only part of an area municipality in apportioning a special levy under that Act, the assessment for that part of the area municipality shall, for the purposes of subsection (1), be deemed to be the assessment for the whole area municipality. O. Reg. 272/91, s. 7.

8. If the equalization factor, the residential and farm assessment, the commercial assessment or the equivalent assessment, as determined under this Part, of one or more area municipalities is altered by the Ontario Municipal Board upon an appeal, the treasurer of the regional municipality shall determine what portion of the annual sum required for regional purposes would have been apportioned to each of the area municipalities within the regional municipality in 1991 under this Regulation. O. Reg. 272/91, s. 8.

9. This Part does not apply to The Regional Municipality of Peel, The Regional Municipality of Sudbury, The Municipality of Metropolitan Toronto, The Regional Municipality of Haldimand-Norfolk, The Regional Municipality of Waterloo or The District Municipality of Muskoka. O. Reg. 272/91, s. 9.

PART II

''average municipal commercial mill rate'' means, in respect of a supporting municipality, the rate obtained by dividing the total taxes levied for all purposes, other than for school purposes and other than under sections 32 and 33 of the *Assessment Act*, on the commercial assessment for 1989 by the total commercial assessment for 1989 multiplied by 1,000;

''special county area'' means an area comprised of those supporting municipalities among which a special levy is to be apportioned in 1991;

''special levy'' means an amount apportioned among and levied upon two or more supporting municipalities by a county for county road or library purposes on the basis of equalized assessment where that amount is not included in the annual sum required for county purposes.

(2) In this Part, the discounted equalized assessment of the county is the total of the discounted equalized assessments of all supporting municipalities within the county. O. Reg. 272/91, s. 10.

11. The clerk of each supporting municipality shall provide to the clerk of the county in which the municipality is located, a written statement indicating with respect to the supporting municipality,

(a) its prescribed equalization factor;

(b) its residential and farm assessment;

(c) its commercial assessment;

(d) its total payments in lieu of taxes for 1989, or in the case of the County of Lambton, for 1990, as defined in clause 365 (1) (j) of the *Municipal Act*;

(e) its portion of payments in lieu of taxes as determined under clause (d) not allocated for school purposes; and

(f) its equivalent assessment for apportionment purposes, obtained by dividing the portion of payments in lieu of taxes for 1989 or, in the case of the County of Lambton, for 1990, as determined under clause (e) by the average municipal commercial mill rate and multiplying the result by 1,000. O. Reg. 272/91, s. 11.

12. In 1991, the treasurer of each county shall determine,

(a) the discounted equalized assessment of each supporting municipality in the county; and

(b) the discounted equalized assessment of the county. O. Reg. 272/91, s. 12.

13. The treasurer of each county shall determine the percentage share of apportionment, correct to three decimal places, for each supporting municipality within the county by dividing the discounted equalized assessment of each supporting municipality as determined under clause 12 (a) by the discounted equalized assessment of the county as determined under clause 12 (b) and multiplying the result by 100. O. Reg. 272/91, s. 13.

14. Sections 10 to 13 and 15 and 16 apply, with necessary modifications, to a special levy of a county in 1991 and to the special county area as if the special levy was a levy of the county under subsection 365 (6) of the *Municipal Act* and the special county area was the county. O. Reg. 272/91, s. 14.

15. Unless an amending by-law is passed under subsection 365 (9) of the *Municipal Act*, a by-law passed by the council of a county under subsection 365 (6) of that Act shall apportion the annual sum required for county purposes on the basis of the percentage determined for each supporting municipality under section 13 and the amount that each supporting municipality is required to provide is the amount so determined. O. Reg. 272/91, s. 15.

16. If the council of the county finds a determination made under section 12, 13 or 14 to be incorrect, the council on or before the 31st day of December, 1991 shall amend the percentage shares of apportionment set out in the by-law passed under subsection 365 (6) of the *Municipal Act* and shall notify the Ministry of Municipal Affairs of the amendment. O. Reg. 272/91, s. 16.

17. If a by-law of a county passed under subsection 365 (6) of the *Municipal Act* is amended by a by-law passed under subsection 365 (9) of that Act, the amending by-law shall specify the amount to be provided by each supporting municipality within the county in 1991. O. Reg. 272/91, s. 17.

18. The treasurer of the county shall determine the responsibility of each supporting municipality in accordance with sections 12 to 15 and the council of the county shall, by amending the by-law passed under subsection 365 (6) of the *Municipal Act*, adjust accordingly the amounts to be provided by each supporting municipality if,

(a) the Ontario Municipal Board, upon an appeal under subsection 365 (11) of the *Municipal Act*, determines that the equalization factor, the residential and farm assessment, the commercial assessment or the equivalent assessment, as determined under this Part, of one or more supporting municipalities within a county should be altered;

(b) an adjustment of percentage shares is made by the Ontario Municipal Board under subsection 365 (18) of that Act; or

(c) the clerk of a county receives written notification from the clerk of a supporting municipality indicating a revision to the statement supplied in accordance with section 11. O. Reg. 272/91, s. 18.

19. Despite sections 10 to 18, for the purposes of calculating the discounted equalized assessment in 1991 of municipalities where a proclamation has been made for the return of a new assessment roll under section 70 of the *Assessment Act*, the equalized equivalent assessment shall be the amount set out in Column 2 of Schedule 4. O. Reg. 272/91, s. 19.

20. This Part does not apply to the County of Brant, the County of Huron, the County of Kent, the County of Renfrew, the County of Prince Edward or the County of Dufferin. O. Reg. 272/91, s. 20.

PART III

"apportionment" means an apportionment made by a district board among all the municipalities within the district board area of the total amount required for the purposes of the district board under the Act establishing the district board;

"average municipal commercial mill rate" means in respect of a supporting municipality, the rate obtained by dividing the total taxes levied for all purposes, other than for school purposes and under sections 32 and 33 of the *Assessment Act*, on the commercial assessment in 1990 by the total commercial assessment for 1990, multiplied by 1,000;

"average overall commercial mill rate" means in respect of a supporting municipality, the rate obtained by dividing the total taxes levied for all purposes, other than under sections 32 and 33 of the *Assessment Act*, on the commercial assessment of public school supporters for 1990 by the total commercial assessment for 1990, multiplied by 1,000;

"equivalent assessment" means the sum of,

(a) the valuations contained on the last returned assessment roll for which payments in lieu of taxes on real property and business assessment are payable but,

(i) reduced, where payment is predicated on the residential and farm mill rate, by multiplying that assessment by the appropriate discount factor for purposes of determining a discounted assessment for that supporting municipality, and

(ii) if a municipality is entitled to receive a payment from Ontario Hydro under subsection 46 (6) of the *Power Corporation Act*, substituting the amount determined by dividing the 1990 payment in lieu of taxes on real property and business assessment by the average overall commercial mill rate and multiplying the result by 1,000 for the valuations payable from Ontario Hydro,

(b) the amount determined by dividing the sum of,

(i) the 1990 entitlements under section 160 of the *Municipal Act*, and

(ii) the difference, if greater than zero, determined by subtracting the assessed value of all provincial parks and wilderness areas in a municipality multiplied by the average commercial mill rate and divided by 1,000, from the amount the municipality was entitled to receive in 1983 under section 4 of the *Provincial Parks Municipal Tax Assistance Act* as that provision read on the 31st day of December, 1983,

by the average commercial mill rate and multiplying the result by 1,000, and

(c) the amount determined by dividing the 1990 entitlements under section 161 of the *Municipal Act* by the average overall commercial mill rate and multiplying the result by 1,000;

"municipality" means,

(a) a supporting municipality, except an area municipality in The Regional Municipality of Sudbury, and

(b) The Regional Municipality of Sudbury;

"municipality within a district board area" means a municipality that is located within a district board area and against which an apportionment is to be made in 1991 by the district board.

(2) In this Part, the discounted equalized assessment of a district board is the total of the discounted equalized assessments of all municipalities within the district board area.

(3) Despite subsection (2), for the purposes of this Part, the discounted equalized assessment of The Regional Municipality of Sudbury is the sum of the discounted equalized assessments of the supporting municipalities within the regional municipality. O. Reg. 272/91, s. 21.

22. In 1991, the Ministry of Revenue shall determine in respect of each district board,

(a) the discounted equalized assessment of each municipality within the district board area; and

(b) the discounted equalized assessment of each district board. O. Reg. 272/91, s. 22.

23. The Ministry of Revenue shall, in respect of every district board, determine the percentage share of apportionment, correct to three decimal places, for each municipality within the district board area by dividing the discounted equalized assessment of each municipality as determined under clause 22 (a) by the discounted equalized assessment of the district board as determined under clause 22 (b) and multiplying the result by 100. O. Reg. 272/91, s. 23.

24. The discounted equalized assessment determined under clause 22 (a) and the respective percentage share of apportionment determined for each municipality under section 23 shall be substituted for the weighted equalized assessment or equalized assessment in the notice of the weighted equalized assessment or equalized assessment of each municipality that is sent by the Ministry of Revenue to a district board under the Act establishing the district board. O. Reg. 272/91, s. 24.

25.—(1) For 1991, the apportionment of the total sum required for district board purposes among the municipalities within a district board area shall be made on the basis of the percentages determined for each municipality under section 23.

(2) The Ministry of Revenue shall submit to each district board, a statement showing the information mentioned in clauses 22 (a) and (b), and the calculations which produced that information.

(3) Upon receipt of the statement referred to in subsection (2), the district board shall promptly forward a copy of the statement to the clerk of each municipality within the district board area. O. Reg. 272/91, s. 25.

26. Each district board shall forward to the Ministry of Municipal Affairs a statement showing the total amount apportioned for 1991, as modified by subsection 25 (1), among the municipalities within the district board area under the Act establishing the district board. O. Reg. 272/91, s. 26.

27.—(1) If the equalization factor, the residential and farm assessment, the commercial assessment or the equivalent assessment, as determined under this Part, of one or more municipalities within a district board area is altered by the Ontario Municipal Board upon an appeal under the Act establishing the district board, notice of the alteration shall be given promptly by the clerk of the municipality to the Ministry of Revenue.

(2) Upon being satisfied that all appeals have been determined and that all notices required under subsection (1) have been received, the Ministry of Revenue shall, using the altered equalization factor, residential and farm assessment, commercial assessment or equivalent assessment, as the case may be,

(a) make the determinations required under sections 21, 22 and 23; and

(b) revise the notice and information to be supplied under sections 24 and 25.

(3) When a district board receives a notice revised by the Ministry of Revenue under clause (2) (b), the district board shall amend the apportionment of the total sum required for district board purposes among the municipalities within the district board area on the basis of the adjusted equalized assessments as determined. O. Reg. 272/91, s. 27.

28. Despite sections 21 to 27, for the purpose of calculating the discounted equalized assessment in 1991 of municipalities where a proclamation has been made for the return of a new assessment roll under section 70 of the *Assessment Act*, the equalized equivalent assessment shall be the amount set out in Column 2 of Schedule 4. O. Reg. 272/91, s. 28.

PART IV

CONSERVATION AUTHORITIES

29.—(1) In this Part,

"apportionment" means an apportionment made by a conservation authority among the municipalities within the conservation authority area of an amount required for the purposes of the conservation authority under the *Conservation Authorities Act*;

"municipality" means a regional municipality, supporting municipality, city or separated town;

"municipality within a conservation authority area" means a municipality that is located wholly or partly within a conservation authority area and against which an apportionment is to be made in 1991 by the conservation authority.

(2) In this Part, the discounted equalized assessment of a conservation authority is the total of the discounted equalized assessments of all municipalities within a conservation authority area.

(3) Where only part of a municipality against which an apportionment is made by a conservation authority in 1991 is located within the conservation authority area, the discounted equalized assessment for that part of the municipality shall be deemed to be the discounted equalized assessment for the whole municipality for the purposes of this Part.

(4) For the purposes of this Part, the discounted equalized assessment of a regional municipality is the sum of the discounted equalized assessments of the municipalities within the regional municipality. O. Reg. 272/91, s. 29.

30. In 1991, the Ministry of Natural Resources shall determine in respect of each conservation authority,

(a) the discounted equalized assessment of each municipality within the conservation authority area; and

(b) the discounted equalized assessment of each conservation authority. O. Reg. 272/91, s. 30.

31. The Ministry of Natural Resources shall, in respect of each conservation authority, determine the 1991 percentage share of apportionment, correct to four decimal places, for each municipality within the conservation authority area by dividing the discounted equalized assessment of each municipality, as determined under clause 30 (a), by the discounted equalized assessment of the conservation authority, as

determined under clause 30 (b) and multiplying the result by 100. O. Reg. 272/91, s. 31.

32. The discounted equalized assessment determined under section 30 and the respective 1991 percentage share of apportionment determined for each municipality under section 31 shall be substituted for the equalized assessment in the notice of the equalized assessment that is provided to the conservation authority by the Ministry of Natural Resources under the Act establishing a conservation authority. O. Reg. 272/91, s. 32.

33.—(1) For 1991, the apportionment of the conservation authority levies among the municipalities within a conservation authority area shall be made on the basis of the percentages determined for each municipality under section 31.

(2) The Ministry of Natural Resources shall submit to each conservation authority to which subsection (1) applies a statement showing the information mentioned in clauses 30 (a) and (b) and the calculations which produced that information.

(3) A conservation authority shall, upon receipt of the statement referred to in subsection (2), promptly forward a copy of the statement to the clerk of each municipality within the conservation authority area. O. Reg. 272/91, s. 33.

34. Each conservation authority shall forward to the Ministry of Natural Resources a statement showing the total amount apportioned for 1991, as modified by subsection 33 (1), among the municipalities within the conservation authority area under the Act establishing the conservation authority. O. Reg. 272/91, s. 34.

35.—(1) Where the equalization factor, the residential and farm assessment or the commercial assessment of one or more municipalities within a conservation authority area is altered by the Ontario Municipal Board upon an appeal under the Act establishing the conservation authority, notice of the alteration shall be given promptly by the clerk of the municipality to the Ministry of Natural Resources.

(2) Upon being satisfied that all appeals have been determined and that all notices under subsection (1) have been received, the Ministry of Natural Resources shall, using the altered equalization factor, the residential and farm assessment or the commercial assessment, as the case may be,

(a) make the determinations required under sections 30 and 31; and

(b) revise the notice and information to be supplied under sections 32 and 33.

(3) When a conservation authority receives a notice revised by the Ministry of Natural Resources under clause (2) (b), the conservation authority shall amend the apportionment of the total sum required for conservation authority purposes among the municipalities within the conservation authority area on the basis of the adjusted discounted equalized assessments. O. Reg. 272/91, s. 35.

PART V

GENERAL

36.—(1) Where any Act requires the Ministry of Revenue or the Ministry of Municipal Affairs to equalize assessment rolls or parts of an assessment roll that relate to two or more defined areas within a supporting municipality, the Ministry of Municipal Affairs shall, in equalizing each assessment roll or each part thereof for purposes of municipal taxation in 1991, use the same equalization factor as was used to equalize the assessment roll or part thereof for purposes of municipal taxation in 1990.

(2) Subsection (1) does not apply to a supporting municipality where there has been a different assessment generally of real property within that supporting municipality under section 63 of the *Assessment Act*. O. Reg. 272/91, s. 36.

37.—(1) If the Ministry of Municipal Affairs, Ministry of Revenue or Ministry of Natural Resources, as the case may be, determines in respect of a regional municipality, county, district board or conservation authority that any calculation made under this Regulation was made incorrectly or was based on incorrect information, the Ministry of Municipal Affairs may correct the calculation and may determine the amount that would have been payable to the supporting municipalities within the regional municipality, county, district board area or conservation authority area if the calculation had been correct and the grants payable under Part I or II may be adjusted accordingly.

(2) If a determination is made under subsection (1) in respect of an apportionment and levy of a regional municipality, county, district board or conservation authority, that apportionment and levy shall be adjusted in accordance with the corrected calculations and any overpayment or underpayment by a supporting municipality shall be corrected in the same manner as it is corrected following an appeal of a county apportionment by-law or of a discounted equalized assessment being used for apportionment purposes, as applicable. O. Reg. 272/91, s. 37.

38. If an adjustment is made by the Ministry of Municipal Affairs or Ministry of Revenue in the grants payable by the Minister of Municipal Affairs to a supporting municipality under Part I or II and if the Ministry of Municipal Affairs determines as a result of the adjustment that an overpayment has been made to the municipality, it shall notify the municipality of the amount of the overpayment and the amount of the overpayment shall be paid promptly by the municipality to the Ministry of Municipal Affairs. O. Reg. 272/91, s. 38.

39. This Regulation applies to apportionments and levies made on or after the 1st day of January, 1991. O. Reg. 272/91, s. 39.

40. Ontario Regulation 638/90 is revoked.

2.—(1) This Regulation applies with respect to parcels of real property within The Regional Municipality of Haldimand-Norfolk.

(2) This Regulation applies with respect to the assessment to be shown on the assessment roll for 1990 (for the taxation year 1991) and for each subsequent year until a new assessment of all property within the Regional Area is made. O. Reg. 276/91, s. 2.

3. The real property in the Regional Area is divided into the classes described in Schedule 1. O. Reg. 276/91, s. 3.

4.—(1) For the purposes of subsection 82 (1) of the Act, the standards described in this section must be considered in equalizing assessments within the classes of real property in the Regional Area and in computing the factors resulting from the application of the standards.

(2) The proportion that the municipal and school board taxes levied for 1990 in each class of real property in the Regional Area bears to the total municipal and school taxes levied for 1990 in the Regional Area must be maintained in such a way that the amount calculated using the formula,

$$A \times B$$

is substantially the same as the amount calculated using the formula,

$$A \times C$$

"A" is the single mill rate which would have resulted in the amount of municipal and school taxes levied for 1990 against the total assessment in 1990 of all of the properties that comprise the class,

"B" is the total assessment in 1990 of all of the properties that comprise the class, and

"C" is the total assessment of the class for the 1991 taxation year following the application of the assessment standards described in this section.

(3) All real property within a class must, to the extent possible, be assessed at the same proportion of the 1988 market value of the real property.

(4) For the purpose of subsection (3), market value is as determined by the Assessment Commissioner in whose Assessment Region the real property is located.

(5) The total assessment of the real property in the Regional Area, including assessments made under section 32 or 33 of the *Assessment Act*, must not be substantially changed.

(6) The assessment relationships between the classes of real property must not be significantly altered as a result of the application of the standards described in this section.

(7) Subsection (6) does not apply with respect to changes in assessment relationships that have resulted from an increase in the total assessment of a class because of assessments made under section 32 or 33 of the *Assessment Act*. O. Reg. 276/91, s. 4.

5. For the purpose of subsection 82 (1) of the Act, the factor to be applied to the market value of property in each class, as set out in Column 1 of Schedule 2, is set out opposite it in Column 2. O. Reg. 276/91, s. 5.

ENVIRONMENTAL ASSESSMENT ACT

Exemption—Ministry of
Natural Resources—MNR-57.
Made—May 29th, 1991.
Approved—May 29th, 1991.

ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF NATURAL RESOURCES—MNR-57

Having received a request from the Minister responsible for Native Affairs and the Minister of Natural Resources that an undertaking related to efforts to improve the socio-economic condition of the Lac La Croix First Nation, namely:

The activity of:

extending motorized boat and canoe access by the Lac La Croix First Nation to Cirrus Lake, Jean Lake and Conk Lake within Quetico Provincial Park,

by the Ministry of Natural Resources, be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

A. The Lac La Croix First Nation will continue to be damaged as a result of economic hardship caused by the delay in changing current restrictions on the nature and extent of the Lac La Croix Guides Association guiding activities in Quetico Provincial Park.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act.

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. Restrictions on guiding activities in Quetico Provincial Park limit economic opportunities in the area of the Lac La Croix First Nation reserve.

B. The Lac La Croix First Nation reserve is isolated and the First Nation has little opportunity for alternative employment.

C. Timely expansion of guiding opportunities may assist in alleviating the severe economic hardship of the Lac La Croix First Nation.

D. Native guiding in the Quetico Provincial Park area is an existing activity of the Lac La Croix First Nation.

E. The guiding activities of the Lac La Croix First Nation will not cause undue harm to the environment.

F. The Lac La Croix First Nation has requested of the Minister responsible for Native Affairs and the Minister of Natural Resources that, in addition to the undertaking that is the subject of this exemption,

(a) mechanized boat and canoe access to additional waters in Quetico Provincial Park by the Lac La Croix First Nation be allowed for the purposes of guiding including:

(i) opening access to additional lakes and the Maligne River,

(ii) granting permission to operate canoes or motor boats with a maximum of 10 horsepower motors on these additional park waters and to cache boats,

(iii) granting permission to operate and land aircraft in additional park waters and to build docks for the purposes of landing aircraft;

(b) the Quetico Provincial Park Boundary be expanded to encompass the Canadian waters of Lac La Croix;

(c) exclusive rights to the members of the Lac La Croix First Nation be granted to operate boats or canoes with unlimited horsepower on Lac La Croix for guiding and transportation,

and the Minister of Natural Resources will be reviewing these additional measures to improve the socio-economic condition of the Lac La Croix First Nation through a process of public consultation in accordance with the Ontario Provincial Park Management Planning Guidelines and MNR's existing Exemption Order MNR 30/10.

G. The Ontario Native Affairs Secretariat and the Ministry of Natural Resources will undertake efforts to provide further employment opportunities for the Lac La Croix First Nation through encouraging diversification of employment opportunities associated with Quetico Provincial Park, within the framework of park objectives, including encouraging First Nation owned tourism related ventures and alternative guiding operations such as canoe-trip outfitting as well as continuing to consider Lac La Croix First Nation members for the operation of the park.

This exemption order is subject to the following terms and conditions:

1. Prior to approving any amendment to the Quetico Provincial Park Management Plan for the purposes of accommodating the additional activities which are the subject of the Lac La Croix First Nation's request for expanded operation in Quetico Provincial Park, as identified in reason F of this Order, the Minister of Natural Resources shall cause a review of the proposed amendment to be carried out by the Ontario Provincial Parks Council.

2. This exemption does not apply to any activity which is likely to have a harmful effect on the habitat of a species designated under the *Endangered Species Act*.

3. This exemption expires the earlier of,

(a) one year from the date of its approval; or

(b) such later date as the Minister of the Environment may determine by letter to the Minister of Natural Resources. O. Reg. 279/91.

Minister of the Environment

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 280/91.
Exemption—Ministry of Transportation—MTC-59.
Made—June 6th, 1991.
Approved—June 6th, 1991.
Filed—June 12th, 1991.

ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF TRANSPORTATION—MTC-59

Having received a request from the Toronto Area Transit Operating Authority, herein referred to as "GO Transit", that an undertaking, namely, the activity of:

> acquiring property for, designing, constructing, operating and maintaining GO Train service and associated facilities on an alignment from the GO Train station at Brock Street in the Town of Whitby along the CNR rail corridor to a station located near the existing VIA Rail Station in Oshawa

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

A. Landowners and residents who made economic or locational decisions based on the previous provincial proposals (including plans and public consultation phases dating to the early 1980s) of improved commuter transit, or who are currently waiting to make such decisions, would be unduly damaged or interfered with due to the additional time required to secure further approval under the Act.

B. Potential positive impacts to the economic and land use development and the transportation infrastructure of The Regional Municipality of Durham and therefore benefits to its citizens, which would be accrued as part of this undertaking, would be delayed.

C. Potential increases in ridership on the GO Transit system and therefore reduction in automobile traffic in the Highway 401 corridor would be delayed.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. The undertaking will provide needed transportation facilities and economic development opportunities.

B. A study involving an evaluation of alternatives, identification of impacts and associated mitigation, and a comprehensive public involvement program has been undertaken by the proponent, with full documentation prepared.

C. The undertaking is located almost entirely within or adjacent to existing railway transportation corridors and is located almost entirely within industrially designated land.

D. The recommended plan for the undertaking (a copy of which has been filed in the public record maintained for this undertaking at the office of the Environmental Assessment Branch of the Ministry of the Environment) is anticipated to have few adverse environmental impacts.

E. The public consultation program identified a high degree of support for the undertaking.

This exemption is subject to the following terms and conditions:

1. This order does not apply to any construction activity in the description of the undertaking after August 1, 1993, or such later date as may be specified by Notice in writing to the proponent and in *The Ontario Gazette*, unless construction of the undertaking has commenced prior to that date.

2. Prior to carrying out any construction activity referred to in the description of the undertaking, Design and Construction Reports covering the design and construction of the works proposed shall be filed at least thirty days prior to the award of construction contracts by GO Transit with the Director of the Environmental Assessment Branch of the MOE for placing in the public record.

3. GO Transit shall submit details acceptable to the Central Lake Ontario Conservation Authority (the Authority) of sedimentation control measures to be used in conjunction with all stream crossings including an indication of how these measures will be maintained.

4. GO Transit shall submit documentation to the Authority regarding the streamflow information used for Pringle Creek and the implications of the proposal on downstream areas and the anticipated range in the flood level at the East Corbett Creek crossing.

5. GO Transit will conduct archaeological site surveys within the areas of potential high archaeological probability, at the crossings of Corbett Creek and two of its tributaries identified in the documentation submitted to the Minister of the Environment. GO Transit will keep the Ontario Native Affairs Secretariat informed about these surveys and other work done with respect to identifying and if possible protecting aboriginal heritage sites.

6. GO Transit will notify the local fire marshall and the local police of the mitigation measures which will be undertaken during construction, prior to the commencement of any construction.

7. Construction shall not commence until GO Transit has prepared a revised noise and vibration study, in accordance with the procedures set out in the Ontario Road Noise Analysis Method for Environment and Transportation, October, 1989, and the study has been approved by the Director of the Approvals Branch of the Ministry of Environment. 3.—(1) The real property in each municipality is divided into the classes described in Schedule 1.

(2) For purposes of Schedule 1, property shall be classed as major industrial,

(a) if the property is assessed as industrial;

(b) if it is owned by an industry that comprises at least 50 per cent of the municipality's industrial assessment base in 1990; and

5. For the purpose of subsection 63 (3) of the Act, the factor to be applied to the market value of property in each class in a municipality, as set out in Column 2 of Schedule 2, is set out opposite it in Column 3. O. Reg. 281/91, s. 5.

(2) This Regulation applies with respect to the assessment to be shown on the assessment roll for 1990 (for the taxation year 1991) and for each subsequent year until a new assessment of all property within the county is made. O. Reg. 287/91, s. 2.

3. The real property in the county is divided into the classes described in Schedule 1. O. Reg. 287/91, s. 3.

4.—(1) For the purposes of subsection 368b (2) of the Act, the standards described in this section must be considered in equalizing assessments within the classes of real property in the county and in computing the factors resulting from the application of the standards.

(2) The proportion that the municipal and school board taxes levied for 1990 in each class of real property in the county bears to the total municipal and school taxes levied for 1990 in the county must be maintained in such a way that the amount calculated using the formula,

$$A \times B$$

is substantially the same as the amount calculated using the formula,

$$A \times C$$

in which,

"A" is the single mill rate which would have resulted in the amount of municipal and school taxes levied for 1990 against the total assessment in 1990 of all of the properties that comprise the class,

"B" is the total assessment in 1990 of all of the properties that comprise the class, and

"C" is the total assessment of the class for the 1991 taxation year following the application of the assessment standards described in this section.

(3) All real property within a class must, to the extent possible, be assessed at the same proportion of the 1988 market value of the real property.

(4) For the purpose of subsection (3), market value is as determined by the Assessment Commissioner in whose Assessment Region the real property is located.

(5) The total assessment of the real property in the county, including assessments made under section 32 or 33 of the *Assessment Act,* must not be substantially changed.

(6) The assessment relationships between the classes of real property must not be significantly altered as a result of the application of the standards described in this section.

(7) Subsection (6) does not apply with respect to changes in assessment relationships that have resulted from an increase in the total assessment of a class because of assessments made under section 32 or 33 of the *Assessment Act.* O. Reg. 287/91, s. 4.

5. For the purpose of subsection 368b (2) of the Act, the factor to be applied to the market value of property in each class, as set out in Column 1 of Schedule 2, is set out opposite it in Column 2. O. Reg. 287/91, s. 5.

6. This Regulation shall be deemed to have come into force on the 1st day of December, 1990.
